HENDERSON ASSIGNEE 32 FRONT-ST. WEST

McIntyre & Wardwell (John J. Dixon) send the following despatch to their branch office in Toronto: This has been a hard day for the local crowd, as market has been extremely nervous and sensitive, with rapid fluctuations. The opening was rather weak on the lower cables, but there was a slight rally and the crowd thought another big advance was in order, but longs began to realize freely and this continued during the day on all the hard spots, and the tendency of the market was to go lower. The rally from lowest point of 14c was on the report of week's exports of 4½ million bushels, but more long wheat came out, and the close was about the opening price. Receipts in the Northwest 1136, against 722 last week and 1249 last year. There seem to be two sides to the market now, and should it decline we think it a favorable opportunity to buy, as the crowd will soon get short and bulls will be anxious to buy again on any reaction. Five loads worked for export at the seaboard and 115,000 bushels here.

Provisions—Market opened a shade easier on lower wheat market. Packers were free sellers of Jan. lard and ribs. Reports from the yards quoted hogs lower. Later, when wheat advanced, provisions rallied. New York bought Jan. lard freely at \$4.25. Market closes strong with part of the decline recovered. McIntyre & Wardwell (John J. Dixon)

Toronto, Ont.:

Dear Sir,—I have been badly ruptured for
the past nine years, and during that time
have been fitted with many different kinds
of trusses, manufactured not only in Caaada but in the United States, without obtaining relief. On April 19, 1896, I purchased from you a Wilkinson Truss, being
divised by a physician to do so, and I feel
confident that I am now perfectly cured. It
can assure you that I feel thankful for the
results, and if you wish you can refer to
me for reference.

Yours faithfully,
W. J. C. ALLEN.
