Mothers!

An Appeal For Your Children

Look back at your childhood days. Remember the physic that mother insisted on—Castor oil, salts or cathartics. How you hated them. How you fought them. How you dreaded their after-effects. That was all wrong, but then nobody knew better.

With our children it's different. The day of harsh physics is over. We don't force the bowels now; we coax them. We have no dreaded after-effects. And the dose is a candy tablet.

Mothers who cling to the old form of physic simply don't know what they do. The children's revolt is well-founded. Their tender bowels are harmed by them. The modern way is to give a gentle laxative more frequently. To keep the bowels always active. The best method is Cascarets.

Cascarets are candy tablets. Children love their pleasant taste. They cost only 10 cents a box, with full directions for children's dosage at all ages. Babies too! Give Cascarets, then don't worry—they never disappoint.

Save and Succeed

Success and Thrift are synonymous—the first is dependent upon the last. For no matter how great your income may be until you have learned to save a definite part of it, regularly and systematically, you cannot be truly successful. Save something, no matter how small the sum, each pay day, and deposit it in our Savings Department.

Not Accepting Wheat.

The effect of the government's decision not to purchase more flour, as announced some time ago, is seen locally where the mills are not purchasing any wheat at present. The elimination of the government order has had a general effect all over the country, in placing flour mills which had been manufacturing flour for the government back to a pre-war basis, as far as the market for shipments is concerned. The price of wheat of course is still \$2.10 and \$2.15 being fixed by the government.

Pleased customers is the best advertising that a store can have. Our customers tell their friends where to buy their cigars and tobacco, their newspapers and magazines and their sporting goods. "Why, at Mac's, of course."

There is a rapidly growing sentiment in favor of some form based on the results in Dayton, Ohio, Lethbridge, Alta, and other places where changes have been made.

Hydro Power Suit Opened at Toronto

TORONTO POWER COMPANY'S BILL TO HYDRO INVOLVED. TORONTO, Jan. 28.—Justice Middleton will begin hearing tomorrow the dispute between the Ontario Power Company, the Hydro Commission subsidiary, and the Toronto Power Company, over charges for power made by the latter and contested by the publicly-owned enterprises. The action will, it is expected, dispose of issues raised by eight separate appeals for injunctions and settle the future ownership of between \$125,000 and \$150,000 in dispute and now in the possession of the court.

The Dispute. About a year ago, when the contract between the two companies expired, the Toronto Power Company was ordered by the power controller, Sir Henry Drayton, to continue supplying to the Ontario Power Company in order to provide for the needs of munition plants served by the hydro. This was done and, according to hydro officials, the bills sent in were similar to those presented under the contract. About eight months ago, however, the Toronto Power Company sent in a bill calling for a much larger amount. Payment was refused and the Toronto Power Company threatened to discontinue the power.

An injunction was secured, the amount admitted by the Hydro, together with the contested amount being paid into court. Each month since the same maneuver has been gone through with, until at present the Ontario Power Company has over \$300,000 in court, somewhat less than one-half of which is disputed.

Large Number of Hockey Fans Leave for Toronto The special C.P.R. car left this afternoon for Toronto carrying about one hundred local hockey fans. Ninety seven seats were booked by phone at one-third and this does not include a number who left on the G.T.R. train, this morning and this afternoon.

The fans left with full confidence despite the Toronto opinion and were all looking forward to "some tune."
