Mr. and Mrs. Owens and children spent Saturday in Ottawa.

Miss Jennie Black and Miss A. McCallum spent the week-end in Carleton Place.

Mr. Jas. Ainslie spent the week in Ottawa.

Miss Winnifred Boyle spent Saturday in Carleton Place.

Mr. D. W. F. Caldwell spent Monday in the Capital.

ALMONTE.

From the Gazette.

Dr. Webster, of Ottawa, was up to see Mr. Geo. F. Cook, and made changes in treatment of the wound caused by the operation which it is hoped will prove beneficial.

Miss Violet Young has returned to Stamford, Conn., on Tuesday, to resume work as professional nurse in that city.

Mr. Thoburn, M.P., lost his hat and overcoat, and overshoes in the fire which destroyed the Parliament buildings last Thursday night.

About fifty members of the A.Y.P.A., of the Carleton Place Anglican church drove over here on Tuesday evening and enjoyed a skate. Afterwards they were entertained by the local society in St. Paul's lecture hall, a good program and refreshments being provided.

Miss Bell was operated upon at the Rossmore Memorial Hospital on Wednesday for internal trouble.

Among the older residents of Almonte there are some who will recall the time when Mr. Geo. G. Meikle, who was assistant postmaster here for some time, and these will regret to learn of his death, which took place at Natal, B.C., on January 17th.

Mr. Jas. D. Foster, son of Mr. James Foster, of Galbraith, is home on a visit from Cut Knife, Sask. He was eighteen years of age when he went away and he has been away for eleven years, this being his first visit home in all that time.

Mrs. Sinclair has purchased the brick double tenement house near the skating rink and is having it repaired.

Mr. John McFarlane, Church street, had the misfortune last Sunday, whilst carrying a pail of water, near his residence, to fall on the ice and break his right wrist.

A hockey match between the Carleton Place Boy Scouts and a team of scouts from town was played in the rink on Thursday evening, the score being 3 to 1 in favor of the visitors. After the game the Scouts served supper at their club rooms and a pleasant evening was spent.

A highly respected resident of Blakeney for many years, in the person of Mr. James McDougall, passed away on Tuesday, in his 78th year. He kept the store and post office there for a long period, but owing to failing health disposed of the business to Mr. G. A. Murphy several years ago. He is survived by his wife, but no family.

The town hall had a narrow escape from being destroyed by fire on Sunday morning, and it happened this way: "D" Company of the 130th battalion have been using the hall for some time for the purpose of drilling in, and the men were allowed to smoke at will anywhere in the building. Around the walls there was placed several wooden cuspids containing sawdust, and into one of these the butt of a cigar or cigarette had no doubt been carelessly thrown. The fire from the cigar, or cigarette, burned through the bottom of the box, and then ate its way through the floor, burning a large hole before being discovered by the caretaker of the hall about 7 o'clock in the morning. Mr. F. Conlter, the caretaker, thought he smelled smoke several times during the night, and arose two or three times to investigate, but apparently did not visit the main body of the hall until the morning, when he found it full of smoke. It did not take long to discover the cause, and the fire was extinguished with a couple of pails of water. Had the fire got a good start during the night the hall would likely now be in ruins—and no doubt would have been blamed on the Germans.

Mr. W. E. Scott received word on Wednesday last of the death of his youngest sister, Mrs. F. N. Alexander, of Govan, Sask. Two children are left, a boy of four and a girl of two. The

THE ACUTE PAIN FROM NEURALGIA

Permanently Cured Through the Use of Dr. Williams' Pink Pills.

A clever medical writer has said that "Neuralgia is a cry from the nerves for better blood." In other words, neuralgia is not a disease—it is only a symptom, but a very painful one. Neuralgia is the surest sign that your blood is weak, watery and impure, and that your nerves are literally starving. Bad blood is the one cause—rich, red blood the only cure. This gives you the real reason why Dr. Williams' Pink Pills cure neuralgia. They are the only medicine that contains in correct proportions the elements needed to make rich, red blood. This new, rich blood reaches the root of the trouble, soothes the jangled nerves, drives away the nagging, stabbing pain, and braces up your health in other ways as well. In proof of these statements Mrs. A. T. Oulton, Little Shemogue, N.B., says:—

A few years ago my mother was an intense sufferer from neuralgia, which was located in her face, head and shoulders. The pain, especially in her head, was intense. She doctored for some time without getting relief, and there seemed to be no ceasing of the pain whatever. Instead it seemed to be extending and her whole nervous system became affected. Finally she decided to try Dr. Williams' Pink Pills. After taking them for a while the pain in her head became less severe, and of course this was a great relief to her. Under the continued use of the Pills she felt herself growing better and stronger each day until she was no longer a sufferer and was completely cured, and has felt no symptoms of the trouble since.

You can get Dr. Williams' Pink Pills from any medicine dealer, or by mail, post paid, at 50 cents a box or six boxes for \$2.50, from The Dr. Williams' Medicine Co., Brockville, Ont.

SUMMARY OF NEWS.

Provincial Constable Thomas Delany was arrested at Niagara Falls on Saturday in connection with the theft of \$3,000 worth of diamonds in Toronto in December. The gems were recovered at Fort Erie by Toronto detectives.

