WREATH UNVEILED BY JUDGE MCINERNEY

Addresses Delivered by Lt. Gov. Pugsley, Chief Justice McKeown, Mayor Hayes and Dr. J. M. Frink.

THE TILLEY MONUMENT.

Yesterday, the 100th anniversary of the birth of Sir Leonard Tilley, was fittingly observed in Kings' Square when a memorial laurel wreath, placed on the Tilley monument was formally unveiled. Many citizens were present at the interesting ceremony. Short addresses dealing with Sir Leonard Tilley's life and public service were delivered by Lt. Governor Pugsley, Chief Justice McKeown, Mayor Hayes, Judge McInerney and Dr. J. M. Frink. Lady Tilley and L. P. D. Tilley, M. L. A., were present at the ceremony. The Depot Band rendered a number of patriotic airs before the beginning of the ceremony and during the unveiling played "The Maple Leaf Forever." They also accompanied the singing of the hymn "O God, Our Help in Ages Past," and "O Canada," which were sung by a number of the members of St. David's choir, led by Miss Blenda Thompson.

Dr. J. H. Frink acted as chairman for the occasion and in opening called on Rev. G. A. Kuhring to offer prayer after which the hymn was sung.

Dr. J. H. Frink.

Dr. Frink, then, in a short address, recited the steps leading to the ceremony of the day and paid tribute to the memory of the deceased statesman.

He said it had been brought to the attention of the Canadian Club, of which he was president at the time, that May 8 was the centenary of the birth of Sir Leonard Tilley and it suggested that steps should be taken to observe the event. It was thought the method adopted was the best way to do this.

While serving as adviser to Sir Leonard he had learned much as to how the office should be filled and he proposed to follow in the steps of his distinguished predecessor.

He joined with all those present in paying his tribute to the gentleman in whose memory they had gathered.

Judge McInerney.

While the band played "The Maple Leaf Forever," Judge McInerney unveiled the wreath. In doing so he said: "The simple yet proud duty which I have been called upon to perform today is that of unveiling the wreath placed in memory of Sir Leonard Tilley, but I feel that as president of the Canadian Club I should say a few words in connection with the event we are celebrating."

Sir Leonard was a man of broad vision, one who always worked in the interests of the people as he saw them. The great outstanding lesson to be learned from the life of the man, the centenary of whose birth they were celebrating, was that honesty in public life, and by that he meant honesty in the fullest acceptance of the term—erected in the hearts and minds of the people a monument more enduring than that of any other man of his time. The controlling force of the life of Sir Leonard was the doing of the right, he played the game straight, a son of Canada and of the Empire whose memory was revered by all.

For Lady Tilley his prayer was that she might long be spared to continue her good works among the people of the city and province.

Chief Justice McKeown.

Chief Justice McKeown said he was glad to be present and pay his tribute to the memory of one who, by his labors in bringing about Confederation, practically made it possible for Canada to take the place she had today in Empire affairs. The controlling force of the life of Sir Leonard was the doing of the right, he played the game straight, a son of Canada and of the Empire whose memory was revered by all.

Lt. Gov. Pugsley.

Lt. Gov. Pugsley said it was a great pleasure for him to stand on the platform and pay tribute to the memory of Sir Leonard Tilley, a man who had worthily represented the city and province in the public life of the country for many years. Twenty-eight years ago he had become one of the advisers of Sir Leonard, who at that time was filling the office of lieutenant governor. During that period he had ample opportunity of observing the life of Sir Leonard and had grown to appreciate his qualities as a statesman and a man. He believed his splendid qualities as a man outweighed his great merits as a statesman.

The speaker also paid a tribute to Lady Tilley who had always taken an interest in public work and was so well beloved by the people of the province. The gratitude of all Canadians for the freedom and it must be that

they were guided by Providence in their labors to that end.

If it were possible for those who have passed beyond to have knowledge of what is going on here he believed the tribute which Sir Leonard would most appreciate was the fact that all the citizens of his native city were determined to hold fast to that which he had been instrumental in giving them, and were willing to shed the last drop of their blood in defence of the ideals for which he fought while in life.

Mayor Hayes.

Mayor Hayes said it was a great pleasure for him as first magistrate

to be present at this ceremony.

## MAKE NO PEACE WITH TEUTON FREEBOOTERS

Rev. Charles Wagner of Paris Scathingly Arraigns the Huns, Whom He Describes as Highway Robbers Who Want to Keep Their Plunder.

New York, May 8.—German lust for world-domination has evoked from Pastor Charles Wagner of Paris, author, and one of the world's leading exponents of "the simple life," a message to the American people in which he warns against a German peace and declares that "to go on leading a quiet life when inquiry is flooding the earth is to become an accomplice of iniquity." The message makes a special appeal to pacifists.

