DISCOVERED NEW SPECIES OF BIRDS

OBSERVATIONS OF A BRITISH NATURALIST

Travelled Through the Central Portion of British Columbia for Four Months.

Coburn, of Birmingham, an eminlying the bird life of the central part of the province, arrived on Saturday and staying at the Dominion hotel. Mr. Coburn has made many interesting and saluable observations. He has discovered some species entirely new to the Among these might be menoned the black capped chickadee, the long billed March wren, the Cape May warbler, the ruby throated humming bird and the eared grebe.

primary object of Mr. Coburn's

been engaged for the past have been engaged for the cities and towns of Ontario.

In 1898 Mr. McClung removed to California, where he made some investments in fruit farms, subsequently coming to time visited Great Britain," said Victoria to reside. He found, however, ered to them. years in preparing a series of large strations depicting the life histories "To follow the breeding that his interests in California required rts of the world. In addition will have to be made in succeeding years in Northern Siberia, Greenland, North Alaska, Hungary, and India.

"I found the whole district of central British Columbia, from Ashcroft to Barserville, a very rich field for birds and small mammal. An exceedngly valuable collection of specimens as procured, numbering over six hun was procured, number of dred. This represented 147 species. Of these 36 were British birds, and of these The Chamber of Commerce Will Spend 36 I obtained complete life histories of 15. Of strictly British Columbia birds there were 111 species, and of these I obtained 22 perfect life histories, giving a total of 37, showing that the study of the British Columbia fauna was more omplete than the strictly British. But found the British Columbia birds so ing in their habits and nesting that I paid more attention to them than

the strictly British birds." A previous naturalist who spent fifonths in that district made a list of 94 species observed. Mr. Coburn, who has spent four months only here, gives a list of 147 species observed, which ws that he has been making very good use of his time. Of the British lumbia birds, several entirely new to the province escaped the observation of

other naturalists. Side trips were made to various parts of the Cariboo road, one being 40 miles due east from the 70-Mile House to a ely lake heretofore unvisited by an Englishman, to study the breeding haunt of Bonaparte's gull. The district traversed was a very wide one and unpopulated. The birds were found after much labor, but not breeding. The district passed through was a very fine one for ching purposes, and also most inter-

SEATTLE BUSINESS MEN COMING HERE

Eight Hours in This City To-morrow.

A telegram has been received by the Board of Trade to the effect that the Seattle Chamber of Commerce members, who started out Tuesday on their tour of Puget Sound and points on this sile of the line, would reach Victoria to-mer-row afternoon about 4 o'clock. The monthly general meeting of the board therefore will be held at 3 o'clock, and business will proceed until the steamer s sighted.

The visitors will be pleasantly entertained during their stay here. The provincial government has very kindly ar-ranged to have the parliament buildings opened during the evening. The board of trade's reception committee, at the instance of the president, has prepared a suitable programme, which will be announced at to-morrow afternoon's meet-ing. It is hoped that there will be a

large attendance at the meeting.

The excursionists will remain in Vic toria from 4 o'clock to 12, Among the gentlemen on the excursion are the following:

FIVE WERE KILLED. Particulars of Collision Between Express and Freight-Vice-Regal Party's Escape

A Winnipeg dispatch gives the following particulars of the collision on the C. P. R. at Sintaluta, between the transcontinental express, to which the viceregal coaches were attached; and a JOINT STOCK COMPANY freight train:

"A serious accident occurred Friday on the G. P. R. at Sintaluta. The number of killed is stated definitely to be five, all of whom are women: Mrs. J. C. Dowsett, of Edmonton, returning home from Winnipeg; Mrs. Warren, Sand Point, Ont.; Miss Agnes Shirly, ticketed from Ottawa to Strathcona: Kate and Annie Hermit, of Toronto, bound for Calgary. Five people were injured. "The accident is the worst that has

occurred to any passenger train on the western division of the C. P. R. since the establishment of the road. It occurred at Sintaluta, about 300 miles

sengers were injured. "The cause of the accident was a misplaced switch.

