

# Leading, as Usual.

Our Goods for the Fall of 1892 are already in, and we are prepared to show our customers a larger range and better values than ever before.

Our Dress Goods and Mantle Cloths are simply marvels of beauty and cheapness, and in Dress Linings and Trimmings we are 15 per cent. below market values, an advantage obtained by buying in very large quantities for spot cash.

We have given special attention, and with gratifying success, to the procuring of Men's, Ladies' and Children's underwear. Don't fail to see them; it means to you money saved.

In Boots & Shoes we are keeping our usual large stock well assorted, with a few special lines, or Stamps, added.

We are now keeping a large range of Hand-painted Window Shades (40 different designs) complete, with spring rollers; also Lace Curtains, Cur- tain Poles, Fancy Pole Ends and Fixtures, and all greatly reduced in price.

We make our Gent's furnishing department a speciality, and can give a better Suit, better Pants, better Hat, Boots, Shirt, Collar, or Tie, than can be got elsewhere for the same money. And why? because having a large trade in these lines we give special attention to the buying, dealing only with manufacturers, and getting closest cash prices.

Come and see us. Give us an opportunity to serve you, and you will realize the above statements as facts.

**CENTRAL BLOCK ATHENS H. H. ARNOLD**

**Good Value POLITE ATTENTION Fair Dealing**

The family who spend their money right will succeed. The family who spend their money wrong can not. When you want Groceries and Provisions go to the store and get our prices and see our goods. We claim to give you more value for your dollar than you can get elsewhere. The question will arise, how can this be? It only requires an explanation and you will admit that we can do all we claim. We have always had a large trade in Athens, but at the present we are closely connected with another store in Lyndhurst. This enables us to buy goods in almost car lots; in fact, for the last six months we have had car lots every month, besides nearly every day's train has goods for us. This we can prove by the freight agents. We say, and conscientiously, too, that there is no other store in Athens handling this amount of goods. Why is it?

We started business to sell goods, not to give them away. We cannot give without a little profit, but we cut that profit down to the lowest point. We prefer 5 per cent. profit on ten sales before 40 per cent. profit on one. When you want any and everything in Groceries and Provisions, go to Thompson's. Please note the following prices:

- Best granulated sugar 20 lbs. for \$1.00
- Bright yellow sugar 20 lbs. for 1.00
- Best Valencia Raisins, 5 lbs. for 25

We have prepared this week a whole line of Tea, well worth 85c., which will be sold for 25c. per pound. Don't fail to come and see for your self.

Faithfully Yours,  
**Joseph Thompson.**

## ATHENS CARRIAGE WORKS

The subscriber is now ready to offer to the public a larger stock and a greater variety of fine Carriages than ever before, and of the latest styles.

My Carriages have been before the public for over thirty years and it will be unnecessary for me to say anything as to their merits. Suffice it to say, however, that it is my purpose to keep them in the front rank, and to give the opinion of all who use them.

**My Wheels** are the best A grade. Buy no other, as there is more deception in a wheel than in any other part of a carriage.

**Axes** are all steel fan-tailed and swaged.

**Tires**—Besser steel, round edge, and protects rims of wheels.

**Painting**—Strictly pure lead and oil used, and best paints that can be purchased. Ample time given for painting. All work finished with English Varnish.

**Trimming** done with Leather, Moquette, Leather Cloth, and other materials.

**All Tops** made in my shop, and only best American rubber used.

**Bows** of second-growth key Ash.

**D. FISHER**

Fresh Oysters, daily at Wilson & Son's.

Pembroke pays tax collector a salary of \$175.

Mr. M. K. Everett, of Easton's Corners, is again engaged in the sheep buying business this fall.

Carriages built to order, repairing and painting done in first class style at moderate prices.—A. James.

The distribution of the Texas Jack stock, recently advertised in the Reporter, will take place on December 15th.

Tea Store and China Hall, Brockville.—T. W. Dewar, has removed to the Merrill Block, next door to C. M. Babcock's.

Among those who are buying lambs in this vicinity this fall are Messrs. T. Burney, C. Rowsome, and J. Cawley.

On Sabbath evening in the Methodist church Rev. John Grenfell preached an excellent sermon to young men.

Each of every kind, on human or animal, cured in 80 minutes by Woodford's Sanitary Lotion. Warranted by J. P. Lamb.

The Presbyterian congregation of Newboro and Westport are to give a concert on Nov. 27th. Mr. Binney, a graduate of Queen's.

On Tuesday, the 18th inst., Bishop Lewis confirmed about thirty in Trinity church, Lombardy, and a number in St. Peter's, Newbytown.

Two thousand three hundred and eighteen vessels have passed through the locks at Troy during the year ending Nov. 1st, 1892.

Mr. W. V. Robeson, who has been making cheese at Munster this summer, has returned to Athens and reports an excellent season's business.

Send \$1 in advance and have the Reporter sent until Jan. 1st, 1894, to your friends. It will be the most acceptable Christmas present you can make them.

The horse race lately established in Brockville has not proved a financial success and now the whole outfit is under seizure and is to be sold at mortgage sale.

