class mattresses and clothing.

The hotel is owned by the War Eagle Hotel company, a corporation subsidiary to the War Eagle Consolidated Mining & Development company. The hotel company has a capital of \$25,000, and was formed recently for the purpose of erecting and operating the inn.

There is no sort of compulsion requiring the employes of the mine to board at the hotel, but so satisfactory is the accommodation offered that nearly every unmarried man on the payroll stops regularly there. The rate is \$7 per week for board and lodging. Already about 180 men are the guests of the new hotel, and the number is constantly increasing. J. B. Hastings, the manager of the Paine's War Eagle company, through whose efforts the new hotel was built, is the manager of the War Eagle Hotel company. C. V. Jenkins is the accountant, and William Sherman, steward.

APPLIED FOR A CHARTER. The Trail & Salmon River Railway

Elects Officers. The Trail & Salmon River Railway company, which has applied for a charter to build a line from Trail down the Columbia to the Pend d'Oreille, held a meeting a day or so ago in Nelson, when officers were chosen. The gentlemen elected were:

President, Frank Fletcher; vice-president, S.A. Gilker; secretary-treasurer, W. A. Galliher; solicitors, Galliher & Wilson; chief engineer, Frank Moberly; bankers, Bank of Montreal.

The following gentlemen, together with the officers of the company, will constitute the board of directors: J. A. Corvell, Midway; Ernest Kennedy, J. L. Parker, J. B. Dabney, Rossland;

C. W. Baske, Kokanee Creek. It is the intention of the company to apply at the next session of the legislature of British Columbia for an act of incorporation and a charter to construct a railway from a point at or near the town of Trail to the town of Sayward on the Columbia river, thence to Salmo and from that point following the Sald'Oreille river by the most direct and day's rest since I returned from my long among the foreigners who number about feasible route. A STRONG COMPANY.

E.C. Erbsloh, the managing director of several strong English investment and It Is a Commodious and Elegant mining companies, is in the city. Mr. Erbsloh will remain in the district about 30 days more before returning to London. Mr. Erbsloh's companies are the London & British Columbia Alliance syn-

dicate, and the Charter Oak company. It is probable that in the near future these corporations will be consolidated into one company, which is known as the Canadian United Goldfields, limited, which will be on a very strong financial basis. The company is acquiring large interests in the Kooteneys and is prepared to invest several million dollars.

The Home Team Played Well in the First Half, but Fell Down in the Latter Part of the Contest-Personnel of the Teams and Others Points.

A representative audience of between 300 and 400 assembled at the baseball grounds Saturday afternoon to witness the contest of science, strength and skill as displayed in Rugby football between the Rossland and the Nelson teams. The latter won by a score of 13 to eight. The day was an ideal one for such sport. There was no wind and the weather was just cool enough to be exweather was just cool enough to be exhilerating and to bring out the better qualities of the players. The game was a surprise to many, for the home team put up a much better game than was anticipated, when its lack of practice is taken into consideration. One question was settled beyond the peradventure of a doubt, and that is, that Rossland possesses the best of material for a good football team. All that the players lack is practice and working together to beat any other team in this section.

The ball was kicked off at 10 minutes to 3 o'clock and from the first Rossland had the best of it. At the end of the first half the score was Rossland 8 to Nelson 0, and things looked easy for is in the city from Spokane. He is for reaching Cairo, but they would be been over 60. As the judge remaking a tour of the lines for the purthe capacity of a guest or as a scientific marked. "instead of being a bad sign for Rossland was compelled to retire early in the game. From this time on Rossland played one man short. Nelson seemed to get the best of it, doing some splendid passing and scoring a try and two goals which netted them 13 points and won them the game. Nelson showed better team play than

Rossland, which is not to be wondered at as they have had more practice and the members have played together for some time. Rossland, on the other hand, has had no practice and many of the members never played on the team before yesterday. Both teams contain some good individual players. For Rossland Tait, Becher, Cowper-Coles and Ridout put up a good game, and Haines,
