Those who want friends to whom to open their griefs, are cannibals of their own hearts.—Lord Bacon.

The following quotation from the Bible indicates that the ancients were not without knowledge of the existence of oil springs:

“He made him ride on the high places of the earth, that he might eat the increase of the fields; and he made him search honey out of the rock, and oil out of the flinty rock.”

The sacred rights of mankind are not to be rummaged for among old parchments or rusty records; they are written as with a sunbeam in the whole volume of human nature, by the hand of Divinity itself, and can never be erased or obscured by mortal power.—ALEXANDER HAMILTON.

INTERNATIONAL HOTEL,

HAMILTON, C. W. WILLIAM RICHARDSON, Proprietor.

THE subscriber having leased the premises known as the International Hotel, King street East, has had the whole building refitted and furnished at considerable expense, the result of which is that he is now enabled to offer to the travelling public accommodation and conveniences surpassed by no other hotel in the Province. His long experience in the business of hotel keeping will, he trusts, secure to him a share of that patronage which he has enjoyed for so many years.

The locality of the International Hotel—situated in the centre of the business portion of the city—is of itself a flattering recommendation, and in conjunction with other more substantial advantages which the Proprietor has introduced, will earn for this Hotel, the subscriber hopes, the favor and good will of the business community.

The large dining-room of the Hotel—one of the most commodious rooms in the city—will still be open for Dinner Parties, Concerts, and other social entertainments. Its ample rooms, for commercial travellers, are by far the best in the city.

In connection with the Hotel will be kept an extensive LIVERY ESTABLISHMENT, where Horses and Buggies can be had at all times, and at reasonable rate of remuneration.

The International Hotel will be the depot for Stages to Caledonia, Port Dover, Dundas, Guelph and other places.

An Omnibus will run regularly to the Station, connecting with trains east and west.

WM. RICHARDSON, Proprietor.

Hamilton, July 27, 1863.

BROOKES' FUNNEL MEASURE.

The engravings show an ingenious apparatus for Measuring Liquids, lately patented by Mr. THOMAS BROOKES.

Fig. 1, on right, is a gallon measure with three legs, two being portable, the third forming the spout; a piece of glass with figures on either side shows the quantity of liquid contained, while the small handle at the top, by being pressed, opens a valve at the bottom which allows it to pass through.

Fig. 2, on left, is the same kind of apparatus, the valve being opened by pulling the handle. By this contrivance the merchant may possess a Measure and Funnel combined which will save him considerable expense and no end of trouble and annoyance.

The articles may be obtained from Mr. THOMAS BROOKES, 27 King street, Toronto, and from his authorized Agents. Toronto, May 30, 1863.
