

*Dean Thornton*

February 5th 1923.

A.W.Thornton, Esq., D.D.S.,  
New Medical Building,  
Montreal.

Dear Dean Thornton,

In reference to your letter of December 31st, covering the work of the Faculty of Dentistry. While for the present requirements this is quite enough, it occurs to me that you might like to have it in a slightly different form when the results come to be printed with the balance at the end of the report.

I might refer you to report 1921-1922 which is now in your hands. Would you let me have a report somewhat in this shape if convenient to you?

Yours faithfully,

Wilfrid Bovey.
