THE GREATEST OF BARITONES

Emilio de Gogorza, who is to sing a return engagement at Symphony Hall, Boston, on Sunday, will be heard here on Thursday evening, Jan. 15, at the Imperial Theatre. As the Boston Globe has already stated, there is no baritone in the world of music today "who de-fies Gogorza. His great art and absolute musicianship have carried him to such heights that he is, as a recital and concert artist, without a peer." Thousands of concert-goers agree with this opinion for, having once heard Gogorza, most other interpreters fade from memory. There is something electrical about his way of delivering a song; he gives all of it, and usually brings out several lovely subtle touches that we never before suspected. That, of course, is the artist who makes him what he is. And, too, Gogorza always has something new to offer; never a programme without a novelty or two that stirs critical admiration.

There has been a large advance sale for this artist, but there are still many good seats to be had.

Secure seats now.

MAY OUST A TENANT IF HELD "UNDESIRABLE."

New York, Jan. 10.—The appellate term of the supreme court handed down a decision upholding the right of a landlord to oust a tenant whom he deems undesirable without giving any reason for his action.

The judgment of the municipal court declaring that Miss Jeanne Lorraine could not be dispossessed from her West Side apartment by the Wallt Construction Company was reversed and a new trial ordered.

"It may well be" said Justice Lehman in writing the opinion, "that the landlord need not show in fact that the tenant was undesirable, or that he had any reasonable grounds for deeming it undesirable, and yet, since his option to terminate the lease arises only if he deems the tenancy undesirable, the petition should allege this."

JUDGES WANT HIGHER PAY.
Regina, Jan. 10.—At a meeting of the Saskatchewan members of the Council of the Canadian Bar Association it was decided to join with representatives from other provinces in sending a delegation to Ottawa to press for a revision of judges' salaries.

LONG DISTANCE WIRELESS.
Copenhagen, Jan. 10.—The Danish government has sanctioned expenses for the erection of a long distance radio station, the object being to serve direct wireless communication with the United States.

MOST PEOPLE Have Heard of This January FUR SALE

It has become something of an institution, if the term can be applied that way.

And it is a natural, logical outcome of an established Magee Policy.
