

I56255

March 30, 1908.

Sir,-

Referring to the minutes of Council of the Six Nations Band of the 4th instant to the effect that all owners of properties shall keep open the ditches which pass through their said properties at their own cost may in some cases prove to be an injustice. It is thought that each case should be considered on its merits.

Your obedient servant

*Tom L. ...*  
Secretary.
