

An Inexpensive Durable Roof

—a roof that is easy to lay, that looks well, that is suitable for any class of building, is fireproof and is guaranteed.

SAMSON ROOFING

fills every one of these requirements. The felt body of Samson Roofing is thoroughly saturated with the waterproofing compound. It is upon this thoroughness of saturation that the life of a roofing depends. Its surface is hard and absolutely unaffected by any weather conditions, and cannot be ignited by sparks or burning brands. The cost of Samson Roofing is much less than shingles, slate, tin, etc., and very little labor is required to lay it.

With your order for roofing we supply complete directions for applying, and a supply of nails, and lap-cement for cementing the joints.

We have prepared an interesting booklet "The Building and Roofing of Farm Buildings" which should be in the hands of everyone who thinks of building. It is yours for the asking.

Ask your dealer for Samson Brand.
