the present bill is to make it clear that the debentures are payable on any mile constructed. The Company also ask authority to call in old and issue new debentures to facilitate the building of the work.

Mr. Rogers and Mr. Ryan deprecated the immediate passage of the bill, and asked for time to consider it. [The reporter fails to say what was done with it.]

Hon. Mr. Fraser introduced a bill relating to St. Paul's, Fredericton, and to the churches in New Brunswick in connection with the Church of Scotland.

FREDERICTON, March 24.

On motion of Mr. Burns the papers relating to the dismissal of Thos. F. Gillespie were referred to Burns, Covert, Elder, Butler and McLeod, as a select committee for a report thereon.

On like motion of Burns O'Leary, Dow, Rogers and Austin were appointed a Select Committee, to whom is referred the matter of lumber seizure in Gloucester in 1873.

Mr. Burns presented a petition from Rev. T. Dowling and one hundred and sixty others against the Caraquet Police Force and Lockup bill.

Mr. Perley committed a bill to incorporate Lakeville Corner Manufacturing Co., Elder in the chair. Agreed to.

Hon. Mr. Crawford committed a bill to provide for allotment of dower to widows out of the estates of deceased husbands, Blanchard in the chair. The mover explained that the bill is one introduced by Wedderburn last year, but not passed on account of being crowded out by other business. It provides that a widow, within forty days after the death of her husband, may apply to the Supreme Court in Equity to have her dower assigned. If she does not so apply the heirs may, after ninety days, apply to the same Court and oblige her to make her claim. If there is no opposition to the claim on the part of the other heirs, after they have received notice of the widow's claim, the allotment shall be made by the Judge; otherwise, three commissioners shall be appointed to examine and report as to what right the widow may have in the property, after which the dower shall be assessed.

On suggestion of Davidson the forty days limitation was taken out of the bill, so as to enable the widow to apply at any time, and the bill was agreed to.

Mr. Keans recommitted a bill relating to the sale of spirituous liquors in St. John, Ryan in the chair. Agreed to with amended title and certain other amendments.

Mr. Johnson committed a bill to amend the law relating to parish and county officers, Keans in the chair. Johnson explained that the bill is to prevent persons whose names were not on collectors' lists the year previous to the parish meeting from being parish or county officers.

LEGISLATIVE COUNCIL.

FREDERICTON, March 23.

The bill relating to water supply in St. John, Eastern side of the harbor, and in the Town of Portland, and to sewerage in St. John was committed, Hon. Mr. Jones in the chair.

Hon. Mr. Seely explained the object and necessity of the bill. It was proposed to lay down 31,250 feet additional of pipes and to issue $160,000 of debentures, and to make 47,000 feet of sewerage, and to issue $200,000 of debentures which would extend over 8 or 10 years. The object was such as the city should be willing to be assessed for. [The reporter fails to say what was done with it.]

The bill relating to the appointment of the Police force in the city of St. John was postponed for three months on motion of Mr. Jones.

The bill relating to streets in the town of Portland passed. Bill requires that streets shall be 50 feet wide.

The bill to amend an act to authorize the Town of Portland to raise money by way of loan to purchase a steam fire engine and to extend the fire alarm telegraph, was committed; Hon. Mr. Seely in the chair.

Hon. Mr. Jones explained that in 1872, when Portland had fire on the brain, the act was passed but not acted on. Now the people wanted to purchase steam fire engine, extend fire alarm telegraph, and to issue $25,000 of debentures. He considered it a very judicious bill.

The bill passed.

The bill relating to water supply and sewerage in the Town of Portland was passed.

Nova Scotia Iron Ore.

We have been shown a specimen of iron ore found in Kings County, Nova Scotia. The deposit of the ore is said to be very large and of the best quality in the Dominion. The person who has discovered the ore, and who has obtained a lease of the land on which the ore is, intends to open up the deposit this spring and work it. It has been tested in St. John and declared by competent judges to be of the first quality.

CATARRH IN THE AIR.—So it would almost seem by the hundreds who are suffering from its causes. Now don't do it any longer, but run to the nearest drug store and buy a box of Reeder's German Snuff. It will only cost you 35 cents.

City Police Court.

The fire last night had not the effect of causing many drunks, as the police failed to secure a single prisoner. Wm. Frost, who came to the Station for protection, was let go.

THE DAILY TRIBUNE and all the most popular Canadian, English and American newspapers and magazines can always be obtained at the bookstore of Mr. W. K. Crawford, King street. aug18

Portland Police Court.

