

The girl who wanted more color

The secret she learned is one you, too, can use to give your cheeks the lovely glow—the radiant complexion you have longed for

THE girl to whom a pale, colorless complexion is really becoming is one in a thousand. The rest of us *must have* at least a touch of color—and if we are to possess *all* the charm

Oily skin—shiny nose!
If this is your bugbear, make this Woodbury treatment a daily habit.

of that radiant, velvety skin—one you love to touch—we must have the kind of color that "comes and goes."

What is keeping most of us from having this charm?

It is a dull, sluggish skin that is keeping so many from having this charm. And just as long as you allow your

skin to remain lifeless and inactive, this charm will be denied you.

To change this condition, your skin must be freed every day of the tiny dead particles, so that the new skin will form as it should. Then, the pores must be cleansed, the blood brought to the surface and the small, muscular fibers stimulated.

You can do this by using regularly the following Woodbury treatment. It will keep the new skin, which is forming every day, so healthy and active

that it cannot help taking on the radiant touch of color you want your complexion to have.

Begin tonight to get its benefits for your skin

Use this treatment once a day—preferably just before retiring. Lather your wash cloth well with warm water and Woodbury's Facial Soap. Apply it to your face and distribute the lather thoroughly. Now, with the tips of your fingers work the cleansing, antiseptic lather into your skin, always with an upward and outward motion. Rinse with warm water, then with cold—the colder the better. Then finish by rubbing your face for a few minutes with a *piece of ice* wrapped in a soft cloth. Always be particular to dry the skin well.

If your skin happens to be very thin and rather sensitive, substitute a dash of ice water for the application of the ice itself.

The first time you use this treatment you will begin to realize the change it is going to make in your skin. You will feel the difference at once.

Use the treatment persistently and before long

your skin should show a marked improvement—a promise of that greater clearness and freshness as well as the lovelier color which the daily use of this Woodbury treatment will bring.
