THE CZAR WELCOMED

Russian Yachts Standard and Pole Star Bearing the Royal Party Arrived at Leith.

Welcomed by Prince of Wales, Duke of Connaught and M. Destal, Russian Ambassador.

Extraordinary Precautions Taken to Guard the Czar from Any Possible Attack.

Leith, Scotland, Sept. 22.—The Russian yachts Standard and Pole Star were sighted at the entrance to the Firth of Forth at 10:30 this morning and the Prince of Wales, who was in charge of the arrangements for the reception of the Czar and Czarina, and who will accompany the Russian ambassador to Balmoral, the Prince of Wales, Duke of Connaught, M. Destal, Russian ambassador to the Court of St. James, Lord Rosebery and a number of high military officials arrived at the jetty, from Dalmeny, at 11 o'clock, where they were received by an escort of the 23rd and 24th Regiments of Foot, which were heavily and the sky and general surroundings most forbidding, but in spite of this enormous crowds of people lined the way to the docks and greeted the arrival of the royal party with the greatest enthusiasm.

The Prince of Wales wore the uniform of the Kieff dragoons and the Duke of Connaught was attired in the uniform of the Scots Guards. After the steamer had dropped anchor, the Channel fleet, which lined the Firth of Forth saluted as the Prince of Wales and the Russian party traversed the lines.

The Russian Imperial yachts on their arrival were saluted by the fleet and immediately dropped anchor. On the Tantalion Castle soon afterwards ran alongside the Standard, the latter having their Russian majesties on board, and the Prince of Wales, the Duke of Connaught and M. Destal went on board and welcomed the Czar and Czarina to Leith. The greetings exchanged between the Imperial travellers and the British princes were most affectionate.

The party afterwards bunched together to visit the Czar and Czarina, and the weather was far from being all that was wished for the reception, there was no mistaking the fact that the people of Leith and vicinity were out in the first instance, force determined to give the Imperial travellers a hearty, genuine welcome to the shores of Scotland. The whole harbor was full of merchant vessels from all parts of the world and they were all placed in the neatest trim on both sides of the water, so that, after passing through the lines of powerful warships, the progress of the Standard up the Firth of Forth was parade-like in the extreme.

The precautions taken afloat for the protection of their majesties was unprecedented, it is believed, in naval annals. Fleet boats, steam launches and torpedo boats of the small class, four of the Majesty's Magnificence, Repulse and Resolution, commanded by a lieutenant, formed a complete net around the Imperial yacht, in order, ostensibly, to prevent the shore boats from landing and prevent any possibility of an attempt to commit a dynamite or other outrage. Shore boats were in such vast numbers on the water that there is no doubt the precautions taken by the English naval authorities were warranted.

The precautions adopted ashore were equally thorough, although few people give more than passing thought now to the alleged dynamite conspiracy supposed to have been discovered by Scotland Yard.

On the Tantalion Castle, ashore, on the way to Balmoral, at different places along the route, at Balmoral and Balmoral itself, were picked members of the Russian secret police and the Nihilist members of the Czar's Russian detectives. There were other officers and they were reinforced on landing by a picked squad of the very best Standard Yard detectives, who remain until they leave Great Britain.

After luncheon, their imperial majesties boarded the Tantalion Castle, accompanied by the British princes, and the steamship proceeded slowly up the Firth of Forth, closely guarded by a swarm of picked boats, through the lines of the British fleet, all the warships flying the Russian ensign.

SENATOR FERGUSON DEAD.

Deceased Was One of the Best Known Men in Public Life.

Toronto, Sept. 22.—Hon. Senator Ferguson died this afternoon. Deceased was one of the best known men in Canada. He had long been in public life.

Dr. Ferguson was descended from an Irish family of Scottish extraction. His grandfather, Henry Ferguson, came to Canada in 1824 and settled in London Township. His father, John Ferguson, lived in the same place, and there the late senator was born in 1839. He was educated at the London grammar school and obtained his medical degree at Victoria College. During many years he lived at Niagara Falls, where he owned and operated a large farm. He was first returned to the Dominion parliament for Welland county in 1882, supporting the Conservative government.

He was re-elected in 1887, but was defeated at the general elections of 1891, and was shortly afterwards raised to the senate.

THE ARMENIANS.

More Disturbances Have Occurred—Ten Armenians Murdered at Angora on Sept. 19th.

The Czar and the Marquis of Salisbury Consult—Russian Black Sea Fleet.

