The score was 16 to 12 in favor of the smokers, and the victory was won despite the frantic efforts of Coacher Peter Sinclair, of the Barnes team. For the victors Stevens and Keely held the weights on the battery positions, while Foohey, Murphy and Crowley energetically piled their labors for the victims. The Barnes' body missed the managerial wisdom of Grover Watts, who was unavoidably absent.

Com Kelly of Carleton Co., Offers Up

Supplications.

Whether Magistrate Ritchle is badly in need of prayer is not stated, but in the police court this morning Thomas Kelly, an octogenarian resident of Carleton county spoke strongly in his behalf. Kelly had been tanking up around Main street on Saturday afternoon, but the booze did not agree with his system. The two didn't mocha and java worth a cent. As a result Kelly was arrested and in court today pleaded hard to be allowed to go home. He said he would walk, and after some conversation with the court was set free. Then Kelly bowed with all his might, and raising his hands called down blessings on the magistrate's head. It was the magistrate's future that seemed to trouble Kelly most and he evidently feared that too many precautions could not be taken.

Fred Raiston for being drunk on King square was fined two dollars and Dennis Sullivan, who was badly jagged on Pond street, deposited eight dollars with the promise of getting six months next time he appears.

NOW SMILE A LITTLE, PLEASE.

NOW SMILE A LITTLE, PLEASE.

Trembling with fear, produced by a dozen or more wicked grimaces centred on him, an amateur photographer in the Park on Saturday afternoon failed to press the buils that would have given him his coveted picture of the G. P.'s, as they tumbled past on their homeward march.

Their day's toil completed, the G. P.'s were trudging gaolward, not in the best of humor by any means. To them the Saturday half holiday is a thing unknown, and they evidently felt their misfortune keenly. The amateur photographer in question, espying the disordered ranks of the approaching G. P.'s, moved back a little from the road and focused his machine for a snap-shot. The G. P.'s were not slow in divining his purpose and made up their minds to outwit him. As they neared the photographer, their faces assumed all the shades of villainy. Scowls of the darkest hue, fierce grimaces and awful frowns distorted their countenances. The camera fiend withered, and before he was able to recover himself the G. P.'s were beyond his range.

ABLED.

The new river steamer Beatrice E. Waring met with an accident shortly after six o'clock this morning. She was coming down the Belleisle, and just after leaving Brown's Flats one of the stays from the mast to the stern wheel supports snapped, throwing one of the eccentrics out of opposition. The Waring was unable to proceed further and waited until the Victoria came along about half an hour afterwards. The ninety passengers on the Waring were transferred to the Victoria and reached the city only a little late. The tug Waring will go up river to bring down the disabled steamer.

At Rothesay yesterday afternoon the Skinner Club house was totally destroyed by fire. This bit'l'ng has been occupied by Sherwood Skinaer, Bowyer S. Smith and eight or ten ether young men. It was situated in the Rotheray Park, adjoining the Turaball property. Early yesterday afternoon the front of the building was seen to be on fire. The flames rapidly gained headway, and in spite of the efforts of many iesidents who formed a line to the river and passed buckets of water, it was found impossible to save the house, Most of the contan's were, however, removed.

The fire started under the front verandah, through a crack in which a lighted cigar had been carelessly dropped. The building was valued at \$300; no insurance.

COKE ON THE TURF.

The last reports from Boston say that Coke O'Brien is well sustaining his reputation at the Hub. A St. John man while recently on a visit there had an experience with him that he does not wish repeated.

While sauntering down Washington street he was accosted by a tramp-like man, in whom he recognized the shifty Coke. He nodded indifferently and attempted to pass on, but Coke was not to be shaken that way. He followed close for two or three blocks, attracting attention and comment, until the St. John man was at last obliged to give Coke what he was after, a quarter, in order to shake him.

It is said that Coke has located himself on Washington street as the most likely place to intercept down-easters. As seon as fie esples a St. John man, if he be a block away, the wily labor agitator makes for him and sticks to him until he gets some money.

went were; Fathers Chapman of Woodstock, Lavery of St. Stephen, Doyle of Militown, Flaherty of St. Andrews, McDermott of Petersville, Carney of Fredericton, LeBlanc of Kingsclear, Bradley of Florenceville, Murphy Debec, Ryan of St. Mary's, Walsh, Gaynor, Meahan, McMurray and Cormier of the city, Collins of Fairville, and O'Neill of Silver Falls.