The badly ventilated court room was filled with a miscellaneous crowd this morning, the case of interest being that of John Wilson charged with abusive language to Ellen O'Brien. He had called her a jade and she sought the aid of the law to vindicate her fair fame. The case was dismissed on payment of costs by Mr. Wilson.

John O'Neil and Daniel Dunham were each fined $4 for drunkenness.

The Vinegar Factory Burned.

The large wooden building on Pitt st., used as a vineger factory, took fire about seven o'clock last evening and was totally destroyed together with a quantity of vinegar, materials of manufacture, and some of the papers of the proprietors. The fire was discovered in the generating room and spread so quickly that nothing could be done to save the building, which was in ruins in a few hours. The works were owned and carried on by Messrs. O. V. Troop and A. W. Masters, and were well supplied with the necessary appliances of the business. A large stock on hand, awaiting shipment, was destroyed with the rest, and in fact scarcely anything of value was saved. The building, which was about 12 years old, was formerly owned by the corporation. It was insured for $4000 in the Queen. The stock, &c., was uninsured, and it is thought that the total loss will be not less than $10,000.

"THE UNIVERSAL AYER."—On my journeys over the continent—through Turkey, India, China, Japan, Peru, Chili, Paraguay, Brazil and Mexico, and the United States—in them all to some extent and in some to a great extent, I have found the UNIVERSAL AYER represented by his family medicines, which are often held in fabulous esteem. Whether they win their marvelous reputation by their cures I know not, but I know they have it to such a degree that it frequently gave me a distinguished importance to have come from the same country.—*Field's letters from abroad.*

Shipping Notes.

The bark Sarah B. Cann. Captain Eldridge of the Sarah B. Cann, from Newcastle, E., Dec. 23rd, for New York, which was towed into Plymouth on the 7th inst., reports: On the 6th Jan., at 5 a. m., weather thick and stormy, wind S. W., a heavy gale, the bark was in lat. 48 55 N., lon. 12 W., under close-reefed topsails and foretopmaststaysail and mainstaysail, upon trying pumps in usual manner discovered ship had sprung a leak, making water on port tack, requiring 20 minutes pumping every hour, and on starboard tack 25 minutes every 2 hours. Still continued to beat to westward, weather somewhat moderate, but on Feb. 10, lat. 43 49 N., lon. 35 W., met a heavy S. W. gale, heavy sea running, and ship laboring heavily; leak increased suddenly, the pumps constantly kept going just kept her free. Crew being exhausted, held consultation with officers and crew; resolved to run for nearest port. Pumps kept constantly going until Thursday, Feb. 25, when we fell in with No. 5 pilot cutter of Scilly, when I determined to go into Scilly. On meeting with pilot cutter aforesaid, and my crew being much exhausted, took a pilot and five hands to assist the ship into port, agreeing to pay them the sum of £45 to assist in pumping. A portion of the cargo has been pumped up. She would undergo repairs at Plymouth before proceeding.

We are much pleased to notice that Mr. F. A Bernard has been so much encouraged of late as to give up his intention of leaving St. John. He likewise gives lessons in the different branches of drawing, painting, &c. 1 mo

Portland Civil Court.

Only two cases were on the docket this morning, and one of these was undefended. The other was defended, but contained no points of interest, being a simple case of goods sold. Verdict for the plaintiff in both suits.

A few drops of DR. FORSTER'S IMPROVED EXAMELLINE upon a wet tooth brush for as a rich, creamy foam in the mouth, imparting a delightful fragrance to the teeth, and thoroughly cleansing the teeth from all impurities. Call at the Drug Stores and get a sample bottle free.

Another Case of Larceny.

The police were sent for to arrest another thief this morning, the offender being a man named Robert Crosby. Shortly after breakfast time he was seen to enter the shop of Mr. W. C. Morrissey, undertaker, Charlotte street, with two planes under his arm, no one being in the shop at the time. After he left Mr. Morrissey's assistant missed a square and a pair of scissors and at once started after the thief, whom he secured and gave in charge. The square and scissors were found in his possession, and the planes were marked with the name of Mr. Myles, carpenter, from whom it is supposed they were stolen.

HOUSE OF ASSEMBLY.

(*Special to the Daily Tribune.*)

FREDERICTON, March 24.

Hon. Mr. Fraser thought it would be scarcely fair to disqualify a man in this way, for he might move into a county or parish and be in every way prepared for the duties of citizenship. The ratepayers should in such case be allowed to exercise their own judgment. The bill requires a man to pay taxes two years before being eligible to office.

