UNITED CHURCH OF FAIRVILLE MOURNS PASTOR

Rev. John J. Pinkerton Succumbs Today To Pneumonia

CLERGYMAN HAD BEEN ILL BUT WEEK

Tributes Paid By Ministers—Funeral Service On Tuesday Afternoon

Fairville United Church today mourns the loss of its beloved minister, the Rev. John J. Pinkerton, who died early this morning after a week's illness of pneumonia. Mr. Pinkerton was born in Benton, N. B., and in early life moved with his family to Milltown. There he was accepted as a candidate for the Methodist ministry in 1900, and sent to Welsford, under the superintendency of Rev. Henry Penna. In 1901 he went to Chatham as assistant to the late Rev. William C. Matthews. He then went to Mt. Allison University and after completing his course in theology was ordained in Fredericton in 1904, when the late Rev. J. C. Berrie was president. He was then stationed at Welsford a second time, followed by pastorates at Wesley Memorial (Moncton), Silver Falls, Chatham, Marysville, and Fairville.

BELOVED CLERGYMAN

Early in his ministry he won an affectionate place in the hearts of his brethren by his largeness of heart and unfailing sympathy. He filled positions of honor and trust in the conference. His legislative and executive qualities were honored by his election as a delegate to two general conferences.

Mr. Pinkerton leaves his wife, formerly Miss Edna Smith, of St. Stephen, N. B., and also three children, Gordon, Stanley and Elizabeth. His aged mother survives and is living with his only sister, Mrs. John Irvine, of New Hampshire.

TRIBUTES PAID

The following tributes have been paid to his memory by ministers intimately associated with him:

REV. G. A. ROSS of Hampton:—"The passing of this minister is his family's loss, the churches', the community's, not his. Such values as were stored in him, the universe conserves. His skiff has touched the shore and, stepping out, he has passed up the hills with his staff, intent on finding out what there may yet be for him to do. He was a "man,'; his native generosity and unfailing kindliness made him kin to all God's children; and he has entered into his father's house.

REV. R. G. FULTON, chairman of the Presbytery of Saint John:—"The church has sustained a great loss in the death of Mr. Pinkerton. During the years of his ministry he has won recognition as a pastor and preacher. As a pastor he was wise in his counsel and faithful in all his relations; as an administrator he showed ability above the average, possessing unfailing tact and courtesy. He succeeded in impressing his people, and wisely guiding them through difficult periods. As a preacher he was careful in his preparation, clear in delivery, always keeping before him the great reason of his call to the ministry to exalt Jesus Christ.

"It was in his home and friendships, however, that the fine character of Mr. Pinkerton made itself felt. He was a loving husband and kind father. In the circle of friendship he possessed a magnetism which made men welcome him. Personally, said Mr. Fulton, I have sustained a great loss. Our friendship covers the period of our ministry. We began our work about the same time, and all through the years we have been close friends. The break has come in the circle of friendship which has grown very dear through the years, and I cannot express the depths of my sorrow in the loss we have sustained."

REV. H. C. RICE, last president of the N. B. and P. E. I. Conference:

"The church loses one of its most devoted and consecrated ministers in the death of Mr. Pinkerton. He had many excellent qualities of mind and heart, and won an abiding place in the affections of those to whom he ministered. He shared the life of his people and his pastoral ministrations were highly esteemed. His great aim was ever to build up a fine and noble manhood. In the integrity of a beautiful Christian life, in the graciousness of a sanctified gentleness, in the courtesy and respect, in the loving words which seemed to flow spontaneously from his generous heart, in a remarkable manner he endeared himself to all.

"Personally," said Mr. Rice, "I would express my own deep sense of loss. We went into the ministry at about the same time from the church in Milltown, of which my father was pastor, and all through the years we have maintained a close personal friendship."

FUNERAL SERVICE.

The funeral of Rev. Mr. Pinkerton will be held tomorrow, with service at the united church in Fairville, beginning at 2.30 p. m. On Wednesday morning the body will be taken to St. Stephen for burial.

