TO ASK OTTAWA WHAT'S COMING FOR SAINT JOHN

City Council Decides to Query About Development at This Port

CONFER ALSO WITH HON. W. E. FOSTER

Commissioners Give Views on Subject—Tripartite Agreement.

The City Council this morning, sitting in committee of the whole, decided to write to the Minister of Public Works and the Minister of Marine and Fisheries asking if the appropriations for this year development here, either in Courtenay Bay or in connection with the carrying out of the tripartite agreement for extension of the terminal facilities in West Saint John, and also to have a conference with Hon. W. E. Foster on the matter.

The subject was brought up by Acting Mayor Frink, who said he had seen in the press despatches that two additional grain berths were to be built at Halifax to accommodate tramp steamships and he expressed the opinion that it was time Saint John had some knowledge of what was going to be done here in the way of additions to the terminal facilities. He thought if anything would hearten the people of Saint John it would be to have the Minister of Public Works or the Minister of Marine and Fisheries announce that, having spent \$8,000,000 under the tripartite agreement the Federal Government would now expend an additional \$4,000,000 in extending the facilities which were to be built under this agreement.

The great trouble, as he saw it, was that nobody was asking for anything under this agreement and the Government would not do anything unless pressure was brought to bear from the city.

MR. BULLOCK'S VIEWS.
 Commissioner Bullock said the city had backed up the request of the C. N. B. for the building of the first unit in Courtenay Bay, and they had also asked that work be done under the tripartite agreement. The grain conveyors to No. 16 berth had been built as part of the work to be done under it, and there had been additions made to the cattle sheds. He did not think the members of the council should have to go every year to Ottawa to ask for needed facilities. He was inclined to think that the information about berths for Halifax was a case of "the wish being father to the thought."

SUGGESTS CONFERENCE.
 Commissioner Wigmore said the city had backed up the C. N. B. and they had also asked for the extension of the Negroon breakwater. He thought the Council should have a conference with Hon. W. E. Foster and discuss these matters with him.

Commissioner Harding thought the city should find out what was going to be done about the unit in Courtenay Bay and a new station for here.

Commissioner Bullock moved that a communication be sent to Hon. W. E. Foster asking what information he could give the council on the subject and if he knew whether there was anything in the estimates this year for work at Saint John, either at Courtenay Bay or for work under the tripartite agreement.

On the suggestion of Acting Mayor Frink the motion was changed to read that letters be sent to the ministers of public works and marine and fisheries asking for this information. He said all realized that the harbor was the main asset of the city and that it was no better equipped than it was 10 years ago.

Commissioner Bullock said it would remain as it was unless harbor commission had been adopted.

The motion carried and on the suggestion of Commissioner Wigmore the acting Mayor will arrange for a conference with Hon. Mr. Foster.

NEPHEWS LIVE HERE

Saint John friends have received word of the sudden death of Charles Keith-Libby, of his home in Milwaukee Wis., on Nov. 30. Mr. Libby, who was 70 years of age, formerly lived in New Brunswick, but for the last 40 years had been residing in the city.

He was the last of a family of seven, and was survived by his wife, two sons, Carl and George, and one daughter, Fred L. and J. Allen Shields, of this city, are nephews.

HONORED ON BIRTHDAY.

Friends of Mrs. George T. Corbett called at her home, Millidge avenue, on Saturday evening and tendered a surprise party in honor of her birthday. The evening was pleasantly spent in games and music. Many dainty reminders of the day were received by Mrs. Corbett from her friends. A gift suitably engraved, Mrs. John Thompson and Mrs. J. T. Lyons assisted in the serving of refreshments.

N. Y. CONGRATULATIONS

In a letter received today H. L. Watkins, executive superintendent of the Keith-Albee theatrical interests and who has been in charge of the Saint John house here for nearly 20 years, desired to extend his congratulations to Charles Gorman upon his winning the world's championship. Mr. Watkins enclosed clippings from the "World" newspaper to show how New York heralded the victory. When Charles skated in Madison Square Garden the Keith official picked him for a winner despite his defeat on the small indoor course.

DRIVE AND ENTERTAINMENT.

Mr. and Mrs. Harold Bealey, South Bay, entertained about 20 of their friends from the city on Saturday evening. The party left the city in a large sleigh and after a pleasant drive enjoyed cards and dancing at the home of the host and hostess. Mrs. Bealey was assisted in serving by the Misses Johnston, Mortimer and Hyler. Among the guests were Mr. and Mrs. H. A. Ryan, Mr. and Mrs. Robert Woods, Mr. and Mrs. W. M. Pearson, Miss Hyler, Miss Manning, Miss Andrews, Miss Sutton, Miss Johnston, Mr. Wilkes, G. Lyons, C. Potter and Mr. Johnston.

