OTTAWA NOTES.

OTTAWA, Nov. 19.
Sir Oliver Mowat's term as lieutenant governor terminated yesterday. He will hold office until his successor is appointed.

The congregation of the Dominion church, the leading Methodist church here, is divided over the proposal that the pastor, Rev. Dr. Rose, shall wear a gown when in the pulpit.

Delegates from the London Chamber of Commerce were entertained at a banquet at the Russell tonight. The affair was a brilliant success.

The gold output of the Yukon this season will be about \$12,000,000.

A SUCCESSFUL BAZAAR.

Hughes, L. O. L., bazaar closed last night after a successful run for three evenings. The committee wish to thank their friends and especially the young ladies who took such an active part in helping along with the work. Charles McCormick won the bridge and whip. The other prize winners were: Bagatelle, John Byers, first; A. Shanes, second; Slug gun, C. Williams, cornet stand; air gun, P. Williams, vases; wheel of fortune, Geo. Cameron, rubber neck. Mrs. Wm. McColgan was the lucky holder of the ticket that won the sofa pillow. David Donaldson guessed the correct number of beans in the bottle.

COUGHS, COLDS, HOARSENESS.

Other throat troubles quickly relieved by Vapo-Cresoline tablets, 25 cents per box. All druggists.

THIS ST. JOHN STAR is published by THE SUN PRINTING COMPANY (LTD.), at St. John, New Brunswick, every afternoon (except Sunday) at \$3 a year.

ST. JOHN STAR.

ST. JOHN, N. B., NOVEMBER 20, 1902.

METHODIST ACTIVITY.

At a meeting in the Metropolitan Methodist church in Toronto on Monday evening the sum of \$11,800 was contributed towards the \$50,000 to be raised for missionary work in Manitoba and the Northwest. The H. A. Massey estate subscribed \$5,000, there were five of \$1,000 each, one of \$500 and others of \$50 to \$200.

Some very interesting speeches were made during the evening. Rev. Dr. Carman caused some amusement by a reference to the Doukhobors. He said: "They all felt that immediate action was warranted, because people in the west went, in whatever course they adopted, right or wrong, in very large numbers. When they turned lunatics they did so in whole colonies at once, and not one at a time, as in Ontario, and as a result, were taxing the energy of the minister of the interior in keeping his precious pupils in something like working order."

N. W. Rowell, K. C., dwelt upon the coming greatness of the west. As an instance of the immense territory they had to work in, he pointed out that from the west of Toronto to the Pacific coast there was area enough to map out seventy-four such provinces as that of old Ontario, not speaking of the frigid zone. The west was bound in the future to be the dominating power of this dominion.

Several of the speakers expressed great pleasure at the evident disposition of the Presbyterian church to work in union with the Methodists in this work—an agreement which Hon. Clifford Sifton declared was of the utmost importance. Mr. Sifton predicted that by July 1st, 1905, there would be not less than 750,000 people in Manitoba and the Northwest, with a possibility of the number reaching a million. The Presbyterians are the strongest body in Manitoba, and the Methodists are second. In the territories the Roman Catholics led at the last census, but Mr. Sifton did not know what effect the recent large increase in population there had had in this connection. Those coming from England, Scotland and the United States were nearly all Protestants.

At the conclusion of the speeches the amount of \$11,800, as already stated, was subscribed. It was stated that the Methodists of Quebec and the Maritime Provinces were in sympathy with the movement to extend the work of the church in the West, which in view of the rapid settlement of the country called for extra exertion on the part of the conference.

A FALSE BEACON.

The Star a few days ago published the statement of the captain of a fishing schooner that many nets were stolen by persons along the shores of Grand Manan. The St. Andrews Beacon republishes the article and says: "The St. John Star and Sun declare the fishermen of Grand Manan to be thieves."

Beyond giving the captain's statement the Star and Sun made no declaration whatever. The Beacon, however, itself accuses the Grand Manan people of violation of law. It says: "Who can blame them, if in the absence of the fishery cruiser, the island men occasionally take the law in their own hands and set the offending nets adrift?"

