MOTHS are LIVELY

Out have come the Moths in all this warm weather—hurry your garments out of their sight before trouble is on you.

Moths have such a pernicketty habit of catching one unawares. Here it is well on in May, a month and more later than many careful folks stow their things safely away.

Run in to the Ross Drug and find all you want in Moth-Proof Bags and Ceda Chests. Ceda Chests up to $2.75. Bags, including the transparent sort that tell at a glance what they contain, down to 15c

All sizes in each.

VETERAN OF POLICE FORCE DIED TODAY

James Covay Had Been Forty-one Years a Policeman.

James Covay, a veteran of the police force, passed away this morning at his home in Murray street. When news of his death circulated expressions of regret were heard on all sides and many a tribute was paid to the memory of this faithful public servant. He had been in failing health for some time due to heart trouble and little hope had been entertained for his recovery.

He was a man of sterling qualities and was always considered a faithful and conscientious official. He joined the police force on September 13, 1883, under the late John R. Marshall, who was then chief of police. He remained in the city proper for some years and was then transferred to the North End, after the amalgamation with the city. During his long tenure as a police constable he was faithful to his duties and was respected by his superiors and the public at large.

Commenting on his death today Chief of Police Smith paid a glowing tribute to his memory. He said, "I was associated with him ever since he joined the force as I was sworn in only a few months before him. I found him as good a policeman as I ever traveled with. He saw nothing but his duty and followed it without fear or favor. I deeply regret his death and the department has lost a faithful member."

Sergeant Rankine, who is in charge of the North End division speaking about him said: "I was associated with Jim for 27 years and have nothing but good words for him. He was a zealous and conscientious policeman and followed his duty unswervingly. We have lost a good man."

Mr. Covay was 67 years of age. He was a native of Nova Scotia. Besides his wife he is survived by two daughters and one son. The daughters are: Mrs. David Latimer of Montreal and Miss Gertrude at home. His son Edmond also resides at home. The funeral will be held on Friday morning at 8.30 o'clock and the members of the police force will attend in a body.

DIVIDEND BY POWER COMPANY DECLARED

Surplus Increased in Year—More Travel on the Street Cars.

The regular quarterly dividend of 1 3-4 per cent. on the first preferred stock of the New Brunswick Power Co. was declared at the annual meeting of the stockholders, which was held this week. The dividend is payable on June 2.

In the secretary-treasurer's report of the year's operation, he noted the fact that, after paying all operating expenses, bond interest, dividends, city and federal taxes and depreciation, there was a satisfactory increase in the company's surplus, compared with last year. It was in anticipation of this increased surplus, he said, that a lower schedule of electric light rates was put into effect on March 1. Operating costs for the year, he said, showed considerable reduction, and this contributed greatly to the good financial showing.

More Use Cars

In the traffic report for March, the total number of passengers carried was 726,332, as compared with 707,340 for March of last year; total car miles run were: March, 1924, 102,080; March, 1923, 92,930. Of the passengers carried 61.2 per cent. were on the $1 a week pass, as compared with 58 per cent. for March 1923.

The number of passenger per car mile operated was 7.1, as compared with 7.6 for the same month last year. This dropping off was accounted for chiefly by the fact that the car mileage on the East St. John route had been doubled, but outside this the average had increased.

MEETING WILL BE IMPORTANT

Olympic Executive Will Decide Here About Training Quarters.

Importance is being attached to a meeting of the executive of the Maritime Olympic committee, to be held in this city on Friday. It will be definitely determined where training quarters will be established for the athletes who will represent the lower provinces, also that Coach J. R. Cornelius will go there to look over the aspirants for Canada's Olympic team and ascertain just what course o training they should follow.

It is expected that the entire executive consisting of A. W. Covey, president of the Maritime branch of the A. A. U. of C.; P. J. Legge, secretary; A. C. Millie of Halifax, 1st vice-president; W. C. Bishop of Halifax, honorary vice-president, and Samuel F. Doyle of Charlottetown, P. E. I., junior vice-president, will be in attendance.

As soon as it has been decided where the training quarters will be located arrangements will be made to have competent instructors take over the athletes and coach them in their various lines.

LOCAL NEWS

DEATH OF CHILD.

