DYING HOURS OF DEMOCRATS' CONVENTION

Looked Like Deadlock For Time Over Man For Vice Presidency

BURKE WITHDRAWN

North Dakota Governor Had Enough Votes to Block Choice of Marshall, But Delegation Chairman Realized Defeat Was Sure—Bryan Prominent to Last

(Canadian Press)

Baltimore, July 3.—In the dying hours of the democratic national convention this morning, it seemed for a time that there would be another deadlock over the nomination for vice-president...

William Jennings Bryan remained a central figure to the last. A short time before adjournment, he spoke his valedictory...

The Missouri delegation, loyal to the late "Old Champ" Clark, joined the "revival" as they called it, and pledged their cheers for Woodrow Wilson...

MISS LUGAR WEDS OFFICER OF NOBE

Halifax, N. S., July 3.—(Special)—This afternoon in St. Paul's church Lillian Mary Dorothy, daughter of Capt. W. R. Lugar and Mrs. Lugar and Engineer Lieutenant Thomas Herbert Wade of H. M. C. S. Nobe were married...

The officers were Paymaster Fitzgibbon and Engineer Lieutenant Horton, H. M. C. S. Nobe, Messrs. Harland Bauld and Stewart Curry. Miss Lugar, who was given away by her father, attended by her sister Miss Emily Louise, looked lovely in a wedding gown of white satin...

The ceremony was followed by a reception at the residence of Captain and Mrs. Lugar.

GERMANS TO EXPLORE NORTH EAST PASSAGE

Berlin, July 3.—A German Arctic expedition under the leadership of Lieutenant Schirmer-Stranz will start in June 1913 for a three or four year trip of exploration in the "northeast passage"...

The expedition is composed of the water routes north of Europe and Asia between the Atlantic and Pacific oceans.

CONDENSED DESPACHES

Oyster Bay, July 3.—Col. Roosevelt's determination to run for the presidency on a third party ticket has not been shaken by the nomination of Governor Wilson of New Jersey, at the democratic convention.

Stockholm, July 3.—In the Olympic games today Sweden was victorious in team competition for dual shooting at a distance of thirty metres. Russia and Great Britain were second and third United States fourth.

THE WEATHER

Maritime—Moderate west to southwest winds fine and decidedly warm today and Thursday.

PLOT TO ASSASSINATE LORD KITCHENER AND OTHERS IN EGYPT

Four Arrests Are Made in Cairo, Says Despatch to London

London, July 3.—A Daily Mail special despatch from Cairo states that the British ambassador to the ministry of the interior the public prosecutor and the commandant of the Cairo police conferred with Lord Kitchener yesterday.

It is understood the conference was connected with the discovery of an alleged conspiracy to assassinate the premier, Lord Kitchener and the Khedive, who is now in London. Four persons have been arrested, and the investigation is being continued.

JOHN DOLAN'S WAGON STRUCK BY TRAIN AND HE IS INJURED

Hit at Crossing as He Was Driving to Rockwood Park—Thrown But Not Seriously Hurt

A serious accident occurred at Gilbert's crossing on the I. C. R. last evening between six and seven o'clock. A passenger train was passing on its way to Hampton. At the crossing to Rockwood Park, John Dolan of Dolan Brothers, manufacturers of Haymarket Square, was driving out to Rockwood Park with a load of beer.

The train struck the wagon and upset it, throwing Mr. Dolan forcibly to the ground, and scattering the beer. The horse was unhurt. The train was stopped and the crew and some of the passengers ran back and assisted Mr. Dolan. The wagon was badly demolished and about six dozen bottles of beer destroyed.

Mr. Dolan is a heavy and although he was severely shaken up he escaped without serious injuries. Passengers on the train say that if it had happened at a crossing where there is no night watchman that there is no night watchman at Gilbert's crossing and that the day man knocks off at six o'clock, it was about quarter past six o'clock that the accident happened.

Mr. Dolan is confined to his home today and it will be several days before he is around again.

CHURCHILL KISSES THE BLARNEY STONE

London, July 3.—Winston Churchill, first lord of the admiralty, who paid a visit of inspection to the Haulbowline dockyard at Cork yesterday, motored afterwards to Blarney Castle and kissed the famous Blarney stone.

