## THE REASON WHY

**BECAUSE**—It is superior in strength, and will stand the strongest test put to binder twines.

**BECAUSE**—It averages 550 and 650 feet to the pound, according to grade.

**BECAUSE**—Every ball carries our trade mark, a guarantee of its excellence.

**BECAUSE**—Every foot is thoroughly inspected and tested. It carries an evenness throughout which makes it stronger and also work easily on the machine without knotting or breaking.

**BECAUSE**—Should the twine you buy from us be unsatisfactory for any reason, return it to us at our expense, and we will promptly return your money.

**ORDER EARLY.** Send in your order promptly, to-day if possible. If you do not want us to ship the twine at once, say so in your order; state when you will want it, and we will ship it so it will reach you on the day specified—but in all events we would suggest that you order before July 1st. Thus you will have your order in and be sure to have the twine on hand, ready for harvest, exactly on the day that you want it.
