### **WALLYBALL, MORE THAN A GAME**

A seemingly-innocent sporting event turned into a battlefield — not of sporting prowess, but of uniforms design. The Media Services (actually the Instructional Support and Services Unit (ISSU) Team) armed with imagination and a desire to show off, prepare for each event with frenzied activity. Their goal is not to win games, for they have a much greater cause... The intent is to win the best uniform contest — not that there was officially such a "contest" initially. It just "happened" after the first wallyball tournament, and so far they have been very successful.

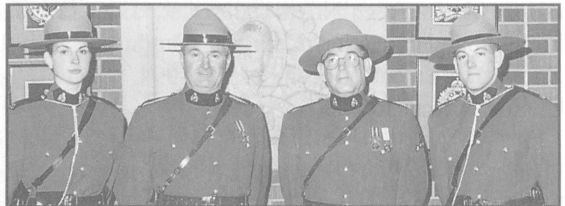

Drawing on creative ideas, rudimentary silk-screening skills, enthusiasm and a lot of hard work, the ISSU Team has concocted several uniform themes, 90% of them winners. The list is long and includes team names like: Media Maniacs, Force Thunder, Never Tire, Screamin' Mediacs, Ultimedia and FortrISS.

The real satisfaction of participating in these tournaments is not winning games or prizes. All proceeds generated by the event, held twice annually and coordinated by the Forensic Lab's 24-Hour Relay Team, go to Easter Seals and the Saskatchewan Abilities Council. It is just another example of how to have fun and help others at the same time.
