

WM. FOREMAN & CO. New Styles in Millinery
IMPORTERS.

Grey Gowning and Suitings.

Paris, London, New York, Chicago and Toronto put grey first as this season's most fashionable shade, in fact every city and every store of any importance on this American continent are showing Greys in goodly numbers.

The Grey Fabrics shown by this store were bought many months ago.

This Store led off at the first of February with the most handsome grey fabrics ever shown in Chatham, and this stock of Grey Fabrics has been kept up to that standard ever since.

You'll find on display in this store's window Grey Fabrics of four different textures and of different shades to those shown earlier in the season at per yard, 50c. to \$1.25.

THE CREW FROZEN

Plight of German Vessel After Surviving Japs and Russians.

London, May 7.—The German steamship Soerabaya, after taking coal to Japan during the war, entered the Russian service and tried to run arms and ammunition into Vladivostok, but was unable to pierce the Japanese blockade. The vessel then took refuge in the Amur River, and since October has not been heard of until recently, when natives discovered it ice-bound in the ice near Nikolaievsk, which is on the Amur, twenty-five miles from its mouth. The bodies of the crew, completely frozen, were found on board.

FATALITY AT HAMILTON.

Hamilton, May 7.—Charles Baker, a carpenter, about 43 years of age, was killed Saturday afternoon. He was employed at putting down a walk leading from the G. T. R. tracks to the Jockey Club. He was struck by an engine, and so badly injured that he died on the way to the hospital.

Buffalo Preserve Law.

Ottawa, May 7.—In order to preserve the Buffalo in the west, Hon. Frank Oliver will this session amend the Game Preservation Act of the unorganized territories prohibiting the killing of Buffalo before 1912. The prohibition in force would expire in 1907.

ROYAL HOUSEHOLD FLOUR

IMPROVED machinery will not, of itself, produce good flour. You may get an excellent cook, but you cannot produce light, wholesome baking unless the flour you use be the kind that permits such results. So in the milling; machinery alone cannot produce

out of the wrong kind of wheat any more than you can make the right kind of bread or pastry out of the wrong kind of flour. Ogilvie's Royal Household Flour is made from hard spring wheat—a wheat that is rich in nutriment, that grinds fine and white, and produces bread and pastry that are wholesome and nourishing as well as light and crisp—it's a flour that begins to do good in the wheat fields, not in the mills.

IDLE MINERS NOW REJOICE

Their Convention has Decided Against a Coal Strike

UNITED WORKERS AGREE

Scranton, Pa., May 7.—On the advice of President Mitchell, representing the sub-scale committee, the miners' convention Saturday unanimously voted to accept the first proposition of the operators, a continuation of the award of the anthracite coal strike commission, with the modification that the terms which it is to continue shall be mutually agreed upon. The operators' suggestion was that it should be at least, three years. The action of the convention, together with a request for a conference on Monday was telegraphed by President Mitchell to Chairman George F. Baer of the operators' committee, and an answer was received agreeing to a conference at 2 o'clock Monday afternoon, at the Jersey Central office in New York.

SPORT

THE GUN

Secretary E. W. Glover, of the Springwood Gun Club, is literally deluged with entries for the annual tournament of the club, May 17 and 18, and already the outlook is for the most successful shoot ever held in the city.

CRICKET

The prospects of the Chatham Cricket Club for the coming season are indeed most favorable. It is a matter of congratulation that it has secured a strong executive for the year 1906, with such patrons as Honorary Pres. T. A. Smith, Pres. Robert Gray, Vice-Presidents W. S. Ireland, Wm. Hall, Dr. I. L. Nicholl, Minson Campbell, and J. W. Landon, and a most successful season is looked forward to.

U. S. Battleship Stranded.

Norfolk, Va., May 7.—The battleship Rhode Island stranded early Saturday off York's Spit in Chesapeake Bay. The vessel passed in the Capes early in the morning from the Boston navy yard, and was en route to Yorktown, Va. Tugs were rushed to her assistance. There was no fog or storm on the bay, and officials are unable to account for the accident.

Farming Has Its Drawbacks.