After ascending a tower 100 feet high to do this, he had to lean over the top of the tower head foremost, while Sir James Long held him by the legs to prevent the hope of the British democracy from falling.

PAN-AMERICAN ASSOCIATION TO PROMOTE TRADE RELATIONS

New York, July 3.—To promote and conserve reciprocal trade relations between the United States and the other American countries, is the purpose of the Pan-American Association, which has just been organized here by leaders in the south and central American export trade. Its permanent headquarters occupy four floors of a big office building in 22nd street. The president is F. A. Waresbach, a New York banker.

The directors include Judge Alton B. Parker, ...ran Maxim, Simon Patino, a South American millionaire, and Herbert Barron, a Mexican lawyer. The governors of twenty-three of the states compose a governors' board.

The principal work for the present will be the maintenance of a permanent exhibition of pan-American products in New York city.

FIVE KILLED; 25 HURT

Valencia, Spain, July 3.—Five persons were killed and twenty-five injured in a collision today between a railroad train and a street car at Elgas.

MONEY LOSS IN REGINA IS THREE AND HALF MILLIONS

No More Deaths, But List of Missing, It is Feared, Will Add to Fatalities—Already Planning Rebuilding—Relief Fund is Growing

Regina, Sask., July 3.—Estimates of the monetary loss resulting from the great cyclone which on Sunday afternoon battered down the residential and a portion of the business section of Saskatchewan's capital, were made with some degree of accuracy today for the first time. They are the figures:

South of the railway, \$2,450,130. North of the railway, \$1,050,000. Total, \$3,500,130.

Plans for rebuilding have already commenced. The Methodists will rebuild larger and better than ever, the Presbyterians announce their intention of doing the same, and the Baptists will repair their church.

Messages of sympathy are pouring in. Lord Strathcona contributed \$1,000 to the relief fund which now totals \$92,470. Including contributions as follows: Saskatchewan government, \$50,000; C. N. R., \$5,000; Mayor McArthur, \$1,000; Judge Brown, \$1,000; Peter Lynn & Sons, \$1,000; Starbuck Bros., \$1,000; Bank of Ottawa \$1,000; G. H. Barr \$500; J. A. Westman \$500; Jewish relief committee \$250; Barney Grove, Regina, \$100.

The leader has also started the fund among its residents, and has received a contribution of \$2,000. Apart altogether from any plan which may be decided upon by the city council, the city is considering the erection of hundreds of houses there will be any amount of work for a long time.

At a special meeting of the city council, a building by-law was rushed through to meet the present circumstances. All permits issued for temporary buildings within the fire limits will have a time limit placed upon them and the buildings have to be removed by a date to be fixed later.

The work of rescuing is going slowly forward under the direction of the militia. It is a slow, sad, weary task. No more bodies have so far been found, but how far intimidation will go in the future, it is hard to say.

There are rumors that nearly a dozen sought refuge in the Methodist church. The owner of the Regina boat-house says he is positive there are a half dozen drowned. Three foreigners were arrested on the north side, for pilfering canvas and another was found by Special Constable Stinner, carrying away bottled beer from the premises of the brewery company, and another was caught by Inspector Boddington of the C. P. R. looking for cars.

A Chinese from Moosejaw was picked up in Hamilton street. He had a half empty bottle of whiskey and was yelling and whooping and acting like a wild man. Throughout yesterday the C. P. R. had a large gang at work erecting new freight sheds, operations being continued into the night and the large temporary structure was now almost completed.

Early yesterday afternoon the report spread that when the metropolitan Methodist church collapsed, there were some seven or eight people inside who had sought shelter from the storm. With a crowd of some 3,000 spectators around the ruins, kept back by militia, 100 men started to dig into the ruins. When darkness came work was continued to a late hour by lamp light but so far without result. A woman's hat and handkerchief were discovered and a live chicken, but no human beings.

A special committee of 100 citizens have been engaged in making a census of the destroyed area with a view to having an official record of the people affected. It has been suggested that a special assessment should be levied upon the citizens at large to raise a million dollars or more if necessary in order that the ruined district may be rebuilt without delay.

