

HALL TO GOES

TORONTO GROCERS' VISIT.

Six Hundred People Went Up to the Ambitious City and Held a Successful Picnic.

ANOTHER HAMILTON MAN LOST

Victor McFarlane Drowned on Route to the Klondike—An Investigation Asked.

Hamilton, July 26.—(Special.)—The annual picnic of the Toronto Retail Grocers' Association was held at the Mountain View Park here today. The members of the association and friends to the number of 600 came to the city on the steamer Canada City and were welcomed by members of the Hamilton Grocers' Association, among them being President Adam Ballantyne and Secretary W. R. Harvey. At the park a formal welcome to the city was extended by Charles Peckles and Ald. Findlay. The picnic was most enjoyable, Neil McLean, the proprietor, looking after the pleasure of the visitors personally.

A program of games was carried out. The tug of war between Toronto and Hamilton grocers was won by Toronto in two straight pulls.

The Toronto team were: W. J. Sykes, P. W. Johnson, A. A. Johnson, D. W. Clark, W. E. Williamson, T. Holmes, F. Thorne, J. W. Henderson, E. Hunter, V. Boyd.

A baseball match between the Toronto Retail Grocers and Toronto Travelers was won by the grocers by a score of 20 to 16. King's orchestra played in the course of the afternoon.

On the Board of Management were D. J. Kelly (chairman), P. W. Johnson, D. Bell and Ed Hayes.

Mr. Kelly was praised on all sides for the able manner in which he discharged his duties.

A Row Occurred Later.

Early in the evening a disgraceful row was started, the ringleader being a Hamilton man named J. Garson, who will be summoned, the police say. There were several free fights, and Constables English and Nichol were getting the worst of it when Officer Zeits came to their rescue.

Had a Revolver.

John Campbell, Ancaster, was arrested tonight for carrying a revolver. It is alleged Campbell carried several shots on Vincent and created a disturbance.

Testimonial to Father O'Reilly.

A meeting of the congregation of St. Patrick's Church was held this evening, and a committee was appointed to prepare a testimonial to Father O'Reilly and Canon, who are to leave the parish. The officers of the committee are: O. Smith, chairman; and J. O'Reilly, secretary.

Waterworks Matters.

The Fire and Water Committee met this evening and disposed of a number of small matters. It was resolved on the recommendation of a sub-committee, that had

been appointed to investigate the water supply, that the committee should be authorized to make a report on the subject.

It is said that during the hours of midnight the doors and windows are, at intervals, heard to make a fearful noise and the stove lids are constantly bobbing up and down as if dancing a jig. Other things equally curious are happening from night to night, the causes of which are as yet unaccounted for, except by the superstitious, who attach the blame to ghosts.

One of the most superstitious of the neighbors claims that he has seen a strange figure in the neighborhood, clothed in the regulation color-white. No doubt, in time, the mystery will be cleared up.

Cucumbers and peaches are "fortified" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, grippe, etc. These persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellogg's Dysentery Cordial, a medicine that will give immediate relief and is a sure cure for the worst cases.

Big Crowd From Hamilton.

The Grand Trunk ran a special train to the city yesterday from Hamilton for the accommodation of those who wanted to see the military tattoo. That quality in perfect form—thats it. That quality in perfect form—thats it. That quality in perfect form—thats it.

When it comes to Artificial Plates—(it should never come to them if care of the natural teeth would prevent—but that's another story)—when it comes to Artificial Plates—there's just one essential quality to demand. To Demand—that is. That quality is perfect fit—the essential of comfort and efficiency. Our plates—whether the material is from rubber up to gold—whether the price is from little up to big. That's the assurance that only experience gives.

Artificial Plates, 5.00 up. Painless Extraction free when plates are ordered.

A Magic Pill—Dyspepsia is a foe with which many are constantly struggling, but cannot exterminate. Subdued, and to all appearances vanquished, in one, it makes its appearance in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument, in which even a breath of cold will make a vacation. With such persons disorders of the stomach cause much suffering. To these persons the Vegetable Pills are recommended as mild and sure.
