## TEACHERS APPOINTED TO COLLEGIATE STAFF

### Trouble Over Title For Smallpox Hospital Site—Grant to Veterans.

HAMILTON, Sept. 10.—(Special).—At a meeting of the board of education to-night S. C. Webster, S. C. Thomas, was appointed to the collegiate institute staff at a salary of \$1000 a year, and Miss Mabel Edwards, Richmond Hill, was similarly appointed at a salary of \$800 a year. C. S. Winchester, Ottawa, was appointed manual training teacher at the West-wood-street school at a salary of \$600 a year.

The appointments made by the government of manual training and domestic science teachers for the part time arrangement between the new normal and the public schools were continued.

The question of increasing the insurance of the Pictou and hospital-subject schools was referred back so that the finance committee can report on the insurance on all the city schools.

The board's solicitor will appear before the Ontario railway and municipal board in order to get the title for the Mountain-avenue and Barton-street schools, which have never been secured since the schools were taken over from the county by the city.

Vincent S. Bryan, 143 North Victoria-avenue, letter carrier, died to-night, aged 33 years. He has been sick only two days.

**Finance Committee Meeting.**

There may be a legal tangle over the sale by Mrs. Bowerman of ground on Paradise-road, used by the city for a smallpox hospital. The city has been unable to get a clear title of the land owing to a boundary dispute and the finance committee tonight decided that unless the matter was straightened out immediately legal proceedings would be taken.

The request of the city council that three more men be appointed so that they can get one day off in six instead of eight days was again laid over.

A sub-committee was appointed to deal with the request of the Bell Telephone Co. for a renewal of franchise for five years. It is proposed to pay \$25000 a year and give the city 150 telephones for civic use at the rate of \$275 an instrument, but it was a clause inserted providing for the cancellation of the agreement by either party, within 30 days.

The reason for this request was that in view of the fact that the Dominion government was considering the raising question, and in the event of its deciding to reduce the rate the company could not pay that amount.

A grant of \$100 was made to the Army and Navy veterans towards erecting a monument at Stony Creek battlefield in memory of the British soldiers who were not shot in the trades and labor council was given \$80.

The council will be asked to pass a by-law providing eight new polling sub-divisions for the coming Dominion elections.

The annual asylum sports were held to-day under very favorable conditions.

**New Station Plans.**

Rumor has it that the Grand Trunk may take advantage of the opportunity to get a site for a new station by securing the city jail property, which the city officials are talking of vacating. The property is situated at the corner of Barton and Ferguson-avenue and while not quite as central as it is thought the company would like it, it is possible that it might take it because of its convenience to the present main line. Mayor Stewart says he heard the rumor in Toronto yesterday.

Magistrate Jelfs to-day fined George Powell \$20 and costs and bound him over to keep the peace for assaulting Emily Sterling in a barroom row the other night. Frank Solisberg was fined \$10 and was ordered to find \$1000 sureties on the same charge. His worship said he would have sent the men to jail only it was crowded. Harry Golden, proprietor of the Turbina Hotel, and Murray-street, pleaded guilty to selling liquor after hours last Saturday night and was fined \$50. Charles Cleat, who gave himself up as a deserter from the Royal Horse Artillery, was remanded by the Independent Labor party will not countenance the candidature of W. MacKenzie King for the Dominion.

**FOLLOWED HER MOTHER'S EXAMPLE.**

AND KEPT DR. FOWLER'S EXTRACT OF WILD STRAWBERRY IN THE HOUSE.

Mrs. W. J. Wilson, Tessier, Sask., tells of her experience in the following words: "I wish to tell you of the good I have found in Dr. Fowler's Extract of Wild Strawberry. Last summer my little girl, aged two years, was taken ill with Summer Complaint, and as my mother always kept Dr. Fowler's in the house, when I was a child, I seemed to follow her example, as I always have also. I at once gave it to my baby as directed and she was at once relieved, and after a couple of doses were taken was completely cured."

**DR. FOWLER'S EXTRACT OF WILD STRAWBERRY** imports a healthy tone to all forms of cancer, corrects and heals all tendency to pain and inflammation, while it gives tone to the debilitated system when weakened by exhaustive discharges and fluxes of various kinds, thus making it the best and safest remedy for Diarrhoea, Dysentery, Colic, Cramps, Pain in the Stomach, Sea Sickness, Cholera Infantum, Cholera Morbus and all Summer Complaints.

Price 35 cents. Manufactured by The E. M. Wilson Co., Toronto, Ont.

## HAMILTON HOTELS

### HOTEL ROYAL

house either as the Liberal-Labor candidate or as the Labor candidate himself.

Mrs. Sarah Bass of Barrie is seeking the aid of the local police in locating her husband, who left her three years ago, and who she believes is living with another woman in this city.

The Township of Barton has begun to act in concert with the city with regard to the laying of the walks on the east side of Sherman-avenue, the dividing line between the city and the township.

The railway and municipal board decided that the township should build the walks under the supervision of the city engineer, but the township has started the work without even consulting that official.

