64 ALDERSGATE ST., LONDON.

WE have always on hand a large and well-selected stock of seasoned Bats for the Export Trade, fit for any Climate. We have always given our special attention to this class of Trade, and are in a position to offer unusual advantages to purchasers abroad.

Bats—Our solid all-cane single and treble-cane Bats are used by all the celebrated Players in England, America, and the Colonies. We have also superior Dovetail Match and Practice Bats.

Balls—Our Cricket Balls have had a thirty years' trial; they are second to none, and can always be depended upon for weight and wear. The Rev. John Hawkey writes us from Eton College: "Your balls are the best that have ever been used on our ground."

Stumps—We recommend the All-England Match Stumps with solid brass or best ebony tops. We also manufacture brass-ferruled stumps of best ash.

Batting Gloves—In our long experience as manufacturers, we have always devoted our attention to the improvement of these Gloves, and those now in stock leave nothing to be desired both for ease and protection to the player.