Thus the Beacon, which condemns the Star for publishing the statement made by the schooner captain, is itself guilty of a falsehood in the sentence first quoted above; and in the second quotation it encourages violation of the law of the country. Let us hope the fishermen of Grand Manan have a higher standard of conduct towards their fellows than the Beacon suggests and sets before them.

The growth of Toronto as a business centre is shown in a striking manner by the bank clearings, which have nearly trebled in ten years. In 1891, says the World, when the Toronto clearing house was first established the volume of business totalled \$300,000,000, in 1898 the figures reached \$437,000,000, and in 1901 they had jumped to \$625,000,000. For the first ten months of this year the clearings were \$674,500,000, and a proportionate increase through November and December will make the total clearings at the Toronto Clearing House for 1902 run over \$900,000,000.

Socialism, says a New York despatch, has increased its national vote in the United States from \$6,000, cast for Eugene V. Debs in 1900, to more than 400,000, cast this year. Official returns, when tabulated, may swell this to half a million. Only once since 1860 has a third party made so strong a showing.

A recent United States report shows that the drug habit is increasing, and that at present there are more than 1,000,000 morphine "fiends" in the United States. It is asserted that one person in every hundred is addicted to the use of drugs.

Mrs. Roland B. Molinex could stand married life as long as her husband was in jail. She wants a divorce now, and has gone to Dakota, where they grant those convenient papers "while you wait."

Despite the fact that there is a law against inflicting needless torture upon dumb animals, the Toronto Star complains that two Toronto deer hunters took their bagpipes with them into the north woods.

The Telegraph endorses the Brooklyn Eagle's assertion that the question of the annexation of Jamaica to the United States is not a live one. Further discussion is unnecessary.

ALEX. GIBSON CO.

To Be Recapitalized By John F. Stairs and Associates.

A conference was held in this city yesterday, which, according to report, will have an important bearing on one of the foremost of New Brunswick's industrial interests. The gentlemen who attended the meeting were Alexander Gibson of Marysville, the president of the Alex. Gibson Railway and Manufacturing Company (LTD.); Lt. Col. McLean, K. C., the secretary of the company; D. C. MacLaren of Liverpool, one of the directors of the company; John F. Stairs, and Max Aitken of Halifax.

Reporters of the Sun saw Col. McLean and Mr. Stairs last evening, but they declined to give anything for publication. Mr. Aitken was also seen, but he was equally reticent.

The Sun learns, however, that the Alexander Gibson Railway and Manufacturing Company will within a short time be re-capitalized by Mr. Stairs and his associates in the sister province. Bonds, preferred stock and common stock will be issued in a sum exceeding \$6,000,000. Mr. Gibson will be the president of the company and will have associated with him as directors J. F. Stairs, the president of the Nova Scotia Steel and Coal Co.; R. E. Harris of Halifax, a director in that concern, and other prominent Nova Scotia financial men. It is understood Col. McLean of this city will be made a director. The securities will be listed on the Montreal stock exchange. The new company will own and operate the Canada Eastern railway, the cotton mill at Marysville and the timber limits and saw mills on the Nashwaak and at Blackville. The Canada Eastern line is 137 miles in length, and of late the road has shown excellent earnings. The cotton mill is said to be the largest individual cotton mill in Canada and gives employment to several hundreds of hands. The mill, with its admirable equipment, is said to be worth over a million dollars. The timber limits are understood to cover 200,000 acres, and the Nashwaak river is owned outright by the concern. The new company proposes to manufacture between thirty and thirty-five millions of lumber per year. The town of Marysville is another asset of the company, all the land being owned by it as well as the houses which are occupied by the Gibson company's employees. The company will also operate the very extensive timber limit at Blackville, where they have saw mills, a grist mill and a shingle mill.

It is said within a month the new company will be in control of all these vast interests. The lands which they have are capable of a much greater production of lumber, and it is safe to assume that the production of the saw mills will in the course of a few years be greatly augmented.

Mr. Gibson returned to Marysville last evening and Mr. Stairs and Mr. Aitken left for Halifax late last night.

TO ADVERTISE.

Copy for CHANGE OF ADVERTISEMENTS in the STAR should be in the hands of the publisher not later than 10 a. m. to ensure insertion in that day's issue.

DEATH OF ROBT. THOMPSON.