This welcome intelligence was received by Mayor Barnard from Mr. Marpole this morning. A few days ago His Worship wrote to Mr. Marpole on the subject, inquiring the reason for the de- of the scene of the accident. The second of the local sporting fraternity took only lay in awarding the contract. The su-ley in awarding the contract. The su-ers and the Minto coaches, was follow-secured. perintendent replied that probably they ing about in hour later, orders having been issued to pass the freight at the definite shape, and providing present are Shaughnessy, who is en route to the coast. Since then, however, he had word from Montreal that the B. C. General Contract Company was the successful the suc Contract Company was the successful tenderer. The wire received by Mayor Barnard was as follows: "Contract for foundations of hotel awarded to-day to main line and clear track to the rails on als and devote it to improvem

> passengers on this car is reported to will probably be increased by blasting have been injured.
> "A special train was made up, and the vice-regal party proceeded on towards Vancouver about six hours after the accident. None of this party was injured. "An inquest was held at Sintalula this afternoon, as a result of which the engineer and conductor of the freight were held for criminal negligence.

REMARKABLY RICH facilities ready for the undertaking. A An Island Mine Yields Good Returns From Its First Shipment.

A second shipment will in a short time be made from the Cascade copper mine on the West Coast. This mine has had a most remarkable history, its ore showing phewould mean that all football or lacrosse

The returns from the Tacoma smelter for the first shipment shows that the 93 tons shipped gave a return of very nearly \$2,000. This goes a long way towards covering the cost of installing the bunkers, the wharves and the tramway. The next shipment will be made to Lady-

mith smelter within a short time. It will probably be about 300 tons, and the ore 's said to be richer than the first shipped.

Work was not commenced until May, and the showing in the mine is reported to be excellent, so that the Cascade may be expected to make for itself a record in the province of British Columbia.

Miss Clara Van Sant, daughter of F: W Van Sant, manager of the Victoria Ter minal railway, has entered a young ladies college in Tacoma, where she will complete as to who killed the birds.

There is, however, no ground for such statement, according to those in a position to know, but the probability of such a thing occurring has hastened Thomas Hooper, G. Snider, Rev. W. W. Bolton and other members of the club in arranging the details of the scheme so that it might be carried to a successful conclusion this winter. If the Caledonia park passed out of the hands of Mr. Todd and was divided into lots for building it would be a dis-astrous blow to all kinds of sport. It

> that it seriously affects the attendance at the best of matches. This danger should therefore rouse all who desire to see Victoria teams do credit to themselves and the city they represent in competitions with outside aggregations to the necessity of supporting the lacrosse club in the proposal out-

matches would have to be played at Oak

Bay, which are not as good grounds and

located at such a distance from the city

REVOLTS IN REPUBLIC.

Revolutionists in Paraguay Captured a Whole Garrison-The Battle in Uruguay.

Buenos Ayres, Sept. 7 .- The revolutionists of Paraguay have captured Villa Encarnacion, with its garrison and their arms. The position of the government of Paraguay is becoming weak-er daily and its ultimate surrender or A report from Uruguay of the defeat

of General Vasquez, minister of war. in the recent battle between the Uruguayan government forces and the revontionists at Cuchilla, Negra, was published only in Buenos Avres newspapers

"On joining the northern division of Notwithstanding this, we forced them, after severe fighting, to retire into Brazilian territory. Added to this splendid left on the Princess Victoria Tuesday night government casualties are: Officers, 11 killed and 53 wounded: men. 83 killed.

CRUSHED TO DEATH.

Salt Lake, Sept. 7 .- A special to the jured by an accident in the Winter Quarters colliery. The men were warning, there was a fall of rock, and two were caught and their lives crush ed out. The third man was also caught, but extricated himself.
