

A Cough

"I have made a most thorough trial of Ayer's Cherry Pectoral and am prepared to say that for all diseases of the lungs it never disappoints."
J. Early Finley, Ironton, O.

Ayer's Cherry Pectoral won't cure rheumatism; we never said it would. It won't cure dyspepsia; we never claimed it. But it will cure coughs and colds of all kinds. We first said this sixty years ago; we've been saying it ever since.

Three times as strong for an ordinary cold, just right for bronchitis, hoarseness, hard colds, etc. It most recommended for chronic cases and to keep on hand.
J. C. AYER CO., Lowell, Mass.

Children's Meals.

Children should be taught to be regular at their meals and to take nothing between meals. This rule applies to infants as well as to older children. The practice of feeding the little ones every time it cries is a most serious injury to its weak digestive organs. An infant's stomach, though it needs food at more frequent intervals—two to four hours, according to its age—requires the same regularity which is essential to the maintenance of healthy digestion in older persons. The irregularity usually practiced is undoubtedly one of the greatest causes of the fearful mortality of infants from disorders of the digestive organs, as appears in our mortuary reports.

BABY'S FIRST TOOTH.

A Family Event that Does Not Always Bring Unmixed Joy.

Baby's first tooth does not come unannounced. Inflamed gums and impaired digestion produce a feverish and fretful condition about which the mother feels concern. The baby boy of Mrs. George McGregor, of Hamilton, Ont., was troubled with diarrhoea while teething and was cross and restless. He did not sleep well and matters became serious. The mother writes as follows: "My sister had used Baby's Own Tablets for her baby and advised me to try them. I got a box and after giving the Tablets to the baby a few times he began to improve and was soon well. He is now a big, healthy baby and whenever I give him a Tablet he is soon alright again."

Baby's Own Tablets replace with great advantage castor oil and other nauseous, griping drugs. They sweeten the stomach, quiet the nerves and promote healthful sleep. They are guaranteed to contain no opiate and to be absolutely harmless. If your druggist does not keep them you can obtain a full sized box by mail, post paid, by sending 25 cents to the Dr. Williams' Medicine Co., Brockville, Ont., or Schenectady, N. Y.

Pepper.

The value of pepper was known of old. We read that when Rome had to be ransomed from the barbarian conqueror in the year 400 Alaric demanded 3,000 pounds of pepper among the payments and that Hippocrates used it in medicine, applying it to the skin.

Jehabel, the queen of Ahab, according to one of the rabbis, had "black pepper" in her "hell."

McCABE—MILLET

A very pretty event took place on Wednesday afternoon, Sept. 24th, in the Methodist Church, Pembroke, which was handsomely decorated for the occasion, when Miss Gertrude E. Millett, youngest daughter of Mr. C. Millett, was united in marriage to Mr. Charles E. McCabe of Lower Economy, Col. Co.

The bride, who looked charming in a handsome dress of dark brown cloth, with felt hat to match, and carrying a bouquet of white asters, entered the church leaning on her father's arm, and took her place beside the groom.

She was attended by Miss Ethel Foley and Miss Jamie Skaling, who were attired in blue and carried bouquets of crimson asters. The groom was supported by Mr. Lenley Millett, brother of the bride, and Mr. Theodore Armstrong.

The ushers were Miss Diamond Foley and Miss Dora Wlotox.

After the ceremony which was performed by the Rev. C. Tyler, the bridal party accompanied by the guests, repaired to the home of the bride's parents, where a dainty repast was served, after which the happy couple, followed by showers of rice and the best wishes of many friends and accompanied part of the way by the bridesmaid and groomsmen, left for Noel en-route for Truro and other points in Col. Co.

The bride received many handsome and useful presents; among them being a beautiful silver cake basket from the groom. He also presented the bridesmaids with gold pins set with brilliants.

This being the first marriage that has been solemnized in the church, the bride will be presented with a Bible and Hymn-Books.

HEALTH AND HOPE

He who has health and hope; and he who has hope has everything. But hope flees at the approach of kidney disease with the dreadful pains which accompany it. With the flesh gradually failing, the back aching, and the despair which often comes to victims of this ailment, only the use of Dr. Chase's Kidney-Liver Pills will restore hope, confidence and health. One pill a dose, 25 cents a box.

COURTING DANGER

It is courting danger to stand under icy covers. Not a few have learned this to their cost. Every winter, injury and even death are reported as the result of this carelessness. But there is a far more popular way of courting danger. Every man or woman who neglects a cough is inviting sickness, and many a fatal sickness has its beginning in a slight cough.