The death occurred yesterday afternoon, at his late residence, 171 Mill street, of Robert Thompson, a highly respected and well known resident of the north end. Mr. Thompson, who was over 80 years of age, had been ill for some time, and while death was not unexpected, it came as a severe shock to his family and friends. He came to this country over sixty years ago, settling at Chance Harbor, where he went into the fishing business. Later he moved to Little Musquash, where he resided twenty years, after which he moved to this city. For the past ten years Mr. Thompson did not engage in any business. He was twice married and had a wife and thirteen children to mourn their loss. John Thompson of the Sun mechanical staff is a son of the deceased.

The funeral will be held on Friday, interment being at South Musquash.

MONTREAL.

MONTREAL, Nov. 19.—Official announcement was made today of the resignation of John Pitblado, local manager of the Bank of Nova Scotia. He will join the Montreal Stock Exchange, having paid \$25,000 the other day for a seat. Mr. Pitblado will be succeeded in the bank by W. P. Hunt, now manager at Kingston, Jamaica, who will be succeeded by A. H. Rowley, now one of the bank's inspectors. It is also announced that Charles M. Hays, general manager of the Grand Trunk Railway, is to join the board of the Merchants' Bank of Canada.

The by-election for the house of commons for Malpasneuve has been postponed to December 1st to 9th. The returning officer was unable to complete the necessary arrangements in time.

ANGUS McLEOD, M. P., DEAD.

BRACEBRIDGE, Ont., Nov. 19.—Angus McLeod, M. P. for North Ontario, died Tuesday night in St. Paul's hospital at Vancouver, B. C. Heart failure was the cause. He was on a trip through the west at the time. Deceased was a conservative in politics.

IRELAND IS IN THE LEAD.

Twenty-Four Countries Represented by the Eight Hundred New Citizens Made During the Past Two Months.

(Anaconda, Mont., Standard, Nov. 4.)
Eight hundred and two aliens were naturalized in time to vote at the election today, of that number 680 having been admitted to citizenship in October and the remainder prior to that month. Twenty-four countries are represented by the new citizens, Ireland heading the list with 265. The next highest is England, which country contributed 110, followed by Austria with 107. The others came from all parts of the world, including Newfoundland in one portion of the earth and Syria and Roumania in another. The different countries and their representations are:

Ireland	265
England	110
Austria	107
Canada	96
Italy	77
Germany	29
Finland	26
Sweden	22
Norway	15
Russia	12
Scotland	8
Switzerland	7
Denmark	5
Wales	4
New Brunswick	3
Belgium	3
France	2
Syria	2
Newfoundland	2
Isle of Man	2
Nova Scotia	2
Australia	1
Holland	1
Roumania	1
Total	802

Of the 802 new citizens, 372 were admitted upon their statement that they came to this country under the age of 18, nearly all of them at the age of 17. There are still a large number of petitions on file, probably 100, of men who applied for final papers and did not put in an appearance for examination.

DOUG SIFTON'S WARDS.

The Toronto Globe is Mildly Humorous over Them.

(Toronto Globe.)

Taking up the white man's burden is all very well in its way, but carrying it home is a far different matter. It is a practical move to send the assistant secretary of a charity organization to investigate a case of distress, but a far different matter to bring that case of distress home and establish it in comfortable quarters. If the Star did not mind, we could send out a force sufficient to impose the blessings of civilization as they have it in England on all the Doukhobors in his dominions. That would be a practical and systematic way to take up the white man's burden. But bringing the Douks here to civilize them on the spot is positively inconvenient. The white man's burden is one of the many things to which distance lends enchantment. If the Douks will only return to the old home we will never lose our kindly interest in them. We will send them all the moral and religious admonitions that the censor will pass. We will subscribe to prizes for their annual pedestrian contests, buy tickets for their Christmas tea meetings, entertain their walking delegates, send tourists among them, and reach out to them (across the ocean) the glad hand of friendship. We will give them the civilizing influence of our example at a distance. The personal freedom of this country does not appear to suit our friends of the lofty ideal. A czar who would arrange their domestic and personal habits, determine their interpretation of the Scriptures, set forth where they should live and what they should work at, when they should travel and when they should stay at home, would fill a much felt want.

COMMUNICATION OPEN.