DROVE OVER TRESTLE

A man in a light sleigh drove onto the N. B. Power Co. trestle on the East Saint John shore early last evening and horse and outfit tumbled into the ditch about 15 feet below. It was a case of near fatality with the road—the driver had not been out there before. Fortunately no serious damage was done. There was a bank of snow into which the outfit landed. Neighbors helped extricate the rig and animal. Several times this trestle, located on the shore side of the roadway, has been mistaken by strangers for the general trackway. An automobile got in a mixup on it once.

DIED ON SATURDAY.

The body of Mrs. Amanda Rogers, wife of John Rogers, 92 St. Patrick street, was taken to Sussex on this afternoon's early train, the bereaved family accompanying Mrs. Rogers Saturday after a two weeks' illness of pneumonia. She was a daughter of Mrs. Ann Church of Newton, Kings county, and was 44 years of age. She leaves two sons and a daughter, besides her husband. At 10 o'clock this morning services were held in Fitzpatrick's undertaking parlors, Waterloo street, at which the Rev. H. H. of the Brindley street Salvation Army Corps, officiated.

HELD FOR WITNESSES

George Brown, 48 Erin street, who was before Magistrate Henderson this morning for assaulting his wife, was remanded until this afternoon until further witnesses were notified to testify. Mrs. Cameron, who called for the police, will be the chief additional witness. In the testimony adduced this forenoon it was said Brown struck his wife in the face and that the mark she bore was not accidentally inflicted as he claimed. During the progress of the Brown case a local clergyman happened in the court-room to attend to the officials' errand with one of the domestic drama he said he had married them some years ago but little thought his next sight of them would be under such circumstances.

TO START IN SPRING.

W. E. Anderson, realtor, states that it will probably be the early spring before the Metropolitan Stores Corporation begin installing their equipment and stock in the Macaulay Bros. building, King street, recently purchased from the Imperial Insurance Co.

Local News

IN PORT TOMORROW.

The C. P. S. liner Metagama will arrive at dock early tomorrow morning from Liverpool. The passengers will be landed about 8 o'clock.

IS VERY ILL.

John Owens suffered a stroke of paralysis some ten days ago at the home of his daughter, Mrs. J. H. Barry of Fredericton, wife of Chief Justice Barry. On account of his advanced age, his recovery is not looked for.

DIED HERE.

The death of Miss Mary Teresa Dunn occurred in the city last evening after a lengthy illness. The funeral took place today from the undertaking parlors of F. Morris to the C. N. R. depot where the body was taken to Sussex for interment.

GEAR DAMAGED.

The C. C. S. Laurentian met with a mishap yesterday, when the damaged her lifting gear while engaged in buoy work near L'Etete. The vessel had just placed a new gear and was lifting the buoy in position and was lifting the old buoy to the deck when the accident occurred. Repairs are being made.

AT THREE SERVICES.

Rev. William Lawson conducted the service at the East Saint John Hospital yesterday and also supplied at Zion Methodist for the morning service. In the evening, he preached in St. Philip's A. M. E. church in the absence of the pastor, Rev. C. M. Morgan, who was hurt in a railway accident recently.

ARE ON DUTY.

The four new liquor inspectors, William Cass, who is taking Alex. Crawford's place as head of the local squad; Harry Pike, J. McGrath and John Hughes, all took up their duties this morning. They were sworn in on Saturday before Sitting Magistrate W. Grant Smith. W. L. McFarlane, chief inspector, is expected in the city early this week to confer with the new officers.

HELPED IN WORK.

In addition to the money subscriptions, oranges, toys, candy and other suitable gifts were received from business houses and others.

In the work of filling the stockings and in distributing them the committee, as announced at the time, had the loyal co-operation of the Boy Scouts, Y.M.C.A., Y.W.C.A., automobile owners and a corps of ladies and gentlemen and girls and boys, in addition to members of the Times-Star staff.

There was a great deal of work involved, but it was all done in cheerful spirit and the sacrifices of time and labor were felt to be well worth while in the joy that was brought to many homes. That much happiness was occasioned the little ones and the Christmas problems of many parents solved through the operation of this fund is attested in grateful words conveyed to the Times-Star from households partaking and in letters received from clergymen who had the pleasant task of distributing the greater number of the stockings.

