

# Maxwell \$850

## Points to Consider

**Y**OU, like many other people in your community, will soon be driving your first automobile or a new one to replace the old one. While every buyer must analyze for himself the features embodied in various cars, we simply want to present briefly a few Maxwell facts that may aid you in reaching a wise decision.

### Comfort

The Maxwell is a comfortable riding car. There is plenty of room for five people; the cushions are soft and deep; the springs are long and flexible and they are made of the best spring steel, scientifically heat-treated, accurately suspended and balanced. You will always be comfortable in a Maxwell.

### Appearance

The Maxwell is a trim, smart, good-looking car. While it is, of course, smaller than the heavy high-priced cars, its finish, its lines, its body, its general design is almost identical with cars costing two to three times as much.

### Service

The Maxwell car, being a product of thirteen years evolution, is so designed and manufactured that it gives unflinching, consistent and satisfying service to thousands of owners. Maxwell cars are made of the best materials that money and brains can buy—and they are made right. Moreover, they are equipped with every device

for comfort and convenience. They are complete in every respect.

### Low First-Cost

You can get everything in a Maxwell that you can get in any car and you get it for less money. The reason for this is that the Maxwell is a light car and it is built in enormous quantities. The Maxwell Motor Co. is one of the three largest producers of high grade motor cars in the world.

### Low After-Cost

The Maxwell will give you more miles per dollar than any car built. We say this without hesitation or doubt. It is our honest belief and we are willing to prove it by various Maxwell World Records, by Maxwell owners, by comparison with any other car or by any other way you suggest or prefer.

If this statement of facts induces you to visit our dealer and arrange for a demonstration, we will be confident of the outcome. The Maxwell will please you. We know it will.

5-Passenger Touring Car \$850      2-Passenger Roadster, \$830

## Kline Fanning Mill

Messrs. The Kline Mfg. Co., Beeton, Ont.  
Gents: Some time ago I picked up an old Kline Mill at an Auction Sale. It had been discarded for a time and replaced by a Chatham. I spent a little time on it and got it into working order, and it turned out to be one of the finest mills I ever handled. I have used nearly everything on the map in the way of Fanning Mills. The country is flooded with that useless mill that was peddled from waggons and sold for whatever a man would offer—dear at any price.