Says Entry Into League Asked For

A. W. Covey, president of the Senior City Baseball League, said this morning that he wished to contradict a published denial of H. M. Cleary that the St. Peter's team applied for entry into the league and his declaration that the Shamrocks and St. Roses did not renew their application for admission. He said that on Tuesday he received a telephone message from Mr. Clery asking for the admission of the St. Peter's team into the league, and that on the same day Mr. Martin, representing the Shamrocks, called at his office and requested that the league reconsider their application for membership at the next meeting. With regard to St. Roses team, he declared that he was talking with J. Fitzgerald on Wednesday and again early Saturday evening and on both occasions Mr. Fitzgerald wished the entry of the St. Roses to be reconsidered.

WHEN one is called out of sleep at 2.30 a. m. to receive a telegram there usually is apprehension as to the contents, but whatever of this Warren L. Gray, manager of the North End branch of the Provincial Bank, may have felt when he received such a call this morning was speedily dissolved and pleasure reigned in its stead. The message told him that he was the winner of a Nash sedan automobile, which was given as a door prize at a bazaar held by the Knights of Columbus in Lacrosse, Indiana. He was the holder of the fortunate ticket.

Miss Marjorie Clark directed the first play and Miss Elva Pike the second. The receipts of these plays totalled about $85. Three organizations shared in these receipts—the Maritme Educational Council, Women's Missionary Society and the Memorial Hall buildings fund of St. David's.

BOND ISSUE IS AUTHORIZED FOR NORTH END WORK

Old Sewer To Be Replaced and Water Main Laid

TO POOL BALANCES OF PUBLIC WORKS

Commissioner Makes Statement On Matter of Department Finances

The City Council, sitting this morning in committee of the whole, decided to recommend that an old wooden sewer in Rockland Road and Millidge street be replaced; that the commissioner of public works be allowed to pool his balances for the year.

WAS 47 YEARS OLD

Commissioner Wigmore reported that a few days ago a part of the wooden sewer in Rockland Road and Millidge street, laid 47 years ago, had collapsed and it would be necessary to renew it with terra cotta. It was proposed to lay 175 feet of 24 inch terra cotta in Rockland road and 410 feet of 18 inch terra cotta in Millidge street. While the sewer was being renewed it was proposed to extend the water main from Moore street to Chubb street, in Millidge street. The estimated cost of the work was $4,650, including the laying of the water main, which would replace a one inch pipe in use there at present. He moved the work be done and paid for by bond issue.

Commissioner Harding said he would like to hear what the Chamberlain had to say about a bond issue before voting.

The Chamberlain said he was opposed to bond issues unless there was a revenue from the work done unless it was a case of necessity.

Commissioner Wigmore said this work had to be done and the only way it could be paid for was by bond issue. He was not in favor of bond issues for new work just at present but this sewer had to be renewed. The motion to do the work was carried unanimously.

PUBLIC WORKS

Commissioner Frink reported that his appropriation for street cleaning, sanding and snow removal would be exhausted with the next pay and he was given authority to pool his estimates. He said the department would have to curtail in other ways in order to carry on the street cleaning and this could be done by not operating the stone crusher or the asphalt plant. He had faced a similar situation in 1920 when he came into office and that year had managed to get through without touching an overdraft of $30,000 which had been granted by the council.

On motion of Commissioner Harding the request of W. E. Emerson and Sons Ltd. for permission to install an additional 500 gallon pump and gasoline tank was recommended to council.

C. G. I. T. Is To Have 3 Summer Camps

It was decided at a meeting of the New Brunswick Girls' Work Board on Saturday at the home of the president, Mrs. R. G. Fulton, to have three C. G. I. T. summer camps in New Brunswick this year. Miss Marjorie Trotter, Maritime Girls' Work secretary, gave an interesting report on the recent meeting of the National Girls' work board. The camps this summer will be at Chipman, on the North Shore and at Moore's Mills, in Charlotte county.

The present week will be observed as demonstration week throughout the province for C. G. I. T. work.

FROZEN OVER AGAIN

A resident of the Eastern shore of the Saint John river opposite Westfield crossed the stream this morning by boat to catch a train and found it a very hard task. The tenaciously cold weather had sealed the river again to the depth of fully half an inch, necessitating strenuous ice-breaking, the man at times having to use a heavy pole.