Mr. Johnson said in some parts of the Province strangers with neither property nor qualifications of any kind had been appointed to parish offices, and he looked upon it as an outrage on the ratepayers, and contrary to the doctrine laid down by Fraser the other day, that no man should vote when he does not pay his taxes.

Mr. Smith said the object of Johnson was simply to disqualify all persons not ratepayers from holding Parish and County offices.

Mr. Jones said the bill itself would scarcely bear that construction, and he would ask that municipalities be exempted from its operations.

Mr. Phillips, in reply to Butler, Crawford, and others, said that as no assessment list is made up until after the parish meeting, it is necessary to go back to the assessment list of the previous year in order to ascertain who are qualified voters.

Butler, Woods, King, Burns, Tweedie and others were in favor of amending the bill so as to make it clear that ratepayers alone shall be qualified for election or appointment to parish offices.

Hon. Mr. King offered such an amendment, qualifying only ratepayers on real estate, which McLeod deemed unnecessary, as bonds are given by any officer who has money to handle. In regard to other officers, the parish meeting should be left free in its choice. The bill was agreed to.

Mr. Crawford, from the Select Committee on a bill to vest certain Church lands at Sussex in the Reformed Episcopal Church, reported that they cannot recommend it to the favorable consideration of the House. Mr. Crawford said that he himself dissented from the report.

Mr. King introduced a bill to explain an act relating to the property of married women.

Mr. Crawford recommitted a bill relating to easements, Dow in the chair. The mover said it was never conceded in this Province that persons owning buildings with windows immediately overlooking the property of others for twenty years acquire the right of preventing the owner of such adjoining property from shutting out light and air from such windows. The bill is to make it clear that no such rights exist as against the owner of adjoining property.

The Attorney General had proposed to amend it so as to prevent the bill from interfering with rights already acquired, and to make it non-effective in cases wherein it may be adjudged that rights existed under the law previous to the of the present measure.

Mr. Smith argued that great damage to the value of real estate would result were the right contemplated to be acquired in the case of alternate lots sold. The intervening lots would become almost valueless in twenty years, a thing that would work great injustice to owners of property.

Mr. Pickard said that if beliefs are to be argued upon, the man who bought property believing that his windows could not be closed up after they had enjoyed light and air for twenty years had as much right to consideration as the man who held and purchased upon the opposite view.

Mr. Elder referred to the large interests involved in the bill especially as affecting the cities. It should have been published so the public might have become aware of its contents and been in a position to place objections before the House.

Mr. King argued if the bill was made retrospective it would as surely interfere with property rights as if a man acquired claim to a right of way through another's property and it were legislated away.

Messrs. Davidson and Fraser argued in favor of the amendment to the bill of same tenor as that of the Attorney General.

The discussion was going on at recess.

LEGISLATIVE COUNCIL.

FREDERICTON, March 24.

A bill to amend an act to prevent frauds on creditors by secret bills of sale was introduced, Hon Mr. Lewis in the chair.

Hon. Mr. Jones considered the bill no improvement on the present act, but it could do no harm. It required the holder of a bill of sale to appear before the Register of Deeds and sign discharge when Registrar could grant certificate. Passed.

Hon. Mr. Hibbard in supporting the bill relating to the erection of work house and alms house in Gloucester, which was thrown out yesterday, said there was an alms house in St. George parish that was self-supporting, not a workhouse in Charlotte Co., as stated.

The bill relating to retaining walls and bridges of the Town of Portland, was agreed to.

(*Special Telegram to the Tribune*).

The Insolvency Law and the Pilotage Act—Devlin and O'Donoghue.

OTTAWA, March 24.

After recess last night, Smith's bill to amend the Act respecting certificates to masters and mates and to amend the Pilotage Act of 1873 were read the second and third time.

The Insolvency bill was next taken up. Clauses were passed with slight amendments, when the Committee rose and reported that on the 2nd clause the words "Supreme Court" were struck out, and "Court of Probate" substituted, on representation of Jones that it was uncertain whether the Nova Scotia County Courts would be organized, and it would be exceedingly inconvenient to carry all Insolvency cases to Halifax.

House adjourned.

Devlin will move for copies of papers and correspondence referring to O'Donoghue in connection with Manitoba troubles, and ask for reasons of his exclusion from the amnesty recently recommended. On this we may expect more troubles. Devlin's inconsistent course on the New Brunswick School question has alienated many of his Roman Catholic friends and he is moving in this matter to pick up lost ground.