Mr. and Mrs. Willis Cromwell of 32 St. Andrews street will sympathize with them in the death of their fourteen months old son, Alexander Gladstone, which occurred yesterday.

TRAFFIC CASE.

Mrs. Jean Marcus was fined $10 in the police court this morning for exceeding the speed limit in her automobile in Prince Edward street.

ONLY ONE TODAY.

One man, charged with drunkenness, appeared before Magistrate Henderson in the police court this morning and was given an option of paying $8 or going to jail for two months.

RECEIVES GIFT OF PEN.

The On-We-Go Club met last evening at the home of Mrs. Raymond Williams, 74 Duke street, in the last session of the season. The meeting was marked by the presentation of a gold-mounted fountain pen to the treasurer, Mrs. George Vincent.

STILL AWAITS WORD.

Ottawa representatives had not advised G. C. Cosman, president of the local Postal Clerks' Association, up to late this afternoon concerning the outcome of negotiations with the Dominion Government on the salary question.

WAS TAKEN ILL.

Frank Hogan, while engaged in unloading a sloven in Dock street this morning, took a weak spell and fell. The ambulance was summoned and he was taken to the General Public Hospital. He was able to leave the institution, however, within a few hours.

CULLUM LODGE PLANS.

The sewing circle of Cullum Lodge, L. O. B. A., met at the home of Mrs. Mealey, 40 Elm street, last night with a large attendance. Much work was done and plans made for the future. Cullum Lodge will hold the annual meeting in Simonds street Orange hall this month and the following months during the year will meet on the second Tuesday in every month.

TEVIOT ARRIVES.

The R. M. S. P. liner Teviot, Captain A. Murley, arrived in port this morning and docked at the Pettingell Wharf after an uneventful voyage from Bermuda and the West Indies. The steamer brought 16,000 bags of raw sugar for the local refinery, in addition to mail and other general cargo. She will move over to the refinery wharf to discharge tomorrow about noon and then will move back to the McLeod to load cargo. The Teviot is scheduled to sail on Saturday for West Indies via Halifax.

COLLISION.

The service truck of the City Hydro Commission was in collision with a Fairville street car in Mill street yesterday afternoon, as a result of which damage to the extent of about $25 was done to the street car steps and fender. According to the report of the tram car conductor, the automobile attempted to pass between the street car and a standing automobile and turned too sharply in front of the street car, tearing off the step and running over the fender.

WEST SIDE WEDDING.

A pretty wedding was solemnized at 23 Market Place, West St. John on Thursday evening, April 24, when Rev. F. T. Bertram united in marriage Mrs. Sadie Carr of Summerhill Queens county, N. B., and Merton Bunker of Russiagornis, Sunbury county, N. B. The bride was dressed attractively in a blue silk dress and carried a bouquet of white carnations. Mr. and Mrs. Bunker will make their home at Russiagornis, where Mr. Bunker is a prosperous farmer. They were the recipients of many beautiful gifts.

WILL BE SENT BACK.

"You'r honor I wish you would take into consideration I's been working fo ma grub on ma way here" was a remark made to Magistrate Henderson this morning by Adam Cumberback, a young colored man who was taken into custody on the arrival of the Canadian Government Merchant Marine steamer Canadian Navigator yesterday from the West Indies. He was arrested on a charge of being a stowaway. He said he had decided to come to Canada as work was slack at his home. He was ordered detained until the steamer sails and he will then be sent back to his native clime.

POWER WILL MAKE NO DECISION

Referee Speaks of Donovan-Snow Difficulty—Commission Advocated.

A. W. Covey, president of the Maritime Branch of the A. A. U. of C., announced this morning that, in view of the disagreement over the final bout in the 126 pound class at the New Brunswick amateur boxing championships held recently in the Armory, he will apply to Mayor Potts to have a boxing commission appointed.

With reference to the bout he said no decision had been announced as yet. He said that the Y. M. C. I officials, under whose auspices the championship meet was conducted, will turn over to him all data concerning the affair. He says that it is not up to the association to announce a decision and for that reason is anxious to have a recognized commission appointed to deal with such questions.

Referee Power, who was officiating at the championship bouts on that occasion, informed The Times that a boxing commission should be appointed to deal with all disputes and to supervise all boxing bouts. He said that owing to conditions which existed at the time he will not render a decision. He said he felt it was a case of "passing the buck."