Dr. Wagner, writer of "The Simple Life," was invited recently to make a tour of the United States by the national committee, the churches and the moral aims of the war for the purpose of inspiring churches to more effective patriotic efforts. His health prevented him from accepting the invitation and he sent his "Message to Americans" instead.

"All religious and moral motives unite to make us the defenders of right," the message reads. "There is neither excuse nor escape; the man of violence must be overthrown if we would again lead a quiet and free life. If we offer peace, he will be our master. The world will bow before Goliath if he does not encounter his David. But that shall not be. The spirit of David is making steady progress; it is winning the nations. They understand the only way to save the liberty of the world is to say to violence, 'Halt!'"

False Designs. "It appears more clearly every day, by the acts of our enemies, that they are endeavoring to achieve a world-wide domination. They cover the falseness of their designs with the cloak of piety. It is in the name of God that they want to impose their tyranny and make everything give way and bow before them. What we have now is a fearful attempt to reduce mankind to slavery by usurping divine power itself. When they have covered the earth with blood and ruins, and contrived a wholesale corruption of consciences, they show us in one hand a glittering sword and in the other an olive branch, the symbol of peace."

"Who are they, those who are preferring peace? They are the men who lose war, believing they would surely conquer, who violate the sanctities they themselves had signed, who ransacked unoffending countries, who pillaged and burned towns, who dealt ruthlessly with the civilians of the invaded countries, including aged people, women and children. They are the ones who are offering us peace as a highly organized gang of highway robbers who have secured enormous plunder and want to keep it under the cover of treaties."

## Would Sink The Kaiser Where Lusitania Sank

Rev. Dr. C. W. Welch Would First Drag German Emperor Across Ruined Belgium and Show Him What He Has Done.

St. Louis, May 6.—Dr. Charles W. Welch, pastor of the Fourth Avenue Presbyterian church at Louisville, Ky., told members of the St. Louis Association of Credit Men at their Liberty banquet last night at the Macmillan Club that they should write to the members of their firms serving at the front, to be the first to knock at the door at Berlin, capture the long-suffering Kaiser, and drag him across ruined Belgium and show him what he has done.

"Don't write about the trouble at home," said Dr. Welch, who is known as the "Militant Minister," "but tell each of your sons or relatives to capture the Kaiser's sons, bring them with their father to the spot where the Lusitania was sunk and send them to the bottom of the sea with stones around their necks. To win this war we must use the policy dictated by the enemy—we must kill Germans."

"I refuse to be classified as ministers are often classed according to the division of men, women, children and preachers. The minister's job at this time is that of a red-blooded man. The church is needed to give the spirit necessary to win the war, the spirit that must live in the hearts of the people. The spirit needed by America is more necessary than food, munitions or clothing."

"It is said that the battle line in France extends within the range of the long-range gun of the Huns. I say that the battle line we Americans at home must fight upon extends from here to Washington and from there to every community in the country. We must deal with the pro-German and the German agent."

"Every man, woman and child should appoint himself a secret service agent to ferret out these spies. The German sympathizers should be hung. Your lawless element across the river did it. You should do it, too, but in a more dignified manner. "The German nation today is a people degenerated to the brutes. We must talk of winning the war on other planes, but atrocities have shown us there is no other way but to kill Germans—to beat the brutes to death."

In your choice of an ointment. An inferior ointment is worse than none at all, because it irritates and inflames, and sometimes even poisons the place it is intended to soothe and heal. In using Zam-Buk you take no risk as its soothing, healing properties have been proved by thousands of users, and its purity is vouched for by the famous English Chemist, Dr. W. ## NERVOUS DYSPEPSIA

Accompanied by Exhausted Condition of the Nervous System—Health Restored by the Food Cure.

Lequille N. S., Mar. 21.—Nervous trouble is not confined to any age, and often people who look well are miserable on account of a feeble condition of the nerves.

When Mr. Morse had been cured of Nervous Dyspepsia by the use of Dr. Chase's Nerve Food he wrote upon his aged mother to try out this great restorative treatment. Her experience was equally happy, and so the good word was passed along to others to put this food cure to the test.

Mr. Judson H. Morse, Lequille, N.S., writes: "I am glad to be able to say a few words in recommendation of Dr. Chase's Nerve Food, because I have found it so very good for me and other. I came by my nervous trouble through inheritance and through my work. In '86 I was a nervous wreck, but the doctor and time put me on my feet again, so I got along quite well until five years ago. I got a gripe and put through a awful winter and summer, but a friend offered me some of Dr. Chase's Nerve Food Pills to try, and I found them to help me at once, so I have taken a number of boxes since that time and still find them good. Mother is in her 90th year and has suffered a lot with neuralgia of the stomach and bowels, and was in a very bad state last summer, but I prevailed upon her to try the Nerve Food and it helped her even in her advanced years. The doctor called my trouble Nervous Dyspepsia. I know of many who have taken the Nerve Food with good results. Mother thinks your Ointment excellent also."
