

## EDWARD DEWART LEWIS.

It was moved by Rev. W. J. Young, and seconded by Rev. D. O. Crossley, and

*Resolved*,—Whereas the Rev. E. D. Lewis, who in the past year has been removed by death, was a member of this Conference during the greater portion of his ministry, we cannot allow the present opportunity to pass without giving expression to our sense of the loss the Church has sustained by his death while yet in the full strength of his manhood, and of our confidence in him as a faithful and earnest minister of the Lord Jesus Christ. We recognize in him the abounding grace of our Divine Lord that made him strong to battle for the right. As a worker in the great Temperance cause he took the deepest interest, and was everywhere looked upon as one of its most consistent and successful advocates. To the comforting and strengthening influence of the Holy Spirit we commend his sorrowing friends, trusting that they will prove the fulness of the Divine provision for the children of affliction.
