

Sarnia Fence at Old Price

Direct From Factory to Farm

Highest Quality

Lowest Prices

THESE PRICES ARE GOOD ONLY UNTIL OCTOBER 5th

The Sarnia Fence Company brought the price of fence down by their method of selling direct to the farmer, and is the last to advance the price.

Buy now, as we can only accept orders at these prices until above date.

Following our established method, we are giving you due notice before an advance in price.

If you do not want to use the fence at the present time, send order and remittance and we will ship at your convenience up until April 1st, 1917.

By purchasing now you will be sure of your fence, which you may not be next spring, as there are indications of a steel famine, and you may not be able to get fence at any price at that time, on account of the enormous demand for steel for war supplies.

WE SET THE PRICE, OTHERS DE-
VOTE THEIR ENERGY TO TRY TO
MEET OUR PRICES.

QUALITY

Sarnia Fence is the best known fence in the Dominion of Canada to-day, which is due largely to the fact that it has lived up to every claim we have made for it. From the first we have used a most rigid system of inspection, that insures our customers of getting the most perfect fence possible.

We buy our wire on the open markets of the world, and our business is of such a tremendous volume that we are in a position to demand the best. Our wire is galvanized to the highest possible standard, and is all full Government gauge, No. 9 wire.

NOTICE!

These prices are freight prepaid to any station in Old Ontario on shipments in lots of 200 pounds or over.
