

# Plan Make Film Of Hunting Trip

After completing nearly a month of hunting in the north, Mr. and Mrs. Michael Lerner, of New York, left here by United Air Services Ltd. plane Sunday for three more weeks of hunting in the Brazeau Lake area, just east of Jasper National Park.

On this hunting trip the well-known hunting couple took two photographers and it is expected they will film "The Hunters" in an "short." One of the photographers was David D. Duncan, Miami, Florida, who flew here this week to join the Lerner's. The other photographer was W. J. Oliver, of Calgary, who has accompanied the Lerner's on other shooting trips.

Pilot "Bud" Potter, of U.A.S., took the party to the mountain lake Sunday. The party will be picked up by plane at the end of the month. The Brazeau Lake area is noted for its big game.
