In a single day it is estimated that the value of Norwegian shipping stocks declined one hundred million kroners, or about \$33,000,000. These losses were chiefly on securities of small companies, operating one or two ships, whose stocks have been selling as high as 400 because of stiff freight rates. Many stocks of this character have dropped in value fifty percent.

JOKE ON THE TURKS.

One of the humors of the world

tragedy is the German appropriation of the Turkish cruiser Hamidieh indemnify it for the loss of the Brelau, lost while fighting under the Turkish flag in the Dardanelles.

Turkey is no more responsible to German losses in this war, whether in Turkish waters or out of them than Germany is responsible for Turkish losses. Indemnities are unally collected from prostrate en mies; Germany collects an indemnit from an ally—under its heel.

But the real humor of the departure of the Hamidieh under the German flag for the ostensibly Russial but actually German, port of Sebatopool is that it is a brazen admission by Germany that it has been lyin ever since nearly four years ago the Breslau and the Goeben sought fuge from the Allied war fleet in sold

cause Turkey had not declared we the British war vessels refraint from following the German vessel into the Dardanelles. Because The key was still a neutral she had a right to allow the Breslau and the Goeben to use her waters as a play of safety. The Allies made the dimand that the German steamers is expelled or interned.

Both Turkey and Germany methis by saying that the vessels were a part of the Turkish navy; that the had been purchased. The crews had to put fezzes on their heads in order to give local color to the pretangent that the ships had passed from German of the trurkish ownership.

These vessels, under German off cers, but flying the Turkish flag, was used to drag Turkey into the war is shelling towns on the Crimean coas. The Grand Visier protested that Turkey had not entered the war, and that the attack on Russia was a mistake, and Djemal Pasha, Minister of Marine, declared that he had give no orders, and knew of no orders for the attack on Russia. But the attack had been made under the Turkish flag, and Turkey was at one numbered with the Teutonic belifies ents.
