THE STAR, ST JOHN N. B. WEDNESDAY, APRIL 28, 1909

SEVEN

The Difference between Baby's Own Soap and Others

Baby's Own Soap

1. Is made from clean refined vegetable oils—that are naturally fragrant.
2. Does not contain a particle of coloring matter or any other impurity.
3. Gives a rich creamy lather which preserves the soft smooth texture of the skin and leaves it cool and soft.

Others

1. Are made from uncleanly animals fats—the refuse of the abattoirs.
2. Are strongly scented and highly colored to disguise their coarse quality and impure nature.
3. Give a lather which irritates the skin, leaving it dry, rough, red and coarse.

Are You Particular?

If so refuse substitutes and use

Baby's Own Soap

ALBERT SOAPS, LTD., Mfrs.,

MONTREAL.

MANY BILLS WERE PASSED AT THIS MORNING'S SESSION

FREDERICTON, N. B., April 28.—The house met at 11:45 a. m. Bills to provide for a stipendiary magistrate for the parish of Durham, regarding land and tenant, regarding Kingston Consolidated School, and the Board of School Trustees of the town of Newcastle, were read a third time and passed.

The house went into committee to consider a bill relating to the Supreme Court, (the Judicature Act). Hon. Mr. Hazen explained that the bill was to come in force upon proclamation, and the residences of judges was left an open question as heretofore. The bill was agreed to, reported, read a third time and passed.

The house went into committee to consider a bill relating to the towns incorporation act. Hon. Mr. Hazen said the bill had come from several towns incorporated under the towns incorporation act. It provided that residents of any such town should have votes in municipal elections for the parish in which the town was situated unless owning property in the parish outside the town limit. The bill did not refer to towns which had no representation from their town councils upon the county councils. The bill was agreed to with amendments, was read a third time and passed.

The house went into committee, Mr. Baker in the chair, to consider the bill relating to the Aluminum Production Company of New Brunswick. It changes the name to the General Oil Shales Company of Canada, Ltd. Mr. Baker reported that the corporations committee recommended the bill except the provisions for bonding privileges.

Hon. Mr. Hazen moved the section be struck out, thus preventing the company from issuing bonds in excess of the paid up capital.

Also a bill relating to the Canadian Terminal Railway Company, giving power to build a railway from L'Etang to the St. John river at or near Fredericton and to St. Stephen with such branches as it may deem necessary, the expropriation rights to be the same as those conferred by the Dominion Railway Act and not applying to the shores of L'Etang harbor or Califf's Island.

Also a bill to incorporate the St. John Valley Railway Company. Mr. Shipley moved the bill in committee and explained its great value to the large districts it would serve and the urgent necessity for the road's early construction. The bill provides that construction must begin within two years and be completed within four, the route to be from St. John or a point on the C. P. R. at or near Westfield thence for the valley of the St. John river to Fredericton, to Woodstock, to Lakeville, Centreville and Andover, thence to a point on the Transcontinental Railway following as near as practicable the sides of the river on which the C. P. R. does not run, the transfer of the charter to be made only on approval of lieutenant governor in council. The several bills were agreed to on report.

Mr. Munro presented the report of the committee on the bill relating to the parish of Lancaster. Mr. Munro withdrew a bill relating to the parish of Lancaster. He stated the bill had been considered by the committee and was better to have it considered more fully before being passed.

Hon. Mr. Macdonald withdrew a bill, addition to the Police Act of St. John. The house took recess.

Never kiss a girl while the scent of cigarette is on your lips, for the next fellow who comes along may think she has been doing the smoking.—Florida Times-Union.