Constantinople, Sept. 22.—Disturbances occurred on September 18th at Gummashaden, in the Vilayet of Kharpout, owing to an incursion of Kurds, but no details were received. Troops have been dispatched to the scene.

Ten Armenians were murdered at Angora, on Sept. 19th on account of an outbreak of fire at that place.

Birmingham, Eng., Sept. 22.—The Post to-day says: "At the expressed desire of the czar important communications upon the Armenian question have passed between the Marquis of Salisbury and M. Destal, Russian ambassador at London, in which certain points have been agreed upon, to form a basis of consultation between the Czar and the Marquis of Salisbury."

London, Sept. 22.—The Times has a dispatch from Sebastopol which declares that a portion of the Russian Black Sea fleet, consisting of four ironclad cruisers and several torpedo boats, is cruising at Orskoff at the mouth of the Dnieper under orders on receipt of a telegram from the Russian ambassador at Constantinople to join the admiral leaving here for the Bosphorus.

The whole fleet has been placed on a war footing, and has embarked three battalions of infantry and troops. The south of Russia has been placed on a war footing also.

The Westminster Gazette this afternoon says there is an increasing probability of an early advance in the bank rate, which was 2-1/2 last Thursday, to 3 per cent; adding that apart from the gold withdrawn from the bank yesterday, \$100,000 was bought in the open market for the continent, and a further slight decline in French checks would bring within sight a probability of gold exports to Paris. Continuing, the Westminster Gazette says: "In deed, it is held in some quarters that the directors of the Bank of France not only refuse to allow more gold to go to the United States, but will seek to recoup from London the amount already sent."

JOHN L. AND HIS DOG.

The Big Bully Quarrels With a Conductor and Goes to Jail.

Boston, Sept. 22.—John L. Sullivan, ex-champion heavy weight and ex-actor, was arrested last night by a policeman or a charge of assaulting a street railway conductor. The big fellow attempted to take a car for the city, but as he had a big mastiff dog the conductor refused to allow the dog to ride. John L. promptly slugged the conductor. The latter called a policeman and John and the dog were escorted to the police station.

A MESSAGE TO MEN.

Proving That True Honesty and True Philanthropy Still Exist.

If any man who is weak, nervous and debilitated, or who is suffering from any of the various troubles resulting from youthful folly, excesses or overwork, will take heart and write to me, I will send him confidentially and free of charge the plan pursued by which I was completely restored to perfect health and manhood, after years of suffering from Nervous Debility, Loss of Vigor and Organic Weakness.

I have nothing to sell and therefore want no money, but as I know through my own experience how to sympathize with such sufferers, I am glad to be able to assist any fellow being to a cure. I am well aware of the prevalence of quackery, for I myself was deceived and imposed upon until I nearly lost faith in mankind, but I rejoice to say that I am now perfectly well and happy once more and am desirous therefore to make this certain means of cure known to all. If you will write to me you can rely on being cured and the proud satisfaction of having been of great service to one in need will be sufficient reward for my trouble. Absolute secrecy is assured. Send 5 c. silver to cover postage and address, Mr. George G. Strong, North Rockwood, Mich.

FROM THE CAPITAL

Hon. Edward Blake a Guest at Government House—The E. & N. Railway Subsidy.

The Ottawa Citizen (Conservative) Takes Issue With Sir Charles Tupper.

The Winnipeg Delegation Leaves for Home—Abbe Proulx's Visit to Rome.

Ottawa, Sept. 22.—Hon. Edward Blake is a guest at the government house. He refuses to be interviewed, but looks well. He occupied a seat on the floor of the house yesterday.

Frederick W. Heubach, secretary of the Western Canadian Immigration Association, is in the city. He is here on business of the government.

Hon. Mr. Davies, in answer to Mr. McInnes, said that application was made on the 24th of February, 1896, for a subsidy to the Esquimaux & Nanaimo Railway, but no provision was made in the matter.

Dr. Milne, Senator McInnes and Mr. McInnes, M.P., have been invited to dine with Hon. Mr. Laurier to-night.

The Citizen (opposition) this morning has a leading article on the "Constitutional question," in which it opposes the action of Sir Charles Tupper and supporters Lord Aberdeen. It concludes as follows: "In the light of these considerations it seems to us undoubted that His Majesty was within his plain constitutional rights in refusing to sign the disputed order-in-council."

