President of Alliance Not Consulted--'Phone Receiver Blocks Explanation

There is considerable confusion and misunderstanding in connection with the meeting of the general committee paign which has been called for this afternoon in St. Andrew's Church at 2.30 o'clock. The meeting was to be held yesterday, but the date was changed somehow. Mr. Martin being down for a speech, let out in pungent, biting sentences against the Canadian government's naval policy. He ridiculed what he called the "tinpot navy," which could be no possible help to England in time of peril, and would only make Canada laughing stock for the world and serve to fill the pockets of certain Canadians with ill-gotten gains at the public expense.