A deceased lady was in her 35th year, and was at one time a teacher in the public school here. The remains were brought to town on Sunday morning, and the funeral took place on Monday afternoon from the residence of Mr. Scott to the 8th line cemetery vault.

The death occurred on Wednesday of last week of Mrs. Jessie McPhail, at the age of 93 years. The deceased was a daughter of the late John Fumerton of Ramsay, and was married to Mr. Lachlan McPhail a good many years ago. In religion she was a Presbyterian and for many years she attended the church on the eighth line. The late Mrs. McPhail was one of the oldest residents of Almonte.

ACTIVE AROUND ZEEBRUGGE

German Scout Vessels in North Sea Sank British Mine Sweeper.

AMSTERDAM, Feb. 14.—The Telegram says the German scout vessels in the North Sea are believed to have gone out of Zeebrugge, as it is known that some vessels which formerly were not at that port have been lying there under steam.

The British mine sweepers gave a good account of themselves when they were attacked, and inflicted damage on three of the enemy.

In the battle that followed the German attacks one of the British ships was separated from its companions, and has not been accounted for. It is understood that this vessel is the one which Berlin identifies as the "cruiser Arabia," stating that it was sunk by a torpedo.

The naval expert of the Daily Chronicle thinks that "the answer is to be found in the fact that the British warship Arabia is an unusual type of vessel, which might easily be mistaken for something else. She is an oil-driven vessel. A number of ships of this class began to appear on the high seas in recent years."

In addition to the British ship Arabia, another British vessel was sunk by a German torpedo boat in the North Sea, according to an official Admiralty report given out in Berlin Saturday night. The report, which is forwarded for publication by the Overseas News Agency, follows: "The Admiralty reports, relative to the sinking of the British cruiser Arabia, that a second English ship was sunk, which was hit by a torpedo. A German torpedo boat rescued the commander of the Arabia, also the surgeon, one officer, one non-commissioned officer and twenty-seven men. During the return, however, the surgeon and three men died because of long exposure in the sea."

THREATS TO ROUMANIA.

German Ambassador to Bucharest Opens Editorial Campaign.

LONDON, Feb. 14.—A despatch to The Daily Mail from Ungheni, on the Rumanian frontier, says: Baron von Dem Bussche-Haddenhausen, the German Minister at Bucharest, who was entrusted with a special mission to Rumania by the German Government, has returned from Berlin, where he was received in audience by the Kaiser and has opened his campaign in his newspaper, Rumanie, by threatening Rumania.

"The Germanic powers," he says in his paper, "know how to strike swiftly and energetically."

He asks on which side Rumania is going to range herself, and declared that Germany wishes to know immediately.

The Times Bucharest correspondent, in a series of delayed despatches dated from Jan. 26 to Feb. 1, tells of purchases of wheat by the belligerent powers in Rumania. It appears from these despatches that Germany in a formal note to Rumania demanded the same rights for the purchase of cereals as accorded Great Britain, and proposed to purchase at the same price charged the British all the remaining stocks of Rumanian wheat and 10,000 wagon-loads of maize.

Rumania conceded equality of privileges, and, according to the newspapers, the Germans purchased by secret contract 400,000 tons of wheat for the purpose of preventing the realization of its sale to the British Government.

The Rumanian Government, the despatches add, will forbid the export of this wheat.

JUST A GREAT WAREHOUSE.

Holland is Overrun With German Merchants, Agents, and Spies.

LONDON, Feb. 14.—The Daily Mail recently sent an investigator to Holland, as it had previously sent one to Scandinavia, to ascertain the effect of the British blockade.

This investigator contributes a three column article to The Daily Mail this morning, the gist of which is that the correspondent, after patient and careful enquiry, has come to the conclusion that "Holland is being used by the Germans as a warehouse from which goods are taken daily to the German factories, cities, and troops."

He asserts that the Netherlands Overseas Trust, established under a pledge to control the imports so that Holland would import only for her own needs, has been a failure.

"The Dutch cities," he says, "are swarming with German merchants, agents, and spies, trading freely. Dutch commerce is inextricably entangled with German interests and German capital."

The correspondent supports his contentions by statistics and other evidence.

EXPLOSION IN FORT.

Russian Bombardment of Erzerum Has Marked Effect.

PETROGRAD, Feb. 14.—The advance of the Russian forces in the Caucasus continues. Yesterday's official report states that in actions near Erzerum the Czar's troops, advancing through deep snow and with the temperature sometimes 25 degrees below zero, Fahrenheit, have forced almost inaccessible passes and continued to make progress. They took some dozens of officers and over 700 Turkish regulars prisoner and captured seven guns and in addition machine guns, ammunition wagons, and an ammunition store and many cattle.

A violent explosion was observed in one of the Erzerum forts after the Russian bombardment. The Turks were dislodged from a position near Khynyskala, 65 miles southeast of Erzerum, and the Russians occupied the town of Khopy after an engagement.

In Persia, in the region of Hamadan, the Russians occupied the town of Duletabad.

Generally speaking, a man of age has slept 6,000 days, worked 6,500 days, walked 800 days, amused himself 4,000 days, eaten 1,500 days, and has been sick 500 days. He has eaten 17,000 pounds of bread, 16,000 pounds of meat, 4,600 pounds of vegetables, eggs and fish, and drunk, in all, 7,000 gallons of liquid.—Ex. This is one instance of where the instalment system is a success.