Strike in Dunkirk

Dunkirk, France, July 3.—The majority of the dockers of this port struck work today in sympathy with the seamen.

THREE KILLED WHEN AUTO UPSETS ON ROAD NEAR DULUTH

Two Women and Chauffeur Crushed to Death Under the Car

Duluth, Minn., July 3.—Life was crushed from the bodies of Mrs. William White, Duluth; Miss Gladys Richardson, Bridgeport, Conn., and Langford Maddigan, Duluth, the latter a chauffeur, about midnight near Duluth, when a touring car in which they were riding skidded from the road and overturned, pinning its occupants beneath. William White, Jr., was seriously injured about the neck.

Miss Annie Turish, daughter of Henry C. Turish, a wealthy lumberman, lay apparently lifeless at the roadside until carried to a nearby farmhouse, where she was resuscitated. Chas. W. Fitzgerald was thrown clear of the wreckage and escaped without injury.

JACK TARS IN PLACE OF STRIKING SEAMEN

U. S. Government Will Not Let Trouble Interfere With Panama Line Operations

New York, July 3.—Under a decision by the navy department authorities in Washington that ships of the Panama Railway Steamship Line are for the present to be considered part of the department transport service, a crew of sailors and firemen, enlisted men, was recruited from the Brooklyn Navy yard and placed on board the Cristobal, a Panama liner to take the place of the crew which deserted at the call of the leaders of the coastwise seamen's strike.

As long as the seamen's strike continues, the government will adopt this measure, which was brought about through an appeal to the navy department by officers of the company. The shipment of food and supplies to the men at work on the Panama Canal is made on these liners, which accounts for the government's prompt action.

WILL LIE BESIDE MEN NOTED IN HISTORY

Sir L. Alma Tadema to Be Buried in Painters' Corner of St. Paul's Crypt

London, July 3.—It is announced today that Sir L. Alma Tadema, R. A., who died last week, is to be buried in the painter's corner in the crypt of St. Paul's cathedral, near the bones of Nelson and Wellington, and among some of the most renowned of his predecessors in art, including Sir Christopher Wren, the builder of the cathedral; Sir Joshua Reynolds, Sir Thomas Lawrence, J. M. W. Turner and Sir Edwin Landseer, as well as Lord Leighton, Sir John Millais and Holman Hunt, his own contemporaries.

The had painter to be buried there was Holman Hunt, in September, 1910.

TRY TO BLOCK NELSON TO BE THE TERMINAL TRADE PACT

New York Produce Exchange and Mills Try Intimidation in West Indies

Toronto, July 3.—A despatch from Port of Spain, Trinidad says that "throughout the West India Islands and in British Guiana the flour and produce merchants in the United States have been doing every thing possible to prejudice the West-Indians against the proposed reciprocity pact with the Dominion of Canada. Bluff after bluff has been made with but poor result and as a last resort, the New York produce exchange and United States milling interests, have sent down a representative, a barrister named John Foster Dallas, to see how far intimidation will go in the islands.

Mr. Dallas has been introduced to principal merchants of the different islands by the United States consuls there, and thus apparent weight has been lent to any statements he has made. This representative of the New York Produce Exchange has been threatening retaliation on the part of the United States right and left, varying the articles on which the United States will discriminate according to the chief industry of the particular colony he is visiting.

SUFFRAGETTES DISTURB ASQUITHS

London, July 3.—The recent removal of militant tactics by the suffragettes has caused the indefinite postponement of the reception for Mr. and Mrs. Asquith by the political committee of the National Liberal Club. Mrs. Asquith is greatly disturbed by the systematic attacks on the premier and by the anonymous and threatening letters she is receiving.

LITTLE SHOES AND STOCKINGS GIVE EVIDENCE OF TRAGEDY

Four Girls Drowned in Clay Pit While on a Berry Picking Outing

Perth Amboy, N. J., July 3.—Four pairs of little shoes and stockings found at the edge of a water filled clay pit, tell the story of the drowning of four small girls here.

On Sunday afternoon Ellen and Martha Shannon, with Susan Page, and Frances Stanley, went to pick berries. On Sunday night the parents became alarmed at their continued absence, and a search was commenced, but until yesterday it was thought that the girls had returned home.

