A BOX OF RECIPES

The old style cook book gives way to the modern Card Index Recipe Box, each recipe on a separate card.

The old way was to prop the book open.

The new way is to take out the card while preparing the dish, so that you can instantly refer to it. The card takes less room on your table than a book and is not so easily soiled.

The box of recipes consists of a handsome box, containing blank cards on which recipes can be written or pasted, and guide cards.

A necessity for every kitchen.