At the civil service examinations held in the House of Commons earlier Ottawa last week, ninety-nine candidates were present. Thirty-five ladies candidates wrote on the qualifying subjects.

As skirt-grabbing and the display of petticoats in is vogue, why can't a fellow take a yank at his trousers to show his embroidered socks? It would save that awful fringe at the heels, too.

Moralizing on the changes and uncertainties of all things here below, the Montreal Herald says that to-day we may be in the full enjoyment of life, indulging the splendid visions of hope, and to-morrow we may be in the gutter. Alas! we never know what fate may be in store for us.

Cheese dealers in Brockville district say that cheese in this section is now cleared out better than was ever before known at this time of the year.

The Midland Fair Association, at Kingston, are considering the advisability of selling out the property and abandoning the annual Fair. The Fair of 1892 fell \$300 short of paying expenses, and there is a debt of \$10,000 on the grounds. Some of the city merchants who last summer signed various amounts in aid of the Fair, now refuse to pay, on the plea that the Fair was no benefit to them.

The Saturday Blade

Is the greatest newspaper wonder of the age. It is four years old and has a circulation of over a quarter of a million copies a week. The latest sensation and the most marvelous events are written up in the best style and fully illustrated. Subscriptions received at \$2.00 per year, \$1.00 for six months, or 50 cents for three months. Special inducements to clubs. Send for free specimen copies. Boys sent everywhere are making big money selling the Blade on the streets. Write for particulars. Address the publisher, W. D. Boyce, 118, 115 and 117 Fifth Avenue, Chicago.

When it was announced that Mrs. Shepherd is not to return to Athens and speak in the Methodist church, it is said that the trustees and a large percentage of the members petitioned the pastor to cancel the engagement, and to remove we may be in the gutter. Alas! we never know what fate may be in store for us.

Christmas will soon be here, and the shrewd housewife has already her eye open, seeking novelties and bargains in these columns always.

A conspicuous object on Main st. on Thursday last was a consignment of half a car load of tea that had been sold at 25c. per lb. Its excellent quality can be judged from the fact of Mr. Thompson having bought so extensively. The display in his store is worthy a visit.

Those who expected a "friction" in the Shepherd-Lynch controversy were disappointed. The meeting took place at Lansdowne on Monday evening of last week, and was a very orderly affair. If one is to believe the statements made by friends of the speakers it is evident that they were both badly worsted in argument. Since the world began, such a controversy never revealed otherwise than to emphasize the feeling of hostility and intolerance already existing.

A correspondent to a local paper says the medical students of Kingston have got Newboro and vicinity in a state of panic. That country is filling up rapidly with rants. Only the other day an old gentleman died and was buried. The body was exhumed. Friends recovered it and there was a funeral. But the students made another burial. It is intolerable the way things are going. Write for particulars. Address the publisher, W. D. Boyce, 118, 115 and 117 Fifth Avenue, Chicago.

Last week finished the shipping of 1,800 boxes of cheese made at the Riverside factory, Perth, by Mr. J. A. Ruddick. Government market, this country, is intolerable the way things are going. Write for particulars. Address the publisher, W. D. Boyce, 118, 115 and 117 Fifth Avenue, Chicago.

The Smith's Falls lodge of the A. O. U. W. has 150 members.

Wood for sale. Apply to George Lee at Sash & Door factory.

The ballot used in Pennsylvania at the recent presidential election was just 22 inches square.

The highest cash price paid for Dressed Hogs at Thompson's Store.—Thompson Rowson & Ransom.

The vapors that hung low over the earth on Friday morning presented a beautiful sight when lighted by the rays of the rising sun.

Messrs. Murphy and Dargavel, of Elgin, have set up the machinery for their new butter factory in a fine, new building and will make butter both summer and winter.

Farmers will not like to hear that the rate of insurance on their farms has been raised and that in future they will have to pay one and a half per cent. for three years instead of one per cent. as formerly. The companies say they have been losing money on the rates.

A Cornwall young man with a beautiful, described a lady whom he encountered in an omnibus as "excessively pretty, and the dimples at the corners of her mouth were so deep and so bright as he thought was the cover of his father's pocket book, that her lips looked like a quotation."

The Education Department calls attention to the fact that the public school drawing course is intended to be freed, although the teacher in certain instances may use the use of the ruler, but only to the extent that will enable the pupil to acquire the proper use of it. The compass should not be used. At the entrance examination neither the ruler nor the compass is permitted.

Path Expatriate: A Nimrod from Drummond was awakened from his sound repose one night last week by what he supposed the screech of an owl, and on going to the window he saw what he thought was the cover of his father's pocket book, that her lips looked like a quotation."

Several noblemen in England are in the habit of giving special orders to makers in Virginia for their supply of smoking tobacco. There is no doubt that by that means they get the very best of the crop. They cost them about \$2 a pound. The workmen of Canada are making the very same quality of tobacco at 75 cents a pound, and it is known to them by the name of "Mistle Navy."

Nathaniel C. Fowler, Jr., writes: "An advertisement in local paper has an identity and an air of respectability which it cannot have in the national publications. It strikes hard into the local heart."

