

Business of the House

we will take up the estimates of public works, citizenship and immigration.

The next day, on Wednesday, we are going to move again to go into supply, always hoping that we will reach that stage. I would call the Departments of National Defence and National Health and Welfare.

I may say that requests were made that we try to get these departments in as soon as possible.

Mr. Deputy Speaker: I wish every hon. member happy Easter holidays.

Motion agreed to and the house adjourned at 5.40 p.m. until 2.30 p.m., Tuesday, April 7.