Finally two boys came upon four pairs of shoes and stockings beside a large clay pit on the outskirts of the city. They dragged the pit and recovered the bodies.

STORY OF CRISIS IN OLD LAND

Labor Party Declared as Open War With the Government

Trouble Over Election

Object to Asquith's Candidate in Hanley Contest and Declare They Will Desert Commons in Body to Fight in Campaign

(Canadian Press)

New York, July 3.—A cable to the Tribune from London this morning says: "The Asquith government is facing a serious domestic crisis, the first serious rift in the coalition that has yet taken place. The labor party has declared that, unless the government candidate is withdrawn at the Hanley by-election contest, they will visit Hanley in a body during the whole campaign and thus draw forty-four votes from the commons."

It is declared on good authority that the government will persist in its intention to contest Hanley and that a rupture is assured. It may be only temporary, but the consequences may be permanent.

The present challenge by the labor party comes at a climax to a long series of incidents, which have alienated J. Ramsay MacDonald and his colleagues with the Conservatives. Being so narrow have been many of the recent government majorities in the House of Commons, the loss of the labor vote on a motion of importance would imperil the existence of cabinet.

AMERICAN CLUBS IN CITIES OF CANADA

Promoters Say They Will Be Merely Social in Nature

Montreal, July 3.—A string of American clubs fashioned after the Canadian clubs, is the project set on foot by prominent Americans resident in Montreal. It is proposed to organize these clubs in every Canadian city of importance, from Halifax to Vancouver.

The Montreal club will be launched tomorrow night. Clubs in other cities will, it is declared, follow quickly. The promoters assert that the clubs will have no political or racial significance, merely social clubs for Anglo-Americans in Canada.

HENLEY WEEK OPENS

Weather Dull at First, But Brightens—Canadian Competitor

Henley on the Thames, Eng., July 3.—The annual regatta which on Saturday next is to be honored by the presence of King George and Queen Mary, who are coming in the old state barge which has been renovated for the occasion and is to be manned by the king's watermen in their historic costumes of the middle ages, opened today under the most depressing weather conditions.

The attendance was the smallest recorded for years. Later in the day, however, the weather became brighter and the sun continued to favor the most important aquatic sporting and society events of the regatta. The regatta, which has been playing marbles since the morning, although business had been fairly prosperous, the regatta had not walked "for a time, and today there are few of the twenty-five who have much more than a dollar or two, while the number with fifty cents is greater.

They excited sympathy of citizens to whom they told their story. Some of them belong to New York and Boston and are utterly friendless here. Ed. H. Barnard, business agent for the company, said this morning that he had suspected desertion by the manager, who by the way, is no stranger to St. John people, having previously been here with other shows, and had it not been that the purpose was apparent, the troupe would have been much worse off by having been left in Tignish, N. S. They were to have passed through to St. George's this morning, but the necessary funds are lacking, and their efforts are now concentrated upon working up a benefit entertainment for Saturday evening by which they hope to make their passage home.

Among those in the company, which includes an orchestra and band, is Pipe Major Baillie, of Pictou, N. S., who served active service in the Sudan with the British army. All expressed their opinions of the action of their manager, and one said he had been his intimate friend for years.

MR. BARRETT'S WESTERN TRIP

John P. Barrett, of East St. John, left last evening for Montreal, where he will take charge of Eastern Canada's representative herd of Ayrshire cattle. Under his direction the herd will be exhibited at all the great industrial exhibitions in Western Canada, as well as at the Dominion Fair, Ottawa, and the Canadian National Exhibition in Toronto. He will be in Winnipeg on July 10, and then Brandon, Regina, Saskatoon, and Edmonton. The fact that he has been selected for this important office by the professional breeders of Eastern Canada, is a tribute to the ability of Mr. Barrett, and his friends will wish him a successful trip.

Some of the cattle being shown in the selected stock exhibit are those which were raised on the Barrett farm in east St. John.

THE MODEL PLAYGROUND

The equipment for the model playground has arrived from Toronto. The ground will be enclosed by a wire fence of special design that has been ordered from Toronto. The pavilion is nearly finished, and the grounds are being graded. Connection has been made with the sewer and the pavilion will be provided with modern lavatories.
