

The Bell Piano

Autonola

The number of Bell Playerpianos that are being purchased from us is only limited by our ability to meet the demand. This wonderful instrument is a revelation to lovers of piano music, to people who had never thought to be able to play for themselves. With the Bell Playerpiano anybody without the ability to play for himself or herself can produce music of the highest artistic character. This instrument actually permits of piano playing by everyone, and playing in which the control of tempo and expression is complete; not mechanical music, but having all the human qualities that appeal to us in the performance by hand.

The owner of a Bell Playerpiano has at command the best compositions of the centuries—can play at will classical, popular, vocal or dance music in a way that is at once satisfying and musically correct. All that is necessary is to introduce the desired music-roll, place the feet upon the treadles, the fingers upon the controlling levers, and begin playing!

The Bell Playerpiano cannot only be played with the aid of treadles and music-roll, but it can be converted instantly into a regular piano for playing by hand. The music roll box can be closed, and the treadles concealed within the case; the piano is then like an ordinary instrument, and can be played manually like any other piano. Thus, this Bell Playerpiano is virtually two pianos in one.

With each Autonola you get, without extra charge—fifteen rolls of music of your own selection, classical or popular. You can exchange any of these rolls at any time on payment of five cents for each roll, and you have a choice of **Over Two Thousand** selections from the Music Library at 146 Yonge St. It will pay you to examine this wonderful Autonola at the Toronto Exhibition and also at

MRS. DIXON'S RETRACTION.

Senator McCarren's Counsel Will Go on With Mysterious Case.

New York, Aug. 31.—(Special.)—I have received no official notice of any retraction or withdrawal of the suit against Senator McCarren from either Mrs. Dixon or her counsel. Neither have I had any consultation with my client, Senator McCarren. It is up to the other side to take the first necessary official steps in regard to the retraction, if one has been made. We are going right on with the examination of Dr. Dixon just the same. Lawyer Wyvel, Mrs. Dixon's counsel, has asked for an adjournment, but we see no reason for granting one.

Thus spoke Lawyer Whitehouse of Senator McCarren's counsel this afternoon.

Mrs. Dixon, despite her retraction of yesterday, refused to say whether her suit would be dropped.

"Mr. Wyvel will have to carry on the suit unless I get some money. He has spent his own money so far to carry on the case."

She is evidently waiting developments. Wyvel, when he read the story of the retraction, was both astounded and very angry. The status of the case is very mysterious.

WILL IS DISPUTED.

Brother Says Sister Was Incapable of Making Instrument.

Richard Reynolds, 74 Sullivan-street, objects to probate of the will of his sister, Mrs. Margaret Colard, alleging that if she signed the will it was under undue influence, as she was incapable of making a will. The estate totals \$6451.40, and Philip T. Teeter is the executor.

Teeter & Reynolds were executors of Mr. Colard's estate, over which there was also a dispute. Colard died in July, 1905, when he was 72, after his marriage with the testatrix, who was about the same age, made a new will, leaving all his property to her. By the former will a legacy was left to the Toronto Jewish Mission, and its trustees, protested, but lost out.

Mrs. Colard's estate consists of \$4081 cash and \$150 in realty, deceased's share in the estate of her late husband. Mrs. Colard's sister receives a house and lot, and all the furniture. After her brother, Richard Reynolds, is paid \$100, and her nephew, Richard Reynolds, Jr., is paid \$200, Johanna Flack receives the residue.

George Edward Lewis of Toronto, gardener, died leaving no will and his son Thomas applies for letters of administration. The estate is \$15,000, of which \$15,000 is realty.

The late Rev. William Bee of Toronto, retired preacher, died intestate. His estate totals \$5000 and is made up of \$2283 in book debts and an equity of \$1800 in 15 Birch-avenue.

SUES FOR RE-ADMISSION.

Wm. Adams Brings Up Matter of Interest to A.O.U.W. Members.

An action has been entered at Or goods Hall by William Adams that will object to probate of the A.O.U.W. Adams fell behind in his dues. He was re-examined by the doctor for readmission and was fined for non-payment. He claims that as there was no old-age rule when he joined the society it could not operate against him and holds that he is entitled to readmission on payment of back dues and examination according to the rules of the society.

Not Ready to Go On. Magistrate Ellis was ready to go on with the case of Edward Garfunkel, the Long Branch man, who charged a number of residents with attacking his house a fortnight ago, but the complainants and defendants were alike unprepared to take up the matter, and the magistrate accordingly adjourned the case until next Thursday.

