

that representations were received from the other maritime provinces.

Our first regional data centre should be in operation by late 1975. In support of what I have said about the effect on the local labour force, I might mention that the Win-

Adjournment Debate

nipeg facility will require approximately 125 full-time and more than 1,000 casual employees during 1975-76. The 1976 payroll will exceed \$3,800,000. It is a very important policy in many ways.

Motion agreed to and the House adjourned at 10.26 p.m.
