Miss Schurter.

An Illinois man was run over and badly hurt by a car driven by his divorced wife. He divorced her for being bad tempered and unruly, and it looks as though she were still able to run over him.

The whole community was much shocked the other day on learning that Mr. Noah Strome, of the 4th con. of Culbass, was dead, having evidently come to his death by his own hand. His lifeless body was found suspended by a wire from a projecting root of a big "turnup" in the swamp on his farm. As was generally known, Mr. Strome's mind was somewhat unhinged for more than a year, a strict watch being necessary to prevent him from doing away with himself. He fared well throughout the spring and summer, but the malady appears to have returned.

Experiments show that strychnine in corn will kill crows, but will not harm chickens. The department of agriculture in Pennsylvania has made this discovery. Crows had bothered the farmers so much that it was recommended that strychnine in corn should be used. The protest was made that it would kill chickens, but experiments on a pen of brown Leghorns proved that it would not. The scientists at the college are at a loss to explain the peculiar results. One of the chief considerations would be what would happen to the people who ate the chickens?

Teeswater is to become the site of a new \$35,000 plant of the Toronto Lime & Plaster Co. Options on one hundred or more acres of land have been secured.

The four-year-old South Carolina boy who has smoked four cigars a day since being cured of infantile paralysis seems to have got rid of a lot of other infantile things at the same time.

Wiarnton Business Man in Trouble.

W. J. Holmes, a butter and egg dealer of Wiarnton, has been sent up to Walkerton to be tried at the fall assizes there on the charge of forging the name of the Wiarnton station agent on two bills of lading. He is alleged to have pretended to have shipped produce to a Toronto wholesale firm and to have signed the station agent's name to the bill of lading, which, according to the story, he sent to the Toronto firm and drew on them for the produce which they paid. Not receiving the goods, the Toronto firm made a claim on the railway company with the result that an investigation was instituted and a charge of forgery against Holmes laid. The defendant was sent up by a Wiarnton court for trial at Walkerton and is now out on trial.

Operated On.

Mr. Jos. Clancy, cattle dealer of Cargill, was operated on at the Walkerton Hospital on Monday morning by Dr. Sinclair of Walkerton and Dr. Bricker of Cargill for an abscess on the abdominal wall. Mr. Clancy felt the first attack of the trouble while in Toronto on Saturday last, and made a hurried trip to his home in Cargill, where his case was diagnosed and an operation advised. He is now well advanced towards recovery and expects to be around again shortly.

Stole a Horse and Rig.

While preparing for church on Sunday morning last Chief Ferguson was turned aside from the devotional path and put on the trail of an earthly sin by a phone message from the vicinity of Teeswater stating that Walter Howe, a farmer of that section, had been the victim of a bold robbery committed after midnight on Saturday last, when thieves entered his barn and decamped with his horse, buggy and harness. A neighboring farmer on arising Sunday found that his place had also been visited during the night and that his buggy had been wheeled out of the barn, but owing to the inability of the thieves to catch his horse, which was in the field, he missed being a victim of the raid. Suspicion points to two Indians, who set out in that direction from Teeswater about midnight Saturday, with a flask of whiskey in their pocket to hoof it over the country.—Times

New Inspector for Bruce.

Mr. Jos. M. White, who as License Inspector for South Bruce made a great hit on the job and gave proof of being one of the liveliest wires in the employ of the License Department in Ontario, has been singled out for a much wider scope of usefulness by being appointed License Inspector for the entire County of Bruce. The new job, besides carrying with it a vaster range of territory and powers, is also enhanced with about triple his former pay, he being one of the County Inspectors who will draw the maximum salary of \$1800 per annum, together with all necessary costs incurred in the performance of his duties. The appointment of Inspectors for entire counties will greatly curtail the number of Inspectors in the Province, Dr. Bradley of Centre Bruce and Mr. Reany, Inspector for the North, being the officials that will drop out in Bruce. Mr. White started on his trip Monday delivering the 41 Standard Hotel Licenses which have been issued for this County.

New Recruiting Plan.

The government has devised a new scheme for raising recruits in Canada. The new scheme is not compulsion or conscription in any degree; neither is it national registration. The plan is briefly, that a new system of recruiting is to be adopted with recruiting directors in charge of various districts, and these directors will not be so busily engaged in persuading persons to enlist as they will be finding out the reasons why eligibles have not already enlisted. Badges will be furnished those physically unfit and those whose occupations are more important to the nation's welfare than would their presence in khaki. The new scheme will no doubt result in the gathering of recruits to the colors, but is it one which will get the men from the districts such as Quebec, which have not been meeting their obligations? Rather, the men who have been appointed organizers for the various districts, will be more than likely to endeavor to obtain the men in such districts as have already been very liberal in furnishing men and money.

First Case in Province

The first case of its kind under the Succession Duty Act to be ventilated in the Province was aired before Judge Klein here on Wednesday morning last, when an investigation ordered by the Ontario Government into the estate of the late Thos. Gormley, who died in Elderslie Tp. on Sept. 16th 1915, was staged in the County Court, with Mr. O. E. Klein of Walkerton acting for the Legislature and Mr. C. J. Mickle of Chesley appearing for the defence. Gormley, who was an old bachelor and rancher from California, came to Canada some ten or twelve years ago, to reside with relatives. He was worth \$27,000, and before his death gave away about \$21,000 of his fortune to his nephews and nieces. The Government claims that the amount which he thus distributed in his life-time should form part of his estate on which a Succession Duty tax of 5 per cent would be collectable. If the Government's contention were upheld, some \$1300 would flow into the Provincial coffers from this source. After hearing part of the case on Wednesday the Judge, at the request of one of the interested parties, enlarged the hearing until Oct. 13th to permit of an important witness being present.—Times

Gored By Bull.
Mr. Peter Fischer, aged 24 years, son of Mr. Valentine Fischer of the Neustadt Road, had a very narrow escape from death last Friday afternoon. He was leading the bull into the stable after watering it when it took a vicious streak. It knocked him down in the stall and gored him considerably about the hip and legs, when he was fortunate enough to crawl away out of reach. He reached the yard in safety and called for help. Dr. Stalker was called who found upon examination that the young man was not seriously injured. Had the bull struck him in the stomach at the outset and knocked the wind out of him, no doubt he would never have got out of the stable alive.