BOO LATE FOR CLASSIFICATION

FOR SALE.—This week a cooking range, with hot water attachment and 18 yards of linum. All these new (dual) words, suitable to fill in bay windows. Apply, 185 King street east, W. L. ROBSON. 28-4-2

TO LET.—The middle flat on Queen street, north side, between Carmarthen and Westworth, lately occupied by Paxton L. Campbell. Modern conveniences, separate entrance. Apply to MRS. NORMANSELL, corner Britton and Carmarthen streets. 28-4-6

SENTENCE OF DEATH, IT IS SUGGESTED, MAY BE THE DOOM OF ABDUL HAMID

(Continued from Page One)

CONSTANTINOPLE, April 28.—Abdul Hamid, the deposed Sultan of Turkey, left the capital last night for Saloniki. He is accompanied by eleven women of his harem.

He was conveyed quietly under cover of darkness from the imperial palace at Yildiz to the railroad station in Stamboul shortly after he was installed on board, the train pulled out for the west.

CONSTANTINOPLE, April 28.—The official decision of the Sheikh-Us-Islam authorizing the deposition of Abdul Hamid, has been made public. It embraces the questions put by the Parliament to the Sheikh-Us-Islam and his answer thereto. The text follows: "What becomes of an Imam (the title of the Sultan of Turkey as head of the Orthodox faith), who has destroyed certain holy writings who has seized property in contravention to the laws, who has committed cruelties in ordering the public money, who has ordered the execution of a man without any justification under the Sheri laws, who has having sworn to govern according to the Sheriat, has violated his oath, who by gifts of money has provoked intestine bloodshed and civil war and who no longer is recognized in the provinces?"

To this the Sheikh-Us-Islam replied: "He must abdicate or be deposed."

Not one of the Constantinople newspapers has a good word for Abdul Hamid, whose life and reign are being held up to universal execration. On the other hand the accession of Mehmed V. is regarded as the dawn of a new era.

The Cabinet has been requested to remain in office for some days longer.

MONTÉ CARLO, April 28.—President Fallieres, of France, has sent a telegram to Mehmed V., conveying his congratulations on his accession to the throne and his best wishes.

LONDON, April 28.—Halliday Bay, the local representative of the Young Turks, declared today that when Abdul Hamid reached Saloniki, he would have to stand trial on the charges set forth in the Fetwa deposing him.

A sentence of execution is not probable, continued Halliday Bay, "but he probably will be imprisoned. He is a prisoner for some years, so this will be no great punishment. His property, acquired illegally, will be confiscated by the state. I do not anticipate serious trouble in the provinces, only except possibly in northern Albania, where Abdul Hamid recruited his personal bodyguard."

ST. PETERSBURG, April 28.—An official despatch from Constantinople announcing the deposition of Abdul Hamid and the accession to the throne of Mehmed V. was received at the Turkish embassy here at midnight last night and was at once communicated to Foreign Minister Isvolsky, who then forwarded the message to Emperor Nicholas by special messenger early this morning. It is understood that the recognition of the new regime in Turkey will be made without delay although no official steps in this direction have yet been taken. Turkish embassy denies the report of reactionary disorders in Erzerum. According to its advices the situation in Turkey is improving.

In view of the circumstances attending the retirement of Mehmed V. from the Russian embassy, has been determined.

WASHINGTON, April 28.—The Turkish ambassador Huseini, who today formally notified the state department of the accession to the throne of Mehmed V. under the title of Sultan of Turkey, under the title of Mehmed V.

GOTCH DEFENDED TITLE AGAINST DR. ROLLER

H. A. Wright Now National Billiard Champion—Navy Championship—Police Guard Baseball Umpire

KANSAS CITY, Mo., April 27.—In a fast match Frank Gotch tonight successfully defended his title as wrestling champion of the world against Dr. Benjamin F. Roller, of Seattle. The champion won the first fall in seven minutes, 25 seconds, with a combination croch and half Nelson, and the second in 16 minutes, 29 seconds, with a reverse rollers.

NORFOLK, Va., April 27.—Maldin, of the battleship Virginia, holding the lightweight championship of the navy, successfully defended the title against Johnson, of the receiving ship Franklin at the Norfolk navy yard tonight, the latter going down and out in the fifteenth round.