SYDNEY, C. B., Nov. 19.—Communication by wireless telegraphy is now practically established. It was reported this morning that Mr. Marconi has received a wireless message from Piddhu at Table Head station. The Carlo Alberto, decorated with flags and bunting, seemed to confirm this report, and it was not long before word were discussing the matter on the streets. Your correspondent rang up Mr. Vyvyan at Table Head station and asked for a denial or confirmation of the report. Mr. Vyvyan turned to Marconi and repeated the message he had received. A few minutes later Mr. Vyvyan returned to the telephone and stated that Marconi would say nothing about the report that a wireless message was received this morning, but he would confirm the report that a wireless message was received at Sydney harbor on the Carlo Alberto from the Cornwall station.

MENUTT SENTENCED.

HALIFAX, N. S., Nov. 19.—Morton McNutt, who shot his wife, mother-in-law and then himself, in September last, after recovering, was sentenced to two years in the penitentiary on two charges to twenty years in Dorchester penitentiary for shooting with intent to kill, and five for shooting with intent to maim. The five years will run concurrently with the twenty, making twenty in all.

MUSIC AND POETRY.

Words by Tennyson, set to music by Villiers-Stanford, form a song cycle known as "The Princess," and this beautiful concerted work will be sung by a quartette under J. S. Ford's direction on Thursday, the 27th inst., in the school-house of the Mission church. Mr. Ford purposes giving a series of entertainments during the winter, of which works, music entirely new to St. John people. One evening will be devoted to the music of Sullivan's operas, and a song cycle composed by Mr. Ford, treating both the humorous and sedate side of juvenile existence, will be given on another occasion.

ELLISON VAN HOOSE.

The noted tenor, Ellison Van Hoose, who will be heard here Dec. 15 and 16, was the principal soloist at a Wagner concert given by the Symphony Orchestra in Boston last fall. The critic on the New York Journal, in referring to the event, says in brief: Van Hoose revealed a voice of wonderful volume and purity. The high C's rang out sonorously, but always sweetly. There are few if any tenors possessing a voice of such rare beauty, combined with the necessary amount of temperament and animation. Watch all the principal music events in the largest concert hall and you will notice Van Hoose doing the tenor portion.

ST. ANDREW'S SOCIETY.

The members of this society are preparing to hold one of their popular Scottish nights in the York Theatre on Monday evening, 1st December. The necessary amount of the programme will be in the auditorium and the dancing in the assembly rooms. The committee wish it fully understood that tickets must be obtained previous to the entertainment, as no tickets will be sold at the door.

THE ANCIENT EGYPTIANS.

The York Theatre will afford a splendid opportunity of showing to advantage the fine collection of excellent limelight views with which Mr. Steen will illustrate his lecture this evening, "The Ancient Egyptians," may sound to some a dry subject, but those who have heard Mr. Steen deliver the lecture in Montreal cannot say too much in praise of it, and ticket holders may look forward to a treat. Speaking of another lecture upon a kindred subject, delivered last winter in Montreal, the Star said: "A brilliant audience listened to the second of this lecture series." "The second of the Rev. F. J. Steen's course of four lectures completely filled the audience room of the art gallery. The subject was 'The Influence of Egypt in the Sphere of Religion,' and the absorbed attention of the listeners proved anew the capacity and brilliancy of Prof. Steen in the rostrum."

WEST END DRAMATIC CLUB.

The entertainment of the West End Dramatic Club in Carleton City Hall, last evening, was largely attended and most successful in every respect. The programme consisted of four short plays, Mr. Bob, All on Account of a Bracelet, Frank Gwynn's Wife, and Aroused at Last. Those taking part were Misses Bertha Maxwell, Bertha Shampier, Mabel Roxborough, Bessie McCoskey, Nellie Clark, Lena O'Reilly, Ethel Moran, L. N. Retallick, W. Retallick, Frankie Clarke and Nettie Clark; Messrs. Jack O'Reilly, Sutton Roxborough, James Carleton, Edward F. Law, Roy Mosher, Fred Mosher and Robert Brittain. The scenes were well staged and the acting reflected credit upon the instruction of Miss M. Florence Rogers, whose pupils the members of the club are.