The Winnipeg delegation which was here seeing Hon. Mr. Laurier about Mr. Martin entering the cabinet has left for home. Hon. Mr. Laurier told them that nothing had yet happened in the matter and it would take some time before it was settled. The delegation left greatly pleased with Hon. Mr. Laurier and his manner of receiving them.

Hon. Mr. Davies stated that the owners of the Willie McGowan and Ariel, vessels seized by the Russians, had been notified that there had been delay in the settlement of the claims due to the law officers of the crown making the investigation. Her Majesty's government hoped that no further delay would take place.

Hon. Mr. Costigan returned from Ireland yesterday.

Lord Aberdeen leaves for British Columbia on October 10.

Toronto, Sept. 22.—The Globe says: All right-minded Canadians will sympathize with the efforts of the Quebec Liberals towards a separation of their church from their faith. The French Liberals are desirous that the active participation in political contests by clergy of their church shall be restricted or prevented by the highest church authorities. To that end they have secured the assistance of Abbe Proulx, who has left for Rome to lay the matter before the head of the church. No doubt many French Conservatives will be glad to see a decision to which they had to be imposed by the royal engineers and police. This was especially the case at and about Aberdeen, where the train traverses a series of large arches which are used as stable and horse stalls. These places were searched every few hours by the military officials acting independently of the latter. These arches were undoubtedly causes of anxiety to the people as the crews of several Russian merchant vessels in the harbor were on shore on leave and it was just possible that Nihilists might have been among them.

All the streets in the vicinity of the railroad from Leith to Balmoral were closed by the military and police to all traffic from four to six p.m. The Provost of Edinburgh, accompanied by the bailies and councillors of Edinburgh, tendered a welcome to their majesties in the name of the Scotch capital, and the corporation of Edinburgh presented his majesty with an address in a beautiful casket. The Czar was cold in his demeanor and did not speak a word in acknowledgment of the greeting of the Provost of Edinburgh or to the others who welcomed him merely inclining his head in acknowledgment. The manner of the Czarina, on the other hand, won the hearts of everyone present by her spontaneous geniality.

At the opening of the stock exchange here to-day all those present sang "God Save the Queen," in honor of Her Majesty, who this day has reigned longer than any sovereign in English history.

Canadian News.

Montreal, Sept. 22.—The Montreal stock exchange decided to-day to list British Columbia mining stocks in future, if application to that effect is made.

Montreal, Sept. 22.—William Walcott, general assistant manager of the Grand Trunk system, gives a denial to the report that he was offered and received the position of general manager of government railways. He states he was not approached on the subject.

Be Sure You are Right.

London, Sept. 22.—If your blood is impure, your appetite falling, your nerves weak, you may be sure that Hood's Sarsaparilla is what you need. Then take no substitute. Insist upon Hood's and only Hood's. This is the medicine which has the largest sales in the world. Hood's Sarsaparilla is the One True Blood Purifier.

HOOD'S PILLS are prompt, efficient, always reliable, easy to take, easy to operate.

A TERRIFIC GALE.

Great Damage in London and on the English Coast.

London, Sept. 22.—A terrific gale swept over this city and the coast of the United Kingdom. The storm broke yesterday evening and lasted all night long, playing havoc with the trees in London parks, causing a great amount of damage among the coasting and fishing craft. The loss of life, however, is reported to be slight. The Red Star line S. S. Rhynland, Capt. Bynon, from Philadelphia, Sept. 12, for Liverpool, arrived at Queenstown this morning and reported passing through the full force of the gale yesterday. Heavy seas swept over her and flooded her deck house and staterooms. The mail boat running between Calais and Dover was badly damaged by the storm.

THE QUEEN'S GUESTS

The Czar and Czarina are Safely Domiciled at the Balmoral Castle.

Queen Victoria's Reign To-Day Becomes the Longest in English History.

Enormous Number of Congratulatory Messages Pouring in from All Over the World.

Balmoral, Scotland, Sept. 22.—The Czar and Czarina are to-day recuperating from the excitement of yesterday, and with the exception of a drive about Balmoral there is not likely to be any incident of note during the day.

Queen Victoria, from early morning, has been receiving an enormous number of congratulatory telegrams from all parts of the world, this being the day her reign becomes the longest in English history. A large force of telegraph operators are at the castle employed in answering these messages.

