### NORTH END BUILD'G IS PREY TO FLAMES

The north end firemen had their first job of the new year early this morning when they spent about an hour extinguishing a fire which gutted the fruit and confectionery store of Alex. W. McBeth and badly damaged the upper part of the building which was occupied by Miss Ellen Donnelly, the owner of the building. The building is situated at 811 Main street, just opposite No. 5 Engine House.

Mr. McBeth places his loss at over \$1,000 and he had only \$500 insurance. It is understood Miss Donnelly had \$1,000 insurance on the building.

The fire is supposed to have started in the front of the store, near the cash register, and its origin is a mystery. Mr. McBeth was in the store at 10 o'clock on Tuesday evening, and everything was all right at 10:15. The blaze was first seen about 1:15 a.m. and the fire fighters had a hard task to prevent the destruction of the entire building.

### BIG NIGHT AT Y. M. C. I.

Plans for the University night which will be held this evening in the Y. M. C. I. were completed at a meeting held last evening. The University night programme promises to be one of exceptional interest and the committee in charge is seeking to secure the attendance of all the Catholic school and university students and boys of Grade VIII and their parents. The University night is to be in the interest of education and the gathering will be addressed by prominent men, including representatives of the various universities.

### COAST LEAGUE RESULTS.

Saskatoon, Jan. 2.—Saskatoon trimmed the Regina Capitals 4 to 0 last night. This gives them a two point lead over Calgary in the league standing.

Vancouver, B. C., Jan. 2.—Seattle defeated Vancouver 4 to 2 here last night.

## Dog Teams Are Arriving at Pas For Famous Race

Grayson, Russick, Pranteau and Winterton to Drive 200 Miles in Day.

### W. A. Macdonald writing in the Boston Transcript says that since the All-Alaska Sweepstakes passed away the greatest sled dog race in the world has been the Hudson Bay derby which is held every year at The Pas, a little town in Manitoba. Compared with this race the Eastern International looks very small. The Hudson Bay race is 200 miles and the Eastern is 100, but the difference is more than appears in that. The 130 miles of the Eastern race is to run through three days and the 200 miles of The Pas is done in one. Two hundred miles in twenty-four hours behind dogs pulling a sled. That is about eight miles an hour with no stops. It is what Arthur Walden once called a man's race.

As a matter of fact it took twenty-six hours and fifty-two minutes last winter. The year before, the time was twenty-four hours, fifty-one minutes. For the race this winter dogs have been in training all summer and, as early as this, more than two months before the race, they are being chipped into The Pas. The country up there is mining country and dogs are a necessity in winter for transportation of men and supplies.

### "Shorty" Russick Arrives

Among the first of the teams reported to have arrived at The Pas is that of "Shorty" Russick who came in second last winter and afterward won the Banff dog race. Shorty was a rank outsider last winter, but heavy bets are already being made that he will win next March. Before he started last time it was generally believed that he would not be able to complete the course. He was driving a team of hounds thought to have staying power. Russick arrived at The Pas a week ago today having driven his seven fast dogs down from none in the wilderness 150 miles to the north. He said they made good time on the trail. They are running on a diet of beefsteak and eggs.

But to win this winter's race Russick will have to beat Bill Grayson who is considered the brainiest dog driver in the north. Grayson drove Charles B. Morgan's famous team of hounds, reported to be in the finest condition. Morgan team which had to win three years to be his permanent possession. Billy Winterton drove the Morgan team in 1921 and he, too, has arrived at The Pas with eight dogs of his own, reported to be in the finest condition. Winterton drove his own team last winter using the lead dog used by which he won for Morgan in 1921.

### Grayson Driving Creighton.

This winter Grayson isn't driving for Morgan, but for Thomas Creighton, one of the owners of the Mandy mine. Morgan's driver, in 1924, was Bert Hayes. George Bancroft, superintendent of the Mandy mine will enter a team after having been out on the trail during the race, and Dupas will drive for him. Other owners expected to enter are Solomon Cook of Grand Rapids, Man., who finished fourth in 1923; Sam Pranteau of Grand Rapids; Larry McKay of Grand Rapids; Emil St. Godard of The Pas; Early Dryden of The Pas, and Carl Sherman of Moose Lake.

There is a new cup this winter, the Mattie trophy. There is also \$2,500 in prize money, the first prize being \$1,200. Winterton has been reported to be in the best condition. The Pas that there may be an entry from Quebec presumably the winner of the Eastern International. This looks as if Jean Lebel and the Brown Corporation had their eyes on fast company. It would be interesting to see Lebel in competition with men like Grayson and Russick in a 200-mile dash. He won the Eastern International at Quebec last February after taking the northern New Hampshire race earlier in the same month. He came in second in the first International held at Berlin, N. H., in 1922 being beaten by Arthur Walden. Lebel is a canny driver and his dogs are always well trained. How the driver and the dogs would stand the Manitoba pace would be worth watching. If they could make the Quebec race they would have fifteen days before the starting at The Pas, but part of this time in the sleds will be occupied in shipping sleds and gear to the town, which is not the best preparation for a big race.

### Many Famous Drivers

"Shorty" Russick is a Russian who came to Canada in 1911. He has been a fisherman, trapper and prospector since then and now is running a stopping place 150 miles or so north of The Pas. He raised his dogs himself and first entered them with Fred Goudout for driver in 1922, but the dogs were too young. In the 1923 race Russick, acting as his own driver, was the first to arrive at Camp 11, the turning point of the race, getting there at 10:30 on the night of his departure from the