The timely use of Dr. Pierce's Golden Medical Discovery will cure the cough. Even when the cough is obstinate and there is hemorrhage with emaciation and weakness, "Golden Medical Discovery" always helps and almost always cures.

"I was troubled with a bad cold, which settled on my lungs and led me with a miserable cough," writes Mr. Joseph D. Burns, of 318 West 11th Street, Chicago, Ill., "but after using your 'Golden Medical Discovery' I am well and my cough has disappeared entirely. I cannot recommend your medicine too highly."

Accept no substitute for "Golden Medical Discovery." There is nothing "just as good" for diseases of the stomach, blood, and lungs. Substitution means a little more profit to the dealer but a loss to you.

THE AGE OF BRAIN WORK.

In these days, half our diseases come from the neglect of the body in the overwork of the brain. In this railway age the wear and tear of labor and intellect go on without pause or self pity. We live longer than our forefathers but we suffer more. They fatigued only the muscles, we exhaust the finer strength of the nerves. Dr. Chase's Nerve Food is the greatest medicine of this age because it is best suited to the needs of the present day. It restores and revitalizes wasted nerve cells and makes the pale, weak and exhausted strong and healthy and vigorous.

When the Bowels are Constipated

It is a serious matter to neglect constipation. You may do so for a time, only to find that your health has been undermined by bodily derangements of the most fatal kind. You should have a movement of the bowels every day. To accomplish this, avoid concentrated foods, use vegetables and fruits freely, and take one of Dr. Chase's Kidney-Liver Pills before retiring, two or three times a week, or often if required.

Dr. Chase's Kidney-Liver Pills are not an ordinary cathartic. They have a specific and combined action on the kidneys, liver and bowels, and consequently cure constipation and the accompanying derangements thoroughly and well, by removing the cause.

For the information of those who are not yet familiar with the peculiar merits of Dr. Chase's Kidney-Liver Pills, we might add that they are purely vegetable in composition, pleasant and natural in action, and remarkably prompt and far-reaching in effect, even in the most serious and chronic cases of constipation, kidney and liver diseases and stomach troubles. One pill a dose, 25 cents a box.

WASTING AWAY

THE SAD CONDITION OF MANY YOUNG GIRLS

Mothers Should be very Careful When Their Daughters Complain of Headache, Fickle Appetite, Dizziness or Heart Palpitation

Many mothers neglect the health of their growing daughters. Not wilfully, of course, but because they think the occasional headaches from which they suffer, fickleness of appetite, and pale cheeks, are the natural result of the merging of girlhood into womanhood. This is a serious mistake. There is no period in a girl's life when she needs more attention, and unless the little troubles are successfully treated, more serious ones—perhaps decline and consumption—are sure to follow. What every young girl needs at this period is a tonic medicine that will give her a rich, red blood, strong nerves, and bring her safely through a critical period in her life. For this purpose there is no other medicine in the world so equal to Dr. Williams' Pink Pills. Thousands of girls throughout Canada owe their present health and happiness to this medicine, and thousands of others who are suffering would soon be strong if they would give Dr. Williams' Pink Pills a fair trial. Among the many young ladies who have proved the great worth of this medicine is Miss Jennie Beamer, of Boyle, Ont. Miss Beamer says:—"Some years ago I became very ill, and my friends feared I was going into a decline. I was pale, suffered from terrible headaches; my appetite was poor, and I grew very thin. I became so weak that I could hardly walk. I remained in this condition for several months, during which time I tried several medicines, but none helped me in the least. Then my mother got me some of Dr. Williams' Pink Pills, and almost from the outset they helped me. As I continued the use of the pills, the severe headaches left me; my appetite returned and I gained in weight. In fact, I was soon enjoying perfect health, and have since continued to do so. I attribute this entirely to the use of Dr. Williams' Pink Pills, and will be glad if some other weak and ailing girl will profit by my experience."

Pale and sallow cheeks, dizziness, headaches, palpitation of the heart, and the feeling of weakness that afflict so many young girls will soon disappear if Dr. Williams' Pink Pills are used. These pills also cure rheumatism, dyspepsia, kidney ailments, St. Vitus' dance, and the other troubles that come from poor blood and weak nerves. Sold by all dealers in medicine or sent post paid, at 50 cents a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brookville, Ont.