Much interest is being taken in the boxing exhibition tonight at the Victoria Rink and while the McLeod-Flaherty affair is attracting some attention the Connolly-Sullivan scrap is of course the most important. Wm. Keefe will referee the latter while Jack Powers will hold the balance between the other boys. Officers Campbell, Killen and Scott have been engaged to prevent disorder.

Jack Goff, a prominent sporting man of Halfax, is in the city. He is backing Sullivan and the betting is all even money.

THE HOLIDAY BREAKERS.

A number of the small dry goods stores, keeping open on Saturday night, were last week reported to be doing a big trade and to have taken on extra help to meet the increased demands of the public. This is not quite true, as while they are keeping open as they have done right along, their trade, if anything, has fallen off during the observance of the half holiday.

THE HOSPITAL.

Charges Made and Denied-More to

In Saturday morning's issue of the Telegraph there appeared a lengthy interview with E. J. Hogben, then a guest at the Dufferin, but previously a private patient in the St. John Gen-eral Public Hospital. Mr. Hogben, it guest at the Dufferin, but previously a private patient in the St. John General Public Hospital. Mr. Hogben, it appears, came here from New Haven some weeks ago, and entered the hospital on Wednesday, July 29th, as a private patient of Dr. A. T. Emery. He was to have had an operation performed, and claims that the part to be operated upon was not dressed during the interim from 4 o'clock Thursday atternoon to 10.30 the following morning; that the first pillow he had was rough and that he had considerable trouble in getting a softer one; that he had a severe chill on furday morning, and received no from the form of it, that flaxseed poultic high Dr. Emery had ordered were applied, and that generally the great a lack of attention strong that on Monday afternoon he from bed, dressed, paid his bl. 22 a day, and left the hospital. He states that a Cornell student who near him in the hospital complained of the treatment accorded him.

The interview, he said, was given in the interests of suffering humanity who entered the St. John General Public Hospital.

In the Globe of Saturday evening there was published a letter from Dr. J. H. Lunny, superintendent of the hospital. Dr. Lunny denied Mr. Hogben's statements regarding the latter's treatment in the hospital. Preparations for the operation were all made, he said, and after so much thouble the patient decided that he would not be operated on. Dr. Lunny classified Mr. Hogben's statement for chill. After the second chill he became very weak, and strychnlne was administered with some whiskey. He became delirious, and his brother was sent for by Dr. Pratt, not by Mr. Hogben, as that gentleman told the Telegraph. Dr. Lunny declared that the patient would send the nurses away, and that he refused the flaxseed poultice. Dr. Lunny classified Mr. Hogben's statements as gross falsehoods.

classified Mr. Hogben's statements as gross falsehoods. In this morning's Sun there is a letter from Russell G. Langdon, captain of Third Infantry, U. S. army, and brother of the Cornell student referred to by Mr. Hogben. Mr. Langdon affirms that his brother had nothing but words of praise for the hospital and staff, and sincerely thanked the superintendent and assistants for the kind attention shown his brother.

Mr. Hogben has announced his intention of sending from Boston a sworn statement of his charges.

GRUMBLING AT THE PARK.

A lot of grumbling was heard from visitors to the Park on Saturday afternoon and Sunday. There is no way of quenching the thirst or appeasing the appetite of the tired strollers. There is, of course, something like a refreshment stand, where a drink of coffecan be obtained on week days, but on Sunday even this ultra-temperance drink is denied the public.

A place of recreation without a refreshment counter is not appreciated these days. Even the bears were heard to complain on Saturday afternoon, and were only quieted by the assurance of one high in the park management that he would bring them out a piece of cake the next time he came,

LEAPING POWER OF DEER. Fence Seven Feet High Cleared by a Jump Up a Steep Hill.

Several of them got out of a deer park on a mountain and into a large wood adjoining. We entied them with a train of oats into a walled paddock off the deer park, having left a gap in the four inch wire netting of the deer fence at the edge of the wood.

When they were safely in, a man went round and closed the gap, and we opened the large gate into the deer park, thinking we could easily move them in. Not a bit of it. Directly the beaters began they charged them and jumped the wire paling back into the wood again.

This paling is seven feet high and is on very steeply sloping ground. They had to jump the hill and it seemed to mall could jump such a height that I went to look at the place, and there sure enough the keeper showed me the hairs of the deer on the top wire where they struck if going over, and the mer said they saw one deer tumble down on landing on the other side.—Country Life.