A farmer has a hard life. Working in all weathers, feet wet, exposed to strain, he is too often mighty careless about his health.

James Abbott, a Markham farmer, neglected his kidneys until laid up with rheumatism. For seven years he could not work. He never imagined his kidneys were at the bottom of the trouble. A friend advised Bu-Ju. He took it. And began to mend at once. A few months, and he was strong as ever.

Don't let yourself run down. Use Bu-Ju. Money refunded if not satisfied.

W. W. TURNER, Druggist.

Unknown Man Killed.

Stratford, May 4.—While walking on the railway tracks near Mitchell Station, an unknown man was struck by a train and received such injuries as to cause his death in Stratford hospital. He was about 65 years of age, wore a black suit, and did not appear to be a tramp.

Man will bow in deference to woman's opinions with a feeling akin to amusement.

Idle Coal Men Rejoice.

Philadelphia, Pa., May 7.—General satisfaction was expressed throughout the anthracite coal region when it became known that the mine workers' convention had decided to accept a renewal of the strike on condition of a great majority of the men appeared anxious to return to work, though all had been hopeful of better results from the operators. The fact that President Baer and the operators' committee will meet the miners' scale committee in New York on Monday is generally regarded as an indication that the operators are satisfied with the action of the convention.

DOCKS CENTRE OF FIGHT.

Vessel Owners Will Make Supreme Effort to Break Strike.

Cleveland, May 7.—Vessel owners here state that they will put all docks in operation Monday morning with whatever union men are available and fill the places of others with non-union men.

At the Mateo's Union headquarters but a few members could be found; others, the union claim, have departed for their homes in surrounding towns, where they can better fight the long fight which they believe inevitable.

Members of the union stated Saturday that they have added to their ranks a few days many mates, members of the union, and that they themselves in the monthly men's local elevators strike on Monday.

Ex-Empress Eugenie's 80th Birthday.

Cannes, May 7.—The ex-Empress Eugenie arrived here Saturday morning on board a yacht which was flying the British flag. It was the eightieth anniversary of her birth. She was born at Granada in 1826.

Slide Fatal.

Toronto, May 7.—Thomas Anderson, 132 Oak street, died in the hospital last evening from acids received by falling from the Hartshorn and eastern avenue, Saturday.

DODD'S KIDNEY PILLS

IS BROKEN

Traders' Insurance Co. of Chicago in Receiver's Hands

LOSSES WERE TOO HEAVY

Chicago, May 7.—The first failure of a fire insurance company because of the San Francisco conflagration came Saturday. The Traders' Insurance Co. of this city, one of the largest fire insurance companies in the west, was placed in the hands of a receiver.

Byron L. Smith, president of the Northern Trust Co., was appointed receiver by Judge Josiah W. Mack of the Circuit Court on petition of several directors, controlling a majority of the company's stock.

The action was taken only when all other measures to save the company had failed. It was forced by liabilities in San Francisco amounting to \$3,748,000.

The total assets of the company as given in the petition will not exceed \$3,300,000. In addition to the San Francisco liabilities the company is indebted, according to the petition, for fire losses and upon other claims, in a total of \$11,182.

Just what the San Francisco policyholders can expect to receive is problematical. Conservative insurance men were of the belief that, taking into consideration the expenses of a receivership, the San Francisco property owners might consider themselves fortunate if they were paid 50 per cent. of their losses.

Five Quit Business.

Lansing, Mich., May 7.—Five fire insurance companies doing business in Michigan have informed Commissioner Barry that owing to losses in the San Francisco conflagration they have been compelled to re-insure their present patronage and cease operations for the present. In each case, however, the policyholders are fully protected. The companies are: New York, American of Pennsylvania; American of Boston; Mercantile Fire & Marine, and United States Fire Insurance Co. Selling their business to other companies will enable them to pay their San Francisco losses.

Insurance Rates Up.

New York, May 7.—Flooded by their losses in the San Francisco fire to strengthen their reserves a score of fire insurance companies in this city Saturday raised their rates and cut down commissions to agents and brokers. This advance in rates will amount to 25 per cent., and is applicable to all risks in what is known as the conflagration section.

