

REV. DR. MORGAN CONCLUDES HIS MISSION HERE

The five-day mission of Rev. Dr. Campbell Morgan in the city was closed yesterday and the final address in St. Andrew's church was the grand climax of what has been termed the greatest event in the religious history of the city in recent years. Thousands heard his addresses while he was in St. John, many people having come to the city for the express purpose of attending the mission, and his message made a deep and lasting impression. Accompanied by his son, Howard Morgan, who was the leader for the congregational singing at the meetings in St. John, Dr. Morgan left last night on the Boston train for Charleston (S. C.), where he will open a mission on Sunday. The collections taken at the meetings were more than sufficient to meet the expenses, and the afternoon collection yesterday was announced to be for the Protestant orphanage. More than \$200 was taken in the offering in the afternoon and it is probable that there may be a further surplus from other collections, which will also be given to the orphanage funds.

In the morning yesterday Dr. Morgan gave an informal talk on "How to Study the Bible." He recommended first getting an impression of the general movement of the Bible, writing out what had been the general idea received, next the examination of the Bible in detail and then the reading of the Bible for spiritual aid.

In the afternoon Dr. Morgan gave the fourth and last of his addresses on the Portrait of Christ, contained in the Gospel of Luke.

FRENCH LINE WILL FIGHT DRY RULING

Paris, Oct. 12.—The French Line has decided to fight the Washington ruling against the carrying of liquor by foreign owned liners within territorial waters, in the supreme court and, in the event of an adverse decision there, will move to obtain an appeal to the international court of justice at The Hague, it was learned today.

"Liquor, as usual" up to the three-mile limit, was the decision the board of directors of the French Line, made today after two long sessions.

The British lines are understood to be in perfect harmony with the French company in this matter. The first test case is likely to arise when the White Star liner Majestic, which is scheduled to sail from Cherbourg, Oct. 18, reaches New York. The steamer Homer, which cleared yesterday from Cherbourg and the French liner Lafayette, sailing Saturday are within the limit set by the latest Washington edict.

WANTS ARMY OFFICER TO DIRECT CITY BUDGET

New York Alderman Tells Mayor That Municipal Expenses Must Be Reduced.

New York, Oct. 13.—Mayor Hylan received a letter from Alderman George U. Harvey of Flushing suggesting the appointment of an army officer as budget director for New York City.

Declaring that the city's expenses must be reduced in view of the tentative budget for 1923, which is the highest in the city's history, Alderman Harvey, who is a Republican, suggested "Gen. Dawes or some officer from Governors Island who could be borrowed at no expense to the city."

The city is taking money out of the people's pockets faster than the corporations, according to Alderman Harvey. He appealed to the mayor "to reduce the budget for 1923 at least \$50,000,000, with like reductions for 1924 and 1925, so that the city may be run for \$200,000,000." Any budget director selected, Mr. Harvey added, "must not be a politician."

"Your Honor knows that the city is on the verge of bankruptcy," Alderman Harvey concluded, "and that drastic action must be taken. The rent payer, the home owner, and the business man must have their burden lightened."

ARMADA SEARCH RENEWED

Spanish Treasure Still Lures Adventurers.

London, Oct. 13.—The hunt for Spanish gold and other treasures that went down with the Great Armada in the days of Queen Elizabeth has had for years an overwhelming attraction for the adventurous.

One of the principal objects of their search has been the wreck of the great Spanish galleon, which was sunk in Tobermory Bay, on the northwest coast of Scotland. History and legend has estimated the amount of wealth in it at a fabulous figure.

A new company, similar to those described in the early days as "gentlemen adventurers," has been formed to make another attempt to recover the valuables from the submerged hulk.

They are following the instructions of a well known expert, who has carried out many exceedingly difficult cases of salvage and hopes of success are high.

The new company intends to settle once for all time the possibility of recovering the treasure. It is known that the galleon is covered by at least ten feet of clay and silt, which will be a serious obstacle. Some of the old ship's timbers have already been brought to the surface.

After 332 years' submersion, these timbers are as solid as on the day the vessel was wrecked, its shroud of clay having acted as a preservative.

CANONIZATION OF LOUIS XVI. IS SOUGHT

French Catholics Presenting Guilloitined King as Martyr for Faith.

(Special Cable to the New York Times and Montreal Gazette.)

Paris, Oct. 10.—A group of French Catholics, among whom are several bishops and church dignitaries, are said to be engaged just now in the task of canonization of Louis XVI. It is as a martyr for his faith that they are presenting the guilloitined king.

Once before, in 1874, a diocesan commission was appointed in Paris to examine the claims to canonization, and among those who signed the petition to Rome for his elevation were the Emperor Eugenie and the Count de Paris. Their petition had then no great success.

RECOVERS DAMAGES FROM INSANE MAN.

Widow Succeeds in Claim Against Slayer of Her Husband.

Brockville, Oct. 13.—An echo of the Calistoga tragedy of February 7, 1921, when Robert Lee Wood, a farmer, was shot and killed by his wife's uncle, D. Tennant, who was subsequently found to be insane and committed to the Ontario Hospital here, was heard at the final sitting of the fall assizes this week, when a settlement was reached in two actions entered by Mrs. Ida M. Wood, widow of the murdered man, against the public trustee of Ontario.

One was for damages through the killing of her husband by a man of unsound mind, and the other for personal injuries received at the time judgment was rendered in the consolidated actions in favor of the plaintiff without costs for \$4,000.

In agreeing with the verdict Justice Atchford said that, although the claim was an unusual one, under the