The extraordinary arrangements made to provide for the safety of the Czar and Czarina produced a painful impression at Leith yesterday, due to the fact that the steps adopted by the military and police authorities over-shouldered everything in the way of the reception and utterly dwarfed even the demonstration on the part of the people.

The majority of Leith spent a considerable sum of money on floral and other decorations, but much more money was spent on barricades and other precautions to keep the people away from the actual spot where their majesties landed. Soldiers were drafted to Leith from Glasgow, Sterling, York and Edinburgh, and all the volunteer corps of the place and its vicinity were adjured to turn out to their fullest strength. All of the railroad from Leith to Balmoral was guarded, the bridges and the arches being especially watched, previous to which they had to be inspected by the royal engineers and police. This was especially the case at and about Aberdeen, where the train traverses a series of large arches which are used as stable and horse stalls. These places were searched every few hours by the military officials acting independently of the latter. These arches were undoubtedly causes of anxiety to the people as the crews of several Russian merchant vessels in the harbor were on shore on leave and it was just possible that Nihilists might have been among them.

YARDE-BULLER.

Valentine Cadesden is the name of a real estate dealer of San Francisco who was co-respondent in the suit of divorce recently brought by Walter Yarde-Buller, brother of Baron Chuston, against his wife, a daughter of the late General R. W. Kirkham of San Francisco. The case against Cadesden was dismissed and he was allowed costs. The verdict was that Mrs. Yarde-Buller was not guilty of cruelty or infidelity, and that absence of judicial separation, and that Mrs. Yarde-Buller was to be granted custody of the child, and the costs of the case against Cadesden were dismissed and he was allowed costs. The verdict was that Mrs. Yarde-Buller was not guilty of cruelty or infidelity, and that absence of judicial separation, and that Mrs. Yarde-Buller was to be granted custody of the child, and the costs of the case against Cadesden were dismissed and he was allowed costs.

The following dispatch from Badenau, Grand Duchy of Hesse, has been received by the London office of the Associated Press: "Cable all the world that Valentine Cadesden died suddenly on Sunday of heart disease."

My Dear Miss Balmoral.—I have the honor to acknowledge the receipt of your communication of July 21, 1896, enclosing clippings from the Baltimore American and the Sun, giving a full account of the lamentable affair, from which it will be seen that the prisoner, who was in the legal custody of the sheriff, charged with the murder of his wife and sister-in-law, was forcibly taken therefrom by an armed body of men and lynched.

I note with much gratification your statement that your committee and in fact the British public generally have always held Maryland in the highest esteem and respect as a particularly law abiding and law loving state, and in order to assure you that the confidence thus expressed has not been misplaced, thus expressing my hearty approval of the course of procedure which the law pointed out as proper in such cases.

In this connection it is proper to say that in addition to the efforts of the local authorities and with a view to putting a stop to such gross violations of the law, I have offered a reward of \$1,000 for information which will lead to the arrest and conviction of the per-

P. J. J. Tynan Claims Citizenship—George F. Curtis Arrested at Switzerland.

Recognition of the Efforts of the Anti-Lynching Committee in Great Britain.

Valentine Cadesden, Co-respondent in Yarde-Buller Divorce Case, is Dead.

Paris, Sept. 22.—The United States Ambassador to France, Mr. James B. Eastis, has received a letter from P. J. J. Tynan, the alleged dynamite conspirator, now in jail at Boulogne, dated Tuesday, September 15. Tynan wrote that he arrived in the United States in March, 1883; that shortly after England demanded his extradition and the United States refused it on the ground that the offense alleged was purely political.

In April, 1888, Tynan continued, he was naturalized by Judge Daly, he now resides, he wrote, with his wife, child and two servants in a villa on the Hudson, and he referred to Judge Fitzgerald and Judge Roger A. Pryor as his friends. Referring to his presence in France at this time, Tynan says he left New York on an European tour, and upon being informed that he was being shadowed by Scotland Yard detectives, he travelled under an assumed name and went to Italy and France, and was booked to return to New York on September 20.

Mr. Eastis immediately notified the French government of the receipt of the letter and of the fact that Tynan was an American citizen. The British embassy here has not yet received from London the formal demand for Tynan's extradition, and the French foreign office refuses all information.

London, Sept. 22.—The Times expresses the belief that Russia and Japan have agreed to joint protection of Korea, Russia virtually taking the position there that China held before the war. The king of Korea will not quit the Russian legation, where he has been since the assassination of the pro-Japanese minister, Her Majesty's government in London the formal demand for Tynan's extradition, and the French foreign office refuses all information.