\$183,000 to Pay Insurance Losses.

Southampton, May 7.—The American Line steamship St. Paul, which sailed Sunday for New York, carried \$183,000 for American banks. It is mostly for the account of agents of British insurance companies.

FOOD SUPPLY RUNS SHORT.

Grafters Get to Work to Heal Their Own Wounds.

San Francisco, May 7.—A conference to discuss the problem of hoarding food supplies was held at the Presidio Saturday. Among those in attendance were: Major-Gen. Greely, Brig-Gen. Fanning, Dr. Devine and Allan Poliak. All present agreed that rigid economy should be practiced in the future. Gen. Greely said later, in part:

"The condition of the food supply will render it possible to issue very little except flour, which will last ten days, potatoes, coffee and rice. Meat we are buying in small quantities.

"We are issuing but two-thirds of the quantity of food that was distributed prior to the time of the hoarding of stores. These letters, in almost every instance, were found to state the truth. A letter came last night, saying that Chief B. Tribble, a member of the relief committee, had not neglected to look out for himself. The detectives found at his home, so they say, a store of provisions, tents and bedding sufficient to last many months. They took away from his house supplies valued at \$75, but this did not represent all that was found at his home. Detectives also found at the home of Mrs. Lettline \$500 worth of military blankets, bedding and clothing.

Earthquake in Japan.

Tokio, May 7.—A strong four-minute earthquake was felt at 8 o'clock Saturday morning at Osaka, and Caudam to the fact that the motions were gradual. The oscillations were felt from Tokio to the Island of Formosa.

Lunatic's Long Walk.

Kingston, May 7.—An escaped patient from Rockwood Hospital was collared at Napanee. The man, whose name was Philip Irwin, left the institution at 6 o'clock on Friday morning and walked the entire distance to Napanee.

Crowd Allows Youth to Drown.

Quebec, May 7.—A young man named Tremblay was drowned about noon Saturday under the observation of a large crowd, who witnessed the accident, but were too excited to render assistance. Tremblay was 21 years old.

Jumped Into Toronto Bay.

Toronto, May 7.—William Parliament, a laborer, 60 years old, living at 4 Cameron street, attempted to commit suicide yesterday by throwing himself into the bay. He was pulled out with a pike pole when nearly exhausted.

PATERSON'S BUTTER CREAM SODAS

Mr. Geo. Sager, of the Paterson Biscuit Co., of Bradford, arrived in town to-day in connection with the special advertising campaign in Chatham papers which is attracting such widespread attention.

The Paterson Butter Cream Soda Biscuits, Mr. Sager says, are a new sensation to people accustomed to ordinary sodas. Paterson's many years of experience and study of the requirements of the Soda Biscuit trade have resulted in a product that is as near perfection as can be attained. There are very many more biscuits to be found in Paterson's than any other make, and the proportions of flour, butter and cream used in their manufacture make the biscuits "as crisp as pie crust," as they claim in their advertisements.

Mr. Sager says that he is not going to leave Chatham satisfied until he feels certain that every housewife has tried his firm's products. From the look of Mr. Sager and the extensive advertising campaign entered into we believe he will succeed.

NEW MAIL SERVICE

The new mail service over the C. W. & L. E. from the city to Wallaceburg, was inaugurated Saturday.

Henceforth a mail will be carried daily, leaving Chatham at 2:30 in the afternoon.

Practically Fireproof... Absolutely Waterproof.

Light, Warm Durable, Cheaper and Better Than Shingles is

"The Resister" Rex Flintkotz ROOFING

Resists Trouble

You or Your Farm Hands Can Lay It Well

Res. Flintkotz may be laid by any one by following the plain directions and using the (complete except hammer) which comes in every roll. The labor is simple and quick—entirely different from shingles or tin.

Res. Flintkotz is made of long fibre wool felt, saturated with an acid, alkali and water-proof material, both sides being coated with water-proof and fire-resisting compounds, protected by a covering of zinc—It is clean, fire-resisting and water, temperature, acid, alkali, salt and acid-proof.

It may be used as a roof as well as a roofing, and will give absolute protection to the stock in most extreme weather.