WOMAN'S WORLD.

Somewhere. Somewhere, Dear Heart, you wait for me, I know; Somewhere your heart, in unison with mine, Beats but for me, wherever you may go. And throbs its tender message at Love's shrine.

Somewhere—it may be very near, and yet I've never seen your face nor heard your voice, And never by intent or chance we've met, To look upon each other and rejoice.

Somewhere—it may be many miles away— You sit and dream of that most happy thing When you shall meet Affinity and say: "Ah! you have come, my love, and I am thine!"

Somewhere—your soul cries out to mine in joy, And mine, responsive, thrills with subtle pain; Just as the mariner cries "Ship ahoy!" So shall I know you've come thru storm and rain.

So we must bide our time and wait—we two— And fight our way thru sorrow and thru care; Behind the clouds is always Heaven's blue— And I shall find you, dear—some day—somewhere!

Will Go to Winnipeg. Miss Eva L. Jones of Havergal College, Toronto, has been appointed principal of Havergal College, Winnipeg.

Miss Dalton, who has been principal since the opening of the college nearly five years ago, has been obliged to resign thru ill-health, to the great regret of her many friends. The rapid growth of the college and the marked success of its work during the comparatively short period of its existence are largely due to Miss Dalton's personality and untiring efforts. Miss Jones has been member of the staff of Havergal College, Toronto, for the last four years, for the last three of which she has been responsible for the organization and management of the day school. Miss Jones graduated at St. Andrew's, Scotland, with first-class honors in history, English and modern languages. She finished her education abroad, and holds a diploma from the Sorbonne, in Paris, for proficiency in French. Her educational experience has been gained in Germany, London and South Wales, and she has taken a deep interest in the future of Canadian education since coming to this country. As a member of the executive of the University Women's Club, Toronto, Miss Jones has come in touch with many who are similarly interested.

Stripes in Style. It is interesting to know that stripes are to be high style during the coming seasons. They are shown in mannish mixtures, gowns, suits, etc. in many of the new creations, and in a great variety of beautiful silks. Paris is also very much given to stripes in certain Bedford-cord weaves. Then there are chiffons, which are now looked upon as stripes. Here the new fashion note is the stripe, generally in black and white.

Broadcloth, for both tailor suits and the dressmaker's gown, is a fashionable as it was last year. Of course, there is a reason for this. The fact that it is made of sorts of wear has much to do with it, and it dyes so successfully, making it possible to show it in a great variety of colors.

Crunch. A fabric very similar to broadcloth, will also be fashionable this fall, and many of the Parisian dressmakers are looking with approval upon rep, a glossy piece-dyed fabric.

Suitings in broken checks and indistinct stripes, showing a black satin over-stripe, will be among the novelty materials. The ground colorings will be very effective in dark combinations of blue, green, and red, etc.

The velvets were never lovelier in their colorings, and they will be worn extensively in winter in certain shades of blue and the wine or sherry tones. Velvet, with its beautiful, lustrous finish, will also be a much-favored material—Grace Margaret Gould.

Care of the Eyebrows. The eyebrows should not be neglected. The woman who wants nice eyes should have her eyebrows trimmed and apply it nightly to the eyebrows with a small brush. In this manner the eyebrows can be induced to grow, and are inclined to grow shaggy. But by painting them with a brush regularly they can be trained into shape.

Horiculturalists Officers. Guelph, Aug. 21.—At the evening session of the Ontario Horticultural Association J. H. Dunlop, A. Gilchrist, W. J. Lawrence and W. Mustein were appointed to wait on the government and ask to have the horticultural work of the O.C.A. extended; asking that scientific investigation receive more attention.

The new officers are: President, J. Lawrence, Toronto; 1st vice-president, John Walsh, Montreal; 2nd vice-president, E. Dale, Brampton; treasurer, H. Simmers, Toronto; secretary, A. H. Ewing, Woodstock; executive, for one year, E. Pincoff, E. Anandale, W. Taylor, two years; J. Suckling, J. Edgely, J. Campbell; three years, W. Keohoe, A. S. Stephens, F. Dickie, representatives to Toronto Fair; H. Simmers; London, A. Stephens, W. Savage; Ottawa, E. I. Hepstead and R. Wright.