TO PROMOTE INTERESTS OF THE MARITIMES

Hon. Dr. Roberts, Back from Halifax, Tells of Plans Discussed.

Hon. Dr. Roberts this morning returned from Halifax, where he had a conference with the Nova Scotia Government, particularly regarding the inauguration of a Maritime Association at Ottawa, composed of the representatives of these provinces in the Senate and the House of Commons.

The idea of such an organization is twofold. First, the holding of meetings at regular intervals, addressed from time to time by leading citizens of New Brunswick, Nova Scotia and Prince Edward Island, representative of various callings, industrial, commercial and professional, to which meetings would be invited senators and members of the House of Commons from the Central and Western Provinces of Canada. The addresses would deal with climatic and geographical conditions, our natural resources and the possibilities of developing and manufacturing, our port possibilities and our needs generally.

A summary of these meetings would be sent all over Canada by the Canadian Press on each occasion. The results looked for would be publicity and education, two very important factors today in the solving of our problems.

The second idea which Dr. Roberts hoped would follow would be that, as a result of such organization and getting together, a sentiment would be created both here and at Ottawa that would make it much easier for all Maritime representatives to vote together on important measures relating to these provinces.

Premier Armstrong and his colleagues were very much interested and showed a desire to co-operate. The Premier stated that, owing to the Legislature being about to prorogue, he would take the matter up with his government and have a committee appointed, and he hoped to combine with this conference one between the three provincial Premiers, as he felt the time had come for many things to be talked over and conclusions, if possible, arrived at that would be in the immediate interest of these three provinces.

Premier Armstrong felt that a non-partisan commission, appointed perhaps by the Federal Government, whose duties would be to make a general survey of the whole Maritime situation, would be the most practical way of presenting to the Dominion Government a non-biased picture of the real difficulties existing, and that this would place the Federal Government in a better position to give relief.

R. G. McINERNEY OPENS LAW OFFICE

Many of Ralph G. McInerney's friends have been enquiring as to his future plans since the recent civic election. A Times-Star reporter asked him today what he proposed to do.

Mr. McInerney said that he intended to "put his shingle out" and had taken an office in the Ritchie building, which he would occupy next week. In the meantime he is sharing an office with his brother, Judge H. O. McInerney, K. C., in the Canada Life building.

Mr. McInerney graduated from King's College Law School in the spring of 1922 after his return from overseas and was sworn in as an attorney-at-law in the summer of that year. He was admitted to the bar the following year. For some years he has been closely connected with the newspaper life of this city, resigning his position as assistant editor of The Telegraph-Journal in order to run for civic honors.

FORTY SEEK PLACE ON NURSES' LIST

This is the last day for the receipt of applications for the provincial registration examinations for nurses at the General Public Hospital. Miss Maud Retallick, superintendent of nurses at the hospital, said today that not including those likely to arrive in this evening's mail, forty applications had been received. The applicants are from various parts of the province. A meeting of the executive of the New Brunswick Graduated Nurses' Association will be held this evening.

DIED IN MONTREAL.

In Montreal yesterday William H. Adams, son of the late Mr. and Mrs W. H. Adams of St. John, passed away. He left St. John many years ago and had been a resident of Montreal for the last 15 years. He is survived by his wife, who was Miss Ada Robertson of this city, and by two sisters, Miss E. B. Adams of St. John and Mrs. Ronald Grant of Montreal.

As Hiram Sees It

"Hiram," said The Times reporter to Mr. Hiram Hornbeam, "is the world growing better or worse?"

"That depends a lot on how you feel," said Hiram. "I knowed an old feller that hed rheumatics more or less—an' you could alwus tell how his jints was feelin' from the way he talked about the world in gineral an' the folks he knowed in particklar. Now you take a fine May mornin' like this—an' a man that's in good health — an' a brook where the's some nice trout. That man 'ud say they aint no finer world anywheres. As fer the way the world is headin' in a gineral way—I'd say it's goin' all right. Old fellers like me kin compare things as they be with what they was years ago—an' if we hev time to read up hist'ry a little—an' if we hev any faith at all in the Good Lord—we can't help believin' that things is gonto come out all right bimeby. We orto be doin' our share—an' that's what we orto think about most—yes, sir."