The Ontario School of Pedagogy appears to be a part of the town. The reader knows the paper as his father knew it. He is acquainted with the editor and the editor's wife. He reads everything in it with a belief in everything in it is written especially for his benefit."

The last of the first series of the Demorest silver medal contests under the W. G. T. U. took place in the city of Toronto on Wednesday evening last. Mr. U. J. Flash presided. The following entered the contest: Misses Ethel Arnold, Effie Black, Misses Miriam Green, Miriam Green, Misses Balfour and Mr. F. Eaton. A glee club and Miss Jennie Davison contributed vocal selections.

The judges of the recitations awarded the medals in the following order: Misses Ethel Arnold, Effie Black, Miriam Green, Miriam Green, Misses Balfour and Mr. F. Eaton. A glee club and Miss Jennie Davison contributed vocal selections.

The success of the Harvey armor-plate in the recent trials in England have wakened Canadians to the growing importance of the vast nickel mines of Ontario. The Harvey plate is composed of nickel-steel and withstood the severest tests, demonstrating its power of withstanding penetration by the usual projectiles. As Great Britain is not likely to adopt the Harveyized plate, following the lead of the United States Government, it is not improbable that other countries will follow suit and thus create a market for nickel that will speedily develop the Ontario mines and boom the industry in a legitimate way.

Next week's Reporter will contain the first instalment of Y. Reditor's experiences with the hunting party in the New woods. The party reached home on Thursday evening last, bringing five deer. The experiences of the party were as varied and exciting as on former occasions and will be presented to readers of the Reporter in such a manner as to make interesting reading to those who love the chase. The Editor's kodak brought home a large number of pictures of the exciting events of the hunt, and as soon as finished they will be on exhibition in the office window.

The Deputy Minister of Education has issued a circular containing the results of the existing contest of the hunt, and as soon as finished they will be on exhibition in the office window.

The Montreal Herald is agitating for the abolition of the duty on coal and raises an exhaustive article on the subject with these words: "We have reason to believe that investigation would show that the people of Canada are paying something like two cents a ton in value on their American oil. Such a deliberate plundering of the farmers in the interests of a solitary industry in Lambton county, Ontario, is intolerable the way things are going. Write for particulars. Address the publisher, W. D. Boyce, 118, 115 and 117 Fifth Avenue, Chicago."

The Liberals think that they dare not move in the matter, for they imposed the tax and they fear that to oppose it might cost them the last degree. They are two parties and they are bound together in a tacit "conspiracy of silence" to fly the farmer who never has the spirit to eject either of them from the agricultural counties they arrogantly assume to be their own property. When will the farmer take a hand in this game on his own behalf? Is not a two hundred per cent tax burdensome enough?

A New York company has been sending circulars among the farmers advertising a chemical compound that they call "Black Peppin," and claiming that its use would increase the proportion of butter made from ordinary cream fully 150 per cent. Prof. H. H. Deen, of the Ontario agricultural college, bought some of the peppin and experimented with it, his results being that it found the amount of butter extracted from the cream to which the Peppin had been added to be really less than would have been obtained in the ordinary way. Prof. Deen, after detailing the result of his experiment, says: "I would advise farmers to continue making butter by the latest improved methods, hoping to make the ordinary profit, and giving work peppin and all other rich fat compounds a wide berth. It is possible that some new kind of food may be manufactured from milk. It will not be better, but something which contains more of the solids of milk than does either butter or cheese. If anything new develops we shall be glad at all times to give the public the benefit."

An Athens young man had a somewhat peculiar experience at Lake Elgin the other day. Gun in hand, he was reconnoitering for duck along the shore of the lake, when he came unexpectedly upon a large flock of geese. His eyes grew big as the birds he saw, and stooping low he made an attempt to shoot one. He aimed carefully and fired. When he opened his eyes he expected to see the lake strewn with dead geese, and at first glance he thought that he had actually done the whole flock as they were flying overhead. But fortunately he either missed his mark, or his gun was not loaded for geese, for the birds belonged to Mr. Henderson.

Death of Hiram B. Blanchard.

From the Huron Examiner of the 18th inst., we learn of the death of his home at Winthrop, Huron Co., Ont., of Hiram B. Blanchard, on Thursday, 17th Nov., at the age of 54 years. Mr. Blanchard was brother of Daniel Blanchard, of Newburg, and was the old Blanchard homestead on the bank in this county, which place is removed to Huron County about 25 years ago. His death was caused by kidney complaint, which disease he was a sufferer for several years. The Reporter, in common with the many friends of the family in this section, extends heartfelt sympathies to the bereaved relatives.

Illegal Fishing.

In last week's issue of the Reporter we stated that Isaac Slack had been caught in the act of netting by Overseer Smith; that the officer's attempt at confiscation was successfully resisted; and that Slack forestalled the officer's prosecution by causing an information to be laid against himself. These statements are in every particular correct. For the information of a gentleman who wrote to the Brockville Times respecting this matter, we state that Mr. Justus Smith is a duly accredited officer of the Ontario Government, a fact that law-breakers will do well to bear in mind.
