

II. MEASURES DESIGNED TO ENHANCE STABILITY

Measure 2: Exchange of Forecasts of Activities Notifiable in Advance

The participating States will exchange annual forecasts of all military activities in the CDE zone which would be notifiable in advance under any other CSBM. Amendments to the forecast need not be given if a notifiable activity is either an addition to or a change from the forecast; such information will be provided in the actual notification for that activity.

Clarification of information contained in the annual forecast may be sought by appropriate means.

Measure 3: Notification of Military Activities

Notification will be given by the participating States 45 days in advance of the following activities in the CDE zone:

- Out-of-garrison land activities.

When one or more ground force divisions or equivalent formations or 6,000 or more ground troops not organized into a division, or forces comprising more than a specified number of main battle tanks, or armoured personnel carriers/mechanized infantry combat vehicles are carrying out a common activity under a single command, whether independent or combined with air and/or amphibious support.

- Mobilization Activities.

When 25,000 or more troops or the major combat elements of three or more divisions are involved.

- Amphibious Activities

When three or more battalions or 3,000 amphibious troops carry out a landing in the CDE zone.

When a notifiable out-of-garrison land activity, mobilization activity or amphibious activity is carried out on short notice as an alert activity, it will be notifiable at the time it begins, that is, when troops are ordered to carry out the activity.

All notifications will be made in a standardized format to be agreed on.
