

EGYPT POLICE GO TO MEXICO FOR SLAYER

Alleged Murderer Tracked From Cairo Through France and Cuba

LONDON, Aug. 27.—An interesting story surrounds the arrival of Yascha Sindilow, 26, a Russian traveler, on the German liner Rio Bravo at Plymouth recently from Mexico.

Sindilow was handcuffed and in charge of two detectives of the Egyptian police, who have been to Mexico to bring him home to face a charge of murder.

Yascha Sindilow was in no mood to express his opinion of the long arm of the law. What he thought of the trip to Plymouth he kept to himself.

He maintained a grim silence, but kept his hands closely folded to conceal the handcuffs.

Paul Colan and R. T. Croft, of the Egyptian Government Police, who took charge of Yascha Sindilow in Mexico City, have kept close guard over him all the way from Vera Cruz.

His description was circulated, and in due course it was found that he had reached France.

Further investigations reveal the fact that he had left Cherbourg for Cuba.

The police got on this trail, but Sindilow was still on the move, as all inquiries at Havana failed to establish his whereabouts.

In due course came another clue, and in the end he was arrested by the Mexican police, who detained him until arrival of detectives from Cairo.

Colonel Blood Daggers in Tower of London

LONDON, Aug. 27.—Two daggers, said to have been used by Colonel Blood and Parrot when they made an attempt to steal the crown jewels on May 9, 1871, have been deposited on loan in the Armouries of the Tower of London by the Royal Literary Fund.

In one of the accounts of the attempt it was stated that Blood wounded Edwards, the keeper of the jewels, with his dagger.

The weapons were bequeathed in 1877 to the Royal Literary Fund by Thomas Newton, a relative of Sir Isaac Newton. They are of the type known as the "French daggers," which were in favor from the end of the 16th to the beginning of the 17th century.

Extending from Nanome to Nikko, two Japanese towns fifty miles apart, there is a wonderful avenue of trees. They are perfectly straight, 180 to 200 feet high and 12 to 15 feet in circumference.

THEY'LL TRY A BACK-YARD FLIGHT

These two U. S. marine corps aviators are about to hop off on a regular "back yard flight" from the naval air station at Pensacola, Fla., to San Diego, Calif. They will start with only two gallons of gas in their tank, and when it is gone will land in the handiest meadow or back yard, spending out the nearest neighbor to replenish their supply. What's more, they will follow this system throughout their journey. They are Maj. Ross Powell (left) and Lieut. William J. Wallace.

REBEC MAN IS FOUND WOUNDED IN ST. STEPHEN

Was Shot Through Side by Gun Purchased After Arrival

ST. STEPHEN, Aug. 26.—Residents in Queen street near Douglass' lumber mill were startled this morning about 9 o'clock by a gunshot. One or two of the neighbors went to investigate and they saw a man coming toward them. When the man got to him they found that he had been shot through the left side near the heart. He is now in the hospital in a critical condition. It was later learned that his name is Jasper Hillman, of Debs, N. B.

According to report from Debs, the unfortunate man told his brother, Grady Hillman, that he would like to visit his sister in Fredericton and, believing the trip would do him good, as he had been in poor health for some time, he was given money. Instead, however, of going to the capital, he went to St. Stephen, where, according to the Debs report, he tried to end his own life.

SHOTGUN USED

A shotgun had been used and the shot had passed through him, coming out at the back. When asked what had happened and what his name was, he refused to answer, but spoke about having a brother at Debs. He was taken to the hospital and his condition is said to be critical.

Reports say that the man bought the gun here in town and was seen going out King street about 8:30 o'clock this morning, walking in the middle of the road and carrying a gun wrapped up in paper.

Several times during the afternoon mounted and foot police charged the crowds with drawn batons, scattering the riotous members across the fields for a distance of two miles.

There was a regular battle with stones and missiles of various kinds and several mounted men were struck. Many others were injured, but not seriously. Hundreds of windows of the colliery premises were smashed.

The riots were the outcome of the miners' demand for the withdrawal of the safety men, whom they accused of taking coal surreptitiously from the pits.

CORONACH LEADING CONTENDER FOR THE ST. LEGER RACES

Best of English 3-Year-Olds to Compete on September 8

LONDON, Eng., Aug. 25.—On the historic Town Moor course on Wednesday, Sept. 8, the cream of the three-year-olds of the English turf will race in the St. Leger, fifth and last of the season's great classics. Leading contenders, Coronach, Swift and Sura, Comedy King and Lance Gave, have been intensively preparing for several weeks past, and will be trained to the minute when they face the starter in the old but ever thrilling struggle for thoroughbred supremacy.

The distance, making the senior classic the hardest race of the five, is a mile, six furlongs and 122 yards. The monetary value of the great race was established in 1776—four years before the Derby. Two hundred and ninety-nine were nominated, but conspicuously absent from the entry is the beautifully built Colorado, Lord Derby's Phalaris colt, who won the first classic, the Two Thousand Guineas, and finished third in the Epsom Derby.

In the opinion of the average turfite there can be no doubt concerning the winner of the Doncaster classic, Coronach, Lord Woolington's giant chestnut, son of Hurry On, out of Wet Kiss, is the dominant three-year-old of the season.

If Coronach goes to the post for the St. Leger in good condition it will take a wonder horse to defeat him—and such a horse does not appear to be forthcoming. The other first-class three-year-olds have practically all been run out by the time of the St. Leger. They are Sir Abe Bailey's Lark, Lord Astor's Swift and Sura, who was running well in the Derby, and the Derby and Fred Curzon's three-year-olds have practically all been run out by the time of the St. Leger.

The St. Leger is a very important race, and it is a pity that the three-year-olds have been run out by the time of the St. Leger.
