

December 3rd, 1923.

Dr. Walter C. Murray,
President, University of Saskatchewan,
Saskatoon, Sask.

Dear President Murray:-

We are considering at present what can be done in order to help along the C.O.T.C. and it has been mentioned to me that your University either has given, or is proposing to give, some sort of academic credit for C.O.T.C. work.

It would be of great assistance to us if you would let me know if this is so and could give me any information regarding your views on this matter.

Yours faithfully,

Principal.
