## A Preventive

Most of the serious ills from which we suffer are the result of trifling ailments or injuries long neglected.

The old adage "A Stitch in Time" is pointedly true when applied to the human body, and *Absorbine, Jr.* suggests the easiest, handiest and most natural way to give Nature this protection which she so constantly needs.

A slight burn, neglected, may soon become an ugly sore. A trifling cut or scratch may easily become infected and lead to serious consequences.

**Absorbine, Jr.**  
THE ANTISEPTIC LINIMENT

applied to cuts and bruises helps nature to heal herself, taking the soreness out of bruises, preventing infection where the protecting skin is cut or broken.

*Absorbine, Jr.* is absolutely harmless—a safe and sure remedy that should be in every medicine chest.