Regained Nerve and Vital Energy. From Walton P.O., Quebec, comes the following from Mr. Naire Begin: "If anyone had told me any remedy could build up my nervous system so well, I would not have believed it. I was in a state of weakness, and in very poor health. I didn't get enough sleep at night, felt poorly in the day time. Ferrozene has filled me with energy and vim, increased my weight and made me a new man of me."

Hundreds tell the same story—weak and dispirited, everything going wrong, unable to catch up. They took Ferrozene, and all was changed to health and serenity. Price 50 cents per box at all dealers.

THE WORLD PATTERNS.

Designed by Mildred Cassels.

Lady's Three-Piece Skirt—1012—A particularly graceful skirt is here shown, having three or four graduating flounces, and can be trimmed with braid, a trimming very much in vogue this season. Almost every woman will want one of these attractive skirts to complete her summer wardrobe, and it can be nicely developed in any of the soft silks or sheer materials. The skirt fits smoothly over the hips, and is finished at the back with an inverted box-pleat, and can be made in medium or round length. The pattern is cut in 5 sizes from 22 to 30 inches waist measure. For medium size 13 1/2 yards of material 27 inches wide or 12 yds 44 inches wide is required. The lower edge of the skirt measures 4 1/2 yards.

Thompson-Mackay. The marriage took place on Wednesday of Miss Margaret Smith Mackay, only daughter of Rev. R. P. Mackay, D.D., general foreign missionary secretary of the Presbyterian Church, to Rev. Knox Thomson of Owen Sound, a Knox graduate of this year. They had not been married a few days for a mission field in Hunan, China.

The Fall Coats. The short pony coats and the box styles will be worn, matching the skirt, while the short cape boleros of plain cloth, used over a frock check or plaid, with which it harmonizes, is considered very smart.

BATTLE FOR MOROCCO. Pretender Has 6000 Troops Ready to Tackle Sultan.

Madrid, Aug. 31.—Despatches from Meilla, Morocco, say that the pretender to the throne is concentrating 6000 troops at Muluya, in preparation for a decisive battle with the sultan's forces, which are said to number 4000 well-armed men.

Paris, Aug. 31.—A despatch to the Temps from Tangier, Morocco, to-day says that the sultan has released his elder brother, who had been imprisoned since the death of their father.

THE NEW 1000-MILE TICKET. On Sale at Pennsylvania Railroad Offices and Affords a Most Accommodating Form of Transportation.

The general Passenger Department of the Pennsylvania Railroad has supplied the ticket offices of the system with full stocks of the Mileage Books, recently adopted, and they will be sold to travelers on and after Sept. 1. These books contain coupons entitling the holder to travel one thousand miles over any of the lines of the Pennsylvania Railroad System east of Pittsburgh, Erie and Buffalo, inclusive, and the Cumberland Valley Railroad, and are sold at a flat rate of \$20. They are valid for use for one year from date of purchase as stamped on the cover.

The introduction of this ticket supplies every demand which could exist in a ticket, unhampered by conditions and unrestricted as to personal use, and gives to the frequent traveler over the Pennsylvania System the benefit of a two-cent-mile rate.

The advantages of the ticket are obvious and manifold. It may be purchased with the same ease as a card ticket or any other ticket not requiring signature or witness. The name of the holder does not appear upon it, and it is good for the transportation of any one who presents it, and as many others accompanying him as the mileage will include. Any member of a firm or an employee, any official or employe of a corporation, any member of a family, or a guest may use the ticket just as if any one of these persons had been the original purchaser. As a matter of fact the holder of the ticket enjoys all of the privileges to the fullest extent of its transportation value. The ticket will

\$10 Worth of Hair—\$1,000 Worth of Humiliation

When a man loses his hair and seeks to replace it, he simply cannot afford to take any chance with an inferior or poorly made Toupee or Wig. As he can buy a suit of clothes for \$5.00, so he can get a Toupee for \$10.00, but the wise man turns away. There is too much involved to take the risk.

THE PEMBER STORE is famous as the centre of reliable and high-grade hair goods. A man who wears a Toupee wants the very best. He demands it and he gets it if he comes here. Every Toupee or Wig we make is the embodiment of years of experience, and is as light, well ventilated, natural and perfect fitting as expensive brains, labor and hair can make it.

That we can positively make a Toupee or Wig that can not be detected from the natural hair, we are demonstrating daily.

EXHIBITION TIME Offers you a special chance to see and test the truth of every printed statement we make. Private Parties for Inspecting and Demonstrating.
