ST. JOHN'S DAY.

There are two tests for us, the first test of investigation, the second that of obligation. When a man has become a member of the order he should try to lead a better life.

It is not finally at rest. Satan and his temptations are still to be conquered. In life there is no real rest, but in all the turbulence of strife look forward to that "beyond" that is the goal.

He would like to remind the order of its true to himself and his social life. But though he is steadfastly anchored, he is not finally at rest. Satan and his temptations are still to be conquered.

In life there is no real rest, but in all the turbulence of strife look forward to that "beyond" that is the goal. He would like to remind the order of its true to himself and his social life.