NEW YORK, April 27.—H. A. Wright, of San Francisco, tonight won the national amateur billiard championship at the Liederkreis Club, defeating C. F. Conklin, of Chicago, by a score of 400 to 251.

ALTON, Ill., April 27.—Edward Payson Weston, trans-continental walker, who left Girard, Ill., this morning, arrived tonight. He walked 11 miles to-day. He will leave tomorrow for St. Louis.

ROANOKE, Va., April 27.—To prevent a mob of irate baseball fans from doing him bodily injury, Umpire Robert Pender was escorted to the city jail by a squad of police following today's Virginia League game between Norfolk and Roanoke, which the former won by the score of 2 to 1.

The umpire rendered a decision which affected the result of the contest and the spectators charged Pender, who formerly managed the Norfolk club, with deliberately throwing the game to Norfolk.

HOPE FOR THREE YEARS OF INDUSTRIAL PEACE

SARANTON, Pa., April 27.—The tri-lateral convention of the anthracite miners, which, tomorrow, will ratify the proposed agreement that is expected to be signed Thursday in Philadelphia by the representatives of the men and the mine operators, met here today, organized and adjourned until tomorrow, when the report of the committee of seven will lay the agreement before the delegates.

There has not been a hitch in the plans of the leaders of the union thus far and none is anticipated by them. They fully expect the agreement to be completed by the end of the day on Thursday, thus ensuring industrial peace in the hard coal fields of Pennsylvania for another period of three years.

The only point that has not been definitely cleared is President Lewis' attitude toward the union. It is understood that he does not recognize the union.

ELVEN KILLED BY EXPLOSION ON SUBMARINE

NAPLES, April 27.—Eleven men were killed and eleven others injured as a result of the explosion here yesterday on board the Italian submarine Foca.

The American gunboat, though only ninety feet distant from the Foca, suffered no damage. Launches from the gunboat today launched the work of refloating the Foca. Lieutenant Commander George W. Logan, captain of the Scorpion, has expressed the condolences of the American navy to the Italian Department of Marine.

BOY DRAWN UNDER TRAIN AND KILLED

MELROSE, Mass., April 27.—The powerful suction caused by a rapidly moving train tonight drew Max Landy, 17 years old beneath the train wheels, where he was killed. With him went a small child, the result of a momentary accident, and in equal danger was Miss Ellen M. Stone, whose capture and subsequent ransom by a Canadian bandits four years ago brought her into international attention. Miss Stone, however, was unhurt. Young Landy was a student at Melrose high school and a prominent athlete. The train under which the boy was killed was the express from North Berwick, Me., to Boston.

THE BUSY MAN.

If you want to get a favor done. By some obliging friend. And want a promise, safe and sure. On which you may depend. Don't go to him who always has. Much leisure time to plan. But if you want your favor done. Just ask the busy man.

The man with leisure never has a moment he can spare. He's always "putting off" until his friends are in despair. He has a whole every waking hour. Forgets the art of wasting time—He cannot stop to shirk.

So when you want a favor done. Go to the man who constantly works twenty hours a day. He'll find a moment, sure, somewhere. That has no other use. And fix you, while the idle man is framing an excuse.

—New York Ledger.

THE TIRELESS PACE.

"You Americans don't take enough exercise," said the foreign physician. "Great Scott!" replied the young man with a surprised nose. "You ought to see us on the boardwalk at a summer resort!"—New York Life.

LESSONS IN PORBEARANCE.

"Do tell me, is young Mr. Daft such a fool as he looks?" "Oh, no, indeed! More so."—Lippincott's Magazine.

"Why do you insist on having your husband experiment with the chafing dish?" "It makes him more cautious about criticizing the cooking at regular meals."—Washington Star.

REASSURING.