A special from Bern, Switzerland, says that George F. Curtis, assistant librarian of Congress, residing at the Arno, Washington, D. C., was arrested by two detectives at Grandeau, 35 miles from this city, and thrown into jail at Interlaken. He was searched, all money and papers seized, and baggage ransacked. After the director of police arrived at Interlaken from Bern, Mr. Curtis was released. It appears that the outrage was the result of police stupidity, Curtis being mistaken for a criminal wanted by the Swiss police. Curtis has lodged a complaint with the consul, who is making a thorough investigation.

SOVEREIGNS FROM AUSTRALIA.

A Large Shipment Coming on the Mariposa To-Morrow.

San Francisco, Sept. 23.—The steamship Mariposa, due to-morrow, will bring from Australia the largest shipment of sovereigns ever received here. They will go right to the mint, accepted as 916 2-3 fine, and at the rate of \$4.9639 per pound sterling, standard weight. The proceeds will be used in buying wheat and other bills of exchange at from \$4.81 1/2 to \$4.82, thus realizing a profit of over 1 per cent to the gold shippers. The bills themselves will be sent to London for collection, when another profit of about the same amount will be made by discounting them.

AMERICAN NEWS.

Indianapolis, Sept. 22.—Charles Pfeiffer, a telegraph operator employed by the Indianapolis East Railroad, was found hanging dead in his doorway this morning at his home in Brightwood. In the house his wife and children were found dead. Pfeiffer had cut their throats and then hanged himself.

Chicago, Sept. 22.—The body of Edson Keith, of the big wholesale millinery firm of Edson Keith Co., was found in the lake this morning. It is supposed he committed suicide while temporarily insane.

Chicago, Sept. 22.—The University of Chicago has received an endowment, the richest perhaps ever made in the city of Illinois. Mrs. Bradley, an aged woman of Peoria, has bestowed her fortune, estimated at \$2,200,000, upon the school to be built in Peoria. Active work has already begun.

Washington, D.C., Sept. 22.—To remove ground for complaints that have become numerous, that the raw silks delivered at Japanese ports were not up to standard in fineness or weight, the Japanese government has established conditioning houses at Yokohama and Kobe, where silks will be examined and certified free of charge.

Bridgetown, Conn., Sept. 22.—A cablegram has been received here announcing the death at Constantinople of Callis Bey, who married Mrs. P. T. Barnum. His widow sailed from New York last Wednesday in response to a cablegram informing her of her husband's serious illness.

Buffalo, N. Y., Sept. 22.—By the giving away of the leg of a Gerrick being used at Porter's avenue this morning a man was fearfully crushed beneath the enormous stone, and two others fatally injured by falling timbers.

St. Louis, Mo., Sept. 22.—There assembled in the Olympic theatre to-day the representatives of more wealth than ever before came together in this city at one time. It was the first session of the 22nd annual convention of the American Bankers' Association. Delegates were present from all parts of the country, representing the most prominent banking institutions, whose aggregated capital is at least one billion of dollars. The convention will be in session three days, during which time there will be a general discussion on the reports of the various committees on matters pertaining to banking.

Leadville, Colo., Sept. 22.—Over 1000 members of the national guard of the State of Colorado, under the command of General Edgar Brooks, are now on duty in this city. Some are doing guard duty at the Maid of Erin and other mines, where attempted destruction of property is apprehended, but most of the body is encamped near the Denver & Rio Grande railroad depot. The streets are filled with excited men, who are excitedly discussing the situation, but no violence has been done since the attack on the Coronado shaft.

No attempt has yet been made to resume operations at any of the mines, which are closed in consequence of the strike, but it is believed that as many of the strikers are desirous of returning to work, some will be reopened under the protection offered by the presence of troops.

SITUATION AT LEADVILLE.

Martial Law to be Declared at Once—A Reign of Terror.

Leadville, Colo., Sept. 22.—The city council held a special session yesterday at which many citizens appeared and asked that all vagrant and suspicious characters be driven from the city. The council postponed action until its regular session last evening, when it decided not to take such action, but instead to ask the governor to declare martial law at once, and the request was officially made. There are grave fears on all sides that unless martial law be at once declared serious acts of violence will occur. The disagreement between employing bakers and the bakers' union yesterday came next resulting in a declaration of a boycott against the militia. After a stormy meeting of the union last night, however, they decided to furnish the troops with bread.
