TWO DROWNED.

RAINY RIVER, Sept. 5 .- Dick Le-

Chambers - Ferland.. Cobalt Lake

Nipissing

Tuesday Evening, Sept. 5.
The extra holiday did not prove at all favorable to the Porcupines, for the market skipped back again into its depressed condition to-day, with lower prices ruling practically therein the World Office, prices ruling practically thrudut the

orders over the week-end, and at the harden, with actual gains shown in a number of instances, but it was not long before an easier trend developed.

and this held almost without interrup-tion thruout the whole day.

A sharp demand for Dome Extension at the opening put the price for that issues up a point and a half to 76, but this was followed by a sharp decline, which carried the shares back to 70%.

The slump in value was held to be due terests who held stock at materially wer prices, and who took advantage learly bulge to liquidate their hold-gs. At the close the best bid in eviwas 70, with shares held a point

higher.

I'the general list took its cue from Dome Extension, and much the same conditions ruled thrucut, tho to a lesser extent. Preston lost a couple of points at 27: Vipond dropped one at 45, and Swastika was a weak spot at 40 3-4, a decline of over two points from last Fridey.

The bigger issues were decidedly quiet, and slightly lower, both Rea and Hollinger getting below last week's following prices.

closing prices.

The Cobalts did not show up to any extent in the dealings, and price changes in these issues were too narrow to be of any moment. Timiskaming was the only exception to this, these shares developing another characteristic weak spell, and selling off to 37 1-2, or a point and a half loss from do. s00 ... 70 G.-Mechan ... 1% Hollinger ... 1025 Imperial ... 10 Jupiter ... 80 Imperial ... 15 Imperial ..

A syndicate headed by E. D. Warren of Toronto and interests closely identified with the Crown Chartered Gold Mining Co. have bought under most favorable terms the five Davidson claims in North Tisdale, and have given an option to purchase these claims to the Crown Chartered Mining -Dom'n. - Stand. -Ask. Bid. Ask. Bid.

The Davidson claims were acquired by the syndicate with the view of turning them over to the Crown Chartered Co., in the event of preliminary development work on the Davidson vein, adjoining the Crown Chartered No. 1 claim, proving satisfactory. Twenty-five men have been working under high pressure for twenty days, and this development has been distinctly encouraging. The officers of the company have no hesitation, therefore, in recommending the acquisition of this property by the Crown Chartered

Details of the transaction will be

laid before a meeting of stockholders at an early date. In the meantime the stockholders of the Crown Chartered Co. may rest assured that work already done by the Crown Chartered management discloses a strong ore body, showing good values for a length of 260 feet. The width of the deposit has not, as yet, been proved by development, but it is known to be over 30 feet wide on the surface. The values are in both the quartz and the schist, and only the development of the ore body at depth can disclose how valuable the deposit is commercially. A new shaft is being again the scene of unusual activity,

equipment on the Crown Chartered
No. I cliam will be used to develop the
property very rapidly, and it is confidently expected that before Jan. 1
the work rall between the control of the Canadian Lake Lines; Wahcondah, of the Inland Lines, Limited, and the work will have reached a depth of the steamer H. M. Pellatt, of the Merat least 200 feet on the dip of the vein.

The work is being carried on under the direction of R. B. Lamb, consulting engineer, and C. F. Dike, superintendent of the company. Should de-velopment in the next 30 days prove The attendance mark at the Brantas encouraging as that during the past two weeks, the whole energy of the management will be centred for the than taxing the full capacity of the next six months, on the development of the Davidson deposit. Sampling is now in progress and a statement regarding Large school extensions are an absolute and the school board is values will be made at as early a date ute necessity, and the school board is
