Upon being brought before a magistrate, Smith—whose front name is John, and whose the original John Smith would doubtless disclaim as a relative—was found guilty and sent down to Stratford for trial. The other youth was discharged.
OUI.—Miss Helena Bradley, daughter of Mr. Wm. Bradley, of this town, died at her father's residence on Friday last, after a prolonged illness, her ailments being consumption. PROPOSED FOUNDRY.—We understand that a gentleman from Bradford, who was in town last week, is about entering into partnership with Messrs. J. & B. Clinch with the intention of starting a foundry for the manufacture of stoves. This town should be a desirable location for such an industry, and as the stove manufacturers in western Ontario are at present unable to supply the demand, there is very good prospect that the foundry, if established, would prove a paying investment.
ANNIVERSARY SERVICES AND SOIREE.—The thirteenth anniversary services will be held in the Wesleyan Church, 13th Street, at which Rev. P. Wright, of Stratford, will be present and preach special sermons. Special collections will be taken on morning and evening. A number of accounts were passed, and a committee was appointed to make arrangements for the public entertainment to be held in the Osborne Hall on Thursday evening, 22nd inst., at which it is expected Prof. McLellan, High School Inspector, will be present and deliver a lecture. Short addresses will also be given by a number of our representative citizens. Music will be provided under the leadership of Mr. P. Sarvis. The Board also propose distributing prizes to the pupils of the school previous to the Christmas holidays.
Dr. Burns' Lecture.—The Ladies' Association in the Canada Methodist Church on Friday evening enjoyed a more than ordinary treat in listening to Dr. Burns' lecture on "Faith and Free Thought." The lecture was profound and original in thought, yet lucid in expression and attractive in delivery. A general impression is entertained that it is seldom a lecture of equal merit has been given in our town. A vote of thanks to the Rev. lecturer was moved by D. H. Hay, Esq., M. P., and seconded by the wish that the lecture might be printed and published. It was seconded by Mr. Rothwell in the usual excellent taste which characterizes Mr. Rothwell's speeches. Dr. Burns' return to Listowel will be regarded as a pleasing event, and he will certainly be greeted with an appreciative audience if he favors us with another lecture.—Cos.
