ADMINISTRATION BUILDING
PROPOSED CLAUSE RE SUB-CONTRACTS

Each tenderer shall submit with his tender a complete list of all the sub-contractors to whom, if awarded the General Contract, he proposes to sub-let any portion or portions of the work, including the following information:

- (a) The name of each proposed sub-contractor.
- (b) The amount of the tender submitted to the tenderer by each proposed sub-contractor.
- (c) A description of the work included in each of the said proposed sub-contracts.

Tenders not including in the opinion of the Engineer the complete information asked for above may be rejected.

Each tenderer shall also supply, when requested by the Engineer, additional information giving the full details and "breakdown" of his tender, including sub-tenders used, and all other items to make up the full amount of tender, in such form and detail and with such descriptive information as will fully satisfy the Engineer.

Article 17, Clause (b) of General Conditions is hereby amended by striking out the last 23 words from "At least" to "Engineer" and substituting therefor:-

"The said names shall be approved of by the Engineer before Contract is awarded, and shall not thereafter be changed or added to except with the Commission's consent."

The above amendment shall not supersede any other part of Article 17, or of any other article in General Conditions.