"Ma, I didn't know that Browns kept horses." "They don't, my dear. What made you think so?" "I heard pa telling a man on the street yesterday that Mrs. Brown has the finest carriage of any woman he knows."—Detroit Free Press.

You're never too old to learn, says the Philosopher of Folly, but you have to be pretty blamed old before you'll admit it.—Cleveland Leader.

The Alternative—If you stay at your desk so late and work so hard you'll soon be bent with care. Well, I'd rather be bent than broke. —Cleveland Leader.

LOCAL NEWS.

See what advertising, backed up by the goods, does. Walter H. Irving, the jeweler, of 55 King St., has been telling people of the fine stock he carries, and of the low prices. But he did not intend goods to be given away for nothing. Some persons evidently took this meaning, and accepted his invitation to call before going elsewhere. They came down the skylight last night, but were frightened before they stole anything. Everybody knows where high class jewelry can be found, but Mr. Irving prefers customers who come in the front door.

LOCAL INVESTORS BACK FROM COBALT

Members of the party of Maritime men who were inspecting Cobalt mining properties returned to the city today. Among them were: J. M. Robinson, F. B. Ellis, W. B. Tennant, and H. J. Dick, of St. John; E. G. Lynch, of Digby; Frank Stoddard, of Truro; and Messrs. Brookfield and Taylor, of Halifax. The remainder of the party waited over in Upper Canada in connection with their expectations had been more than fulfilled, both as regards the town of Cobalt and the mines themselves. He judged that there were half a dozen mines of undoubtedly immense value in the district which they visited. On the other hand there are dozens of wild cat schemes which are taking a lot of money from investors. Everything within a radius of the successful mines is stacked off and being boomed as a silver mine. In the big mines which they visited they saw veins of almost pure silver eight inches in diameter. In one of the mines the silver in sight was estimated to be worth millions.

The party were fortunate in having with them Prof. Henson, the eminent geologist, whose experience was of immense value to them.

Cobalt is now a town of about five thousand inhabitants and is taking on a most substantial appearance with a number of brick buildings being erected. It has the advantage of having the railway tracks laid right to the mines, making access to them very easy.

At Gouganua, thirty miles to the north of Cobalt, is a colony of 6,000 people who have gone in during the winter and staked out claims and are now waiting for the snow to clear in order to find out whether they have drawn a prize or a blank.

Mr. Tennant said that the impression that the mines made on the members of the party could be judged by the fact that every member of the party invested before they left.

ORGANIZED A GOLF CLUB AT AMHERST

AMHERST, N. S., April 28.—The country club opened here yesterday. Judge Patterson presiding. There is a large docket and the court will be in session several days. The first case tried was the King versus William Walsh, on the charge of breaking in and stealing from the house of Benjamin Foll, Athol, N. S. this county. Walsh has already served a term in Dorchester. He received a sentence of six months in the county jail.

The Golf Club was organized here last evening at a largely attended meeting. The officers are: President, N. A. Rhodes; Vice President, H. Webb; managing committee, H. J. Logan, J. M. Curry and J. Grant.

A BOTANICAL PUZZLE.

One of the most puzzling questions in botany is, "Why or how does water rise to the top of a tree?" Various explanations of the phenomenon have been proposed, but none is regarded as altogether satisfactory. Dr. E. B. Copeland recently attacked the problem by means of interesting and novel experiments. For instance, he constructed an "artificial tree" of plaster of Paris, and found that water moved upward in it more than 40 feet. Yet he was unable to base any definite conclusion upon the results, his explanation being that the water travels a large part of the way in a film, between bubbles on one side and the wall of the tube. The water travels on the other. But the physical properties of the film are yet unknown.

THE TIRELESS PACE.

A. E. Hamilton, Contractor, has secured ten Building Lots and prepared to build as many houses for cash or on the installment plan or for rent. Phone 1628, St. John, N. B.

SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Patented—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead, or a farm of at least 30 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$3.00 per acre. Duties.—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.