FORMER SAINT JOHN MAN ON AIR TONIGHT

Dr. Joseph H. Marcus to Speak By Radio on Care of Children

If the radio reception is at all good tonight, an old Saint John boy should be heard talking from WPG, the municipal station at Atlantic City. At 9.30 o'clock, Saint John time, Dr. Joseph H. Marcus' voice will go on the air with an address on the care of children.

Dr. Marcus, whose brothers here carry on the furniture firm of that name, left Saint John 15 years ago to take up the study of medicine at Jefferson College. Since then he has established quite a name for himself on children's cases, specializing on that branch of medicine. He has a palatial residence on the famous Board Walk, is physician of several hospitals, contributes freely to medical journals and is a frequent lecturer on his specialty. This is the Dr. Marcus who two years ago, created a mild sensation at a medical convention on his dictum to "outstretch the child." This address was wired all over the continent by the Associated and Canadian Press and aroused comment editorially in European newspapers. Dr. Marcus is an official on various national, state and local health bodies, and is frequently called to New England cities for consultations. From time to time he pays a return visit to his brother's home in Kingshurst.

A divisional welcome to Commandant and Mrs. Urskake, will be given this evening at the Brindley street Salvation Army Citadel, and will be conducted by Major and Mrs. Burton and other field officers.

STOCKING FUND PROVIDED FOR 3,500 CHILDREN

Statement, Audited by Chartered Accountant P. F. Blanchet, Issued

ESTIMATED 3,000 WERE CONTRIBUTORS

Words of Commendation Reach Times-Star for Joy Dispensed

The Times-Star Empty Stocking Fund accounts have all been compiled, bills paid and an audit has been made by P. F. Blanchet, chartered accountant. A summary of the accounts, certified correct by Mr. Blanchet shows the following:

RECEIPTS.

Cash on hand Jan. 1, 1925.	\$210.81
Bank interest	4.75
Receipts Christmas appeal, 1925	8,054.55
Total	\$8,270.11

DISBURSEMENTS.

Stockings and mitts	\$1,997.77
Candy	374.98
Raisins and chocolate bars	148.98
Oranges	119.25
Apples	81.50
Nuts	270.00
Bags for stockings	44.12
Cartage Christmas Eve	15.00
Biscuits	185.00
Total	\$3,204.10
Balance on hand	\$66.01

DETAILS OF DISTRIBUTION.

With the money so generously given to make a happy Christmas for poor little ones who otherwise would have had little of the joy of that time, the committee in charge of the work purchased and distributed 3,500 pairs of stockings and a corresponding number of pairs of mitts. There was put in the stockings candy to the quantity of 2,875 pounds and 1,200 pounds of nuts. A generous bag of candy went into each stocking, also a good helping of nuts, a package of raisins, an orange and an apple and a nicely gotten-up package of fancy biscuits.

MANY CONTRIBUTED.

As will be remembered when the contributions were coming in and were being acknowledged each day the list of those giving to the fund was much longer than in the previous years, showing what an appeal there was to the kindly heart in connection with this effort for the pleasure of the little ones of the poor. There were received gifts of money from 299 individuals and from 62 groups. This latter plan, it will be seen, was a popular way of assisting in the work. Collections were taken up in business houses, factories, bowling games and elsewhere, and in this way many were able to give something to make up a large group offering. The City Council Bank also was a greatly helping factor. In some of the groups there were fully 100 contributing and so an estimate that well up to 8,000 helped in this way is not far astray. It shows how generous was the response to the Times-Star appeal.

GIFTED AUTHOR ONCE LIVED HERE

George V. Hobart, Dead in Maryland, Formerly of Local Western Union Staff

News of the death of George Vere Hobart, author, yesterday, at Cumberland, Md., was of interest to many in this city. For two years he was a member of the local staff of the Western Union Telegraph Co., and is remembered by friends he made during that time. His family name was Philpott, but he adopted Hobart when he started writing.

G. M. Robertson, manager of the local office, said this morning that Mr. Hobart was here in the 80's. From here he went to the Sydney cable station, and from there to New York. Soon after reaching New York he was placed on the Associated Press wire and from that went into reporting and later to writing humorous stories, plays and librettos.

Among his best known plays are "Experience" and "Buddies," both which have been played by the Carroll Players here.

Mr. Hobart was 69 years of age. Death is said to have been due to a general breakdown. He was born in Cape Breton.