Now the city is trying to have the work stopped until the engineer looks over the specifications, by issuing the threat that the city will not be liable for its share of the cost until it is given a hand in the matter.

The T. H. railway officials have had a warrant issued for the arrest of J. Hyde, a clerk in the construction department, charging him with the embezzlement of \$600 by manipulating the pay sheets. Hyde was well known in athletic circles and had hitherto had the confidence of his employers. He is said to have gone to Chicago.

It is said that James Dixon was the choice of the Liberal executive at a meeting last night, for the candidate in East Hamilton for the Dominion elections. John M. Eastwood's name was also mentioned as was that of W. MacKenzie King. It is understood that Mr. Dixon will accept the nomination and that a meeting of the party will be called within a week or so.

At Bennett's.

If hearty applause is a criterion, the crowd which filled Bennett's Theatre last evening fully enjoyed the play. There is much to entertain in this week's bill, and it might appropriately be termed an almost continual laugh.

Peter Donald and Meta Capron are funny in Alex. McLean's Dream. As might be supposed, Alexander is a Scotchman, returning in a more or less heavy condition from a bash. What happens to him and what he says were things which made the audience laugh heartily and most of the time.

There is possibly more legitimate comedy in this turn than in any skit seen here in a long time.

Gavin, Platt and Peaches are the very opposite, from a bash, and they are funny because so ridiculous.

The Willy Pantzer troupe is an astonishing acrobatic team. Feats of strength in themselves are usually interesting, but when humor is interspersed the effect is more catching. The reason for this request was that in view of the fact that the Dominion government was considering the raising question, and in the event of its deciding to reduce the rate the company could not pay that amount.

The annual asylum sports were held to-day under very favorable conditions.

**SHOT NEGRESS WHO LOVED HIM**

Prominent Carolina Physician Alleged He Feared Life in Danger.

UNION, S. C., Sept. 10.—The case of Dr. Linder, a prominent young physician of this city charged with killing Lucy Lipsey, a negress, was given to the jury at noon to-day.

Dr. Linder in his testimony told of various threatening letters he had received from the woman, and that he did not shoot until he saw her reach for a hand satchel in which he supposed she held a pistol.

The woman's dying statement was put in evidence by the state, in which she declared that she had not threatened him, but loved him unto death, would forgive him everything and did not want him hurt.

UNION, S. C., Sept. 10.—The jury, after being out nearly five hours, returned a verdict of guilty.

**AMERICAN CLUB IN LONDON.**

U. S. Residents in Windy City Have Organized.

LONDON, Sept. 10.—The first American Club to be organized in the Dominion of Canada was formed here this morning, when sixty American residents of London met and elected the following officers:

President, Thos. J. Hutchinson; Treasurer, R. D. Cody; Secretary, Barker Winter.

The object of the club is to afford a place for the large number of Americans in this city to get acquainted and to promote the best feeling between the two countries.

A number of ladies are members and the club has secured handsome rooms in Carling-street.

**KOSHER MEAT AGAIN**

## DISTURBING THE "WARD"

Butcher Caplan is Having a Merry Time Bucking His Higher-Priced Business Rivals.

"Kosher" meat has been a bone of contention among the Jews in the co-operative butcher shop organized by the Hebrews.

This shop was formed last winter to check a high-priced wave which swept over the 24 butchers of the city. It fell to pieces from lack of support four weeks ago.

Taking advantage of this 24 meat sellers banded themselves together to form a union, each depositing \$25 and a note for \$100 as a forfeit, to support their cause.

All went well until it was discovered that the 24 butchers of the city were selling at ten cents per pound to a few customers.

A week ago Friday last he was hailed before the union and explained that this was only in the cases of a few poor customers. Nevertheless, he was expelled from the union and his deposit forfeited.

Caplan was not pleased, but was still more angry when refused meat by a Jewish wholesaler. He determined to take his own business to the streets, and to the schooled, the accredited killers of meat for the Jews. These, too, eight in number, had formed a union last winter, but Caplan persuaded two of them to join him and kill two cattle for him. This morning last he was at a loss when he found that the meat had mysteriously disappeared.

He secured the services of two other schoolboys not in the union and these killed for him.

Fearing violence since excited crowds had surrounded his shop Saturday night, he fled to his home, a seller of non-kosher meat, he sought protection from the police, and was advised to use stealth. He left his place going south, a policeman being stationed at the corner. Then his wagon was driven north. Later they met and went to the junction, where the meat was secured and brought to the city.

Still the cry of "Not Kosher" was kept up, and to clear his name and save his business, Caplan secured the services of Rabbi Levi, who issued the following circular:

"Welcome News."

The Store of Caplan & Sons is now under my inspection. I hereby certify that all meat sold in this store is kosher, according to our law, and will be as long as my inspection continues.

Then the other side denounced Rabbi Levi, saying he is no rabbi, and that even Caplan's schoolboys are not kosher eligibles.

Thus the matter stands, save that Caplan is selling meat for seven cents per pound, and the police are busy every night keeping the crowds away from the door and peace in the ward.
